OFFICERS OF REGIMENT HOSTS TO VISITOR

Officers of the Prince Edward Regiment were hosts on Tuesday night in the officers' mess, on Armistice Day, to a distinguished visitor in the person of Captain C. Wix of the Fourth Battalion Royal Sussex Regiment, England, who spent the day in a visit to the Regiment, which was last year affiliated with the Sussex Regiment. A social evening which was held was attended by officers of the Hastings Regiment in throughout the district, while several were in attendance from Madoc.

HALLOWE'EN PARTY

On Wednesday evening the members of the A. Y. P. A. of St. James' Church, Tweed, were guests of the A. Y. P. A. of St. John's Church, Madoc, at a Halloween party held in the town hall, Madoc.
The hall was tastefully decorated with the Halloween colours, orange and black, with a profusion of black and white witches to watch in dignified silence.
All came in costume and with the decorated lights, made a very pretty scene. Mr. Earl Thompson and Mrs. Grille were awarded the prize as most original costume. "Patient Nurse," Misses Connie Morrison and Dorothy Morrison were awarded the best couple prize. "Spanish Apple." Dancing was the order of the evening.
After a dainty lunch had been served by the committee in charge, Miss Jean Phillips, Jean Nicol, H. Ross, Maesra Bird and Kincaid, the caller called the members to order and asked the president of the Tweed Y.P.A., Charles Elliott, to express thanks of the Tweed members for the enjoyable evening. The singing of the National Anthem brought the evening to a close.

MADOC ODDFELLOWS AND REBEKAHS INSTALL OFFICERS

On Wednesday evening of last week, Oakdale Rebekah Lodge No. 184 and Madoc Lodge No. 179 of the Independent Order of Oddfellows installed their respective officers for the coming year in a joint open form installation. The meeting was exceedingly well attended with many visitors from brother and sister lodges attending.

The retiring Noble Grand of Oakdale Rebekah Lodge opened the ceremonies and turned the duties of installing the new officers over to the District Deputy President, Sister Effie Bailey of Laurel Lodge No. 211 of Stirling and her staff.

The District Deputy President was capably assisted with the accompanying staff:

District Deputy Marshal, Sister Mabel Meggison; District Deputy Warden, Sister Gladys Elliott; District Deputy Recording Secretary, Sister Alice Sine; District Deputy Financial Secretary, Sister Florence Maynes; District Deputy Treasurer, Sister Edith Utman; District Deputy Chaplain, Sister Jennie Burditt; District Deputy Outside Guard, Sister Annie Bailey; District Deputy Inside Guard, Sister Jennie Spry; Guard of Honour, Sister Evelyn Bailey, Sister Florence Clarke, Sister Nina Carlisle, Sister Margaret Simpson, Sister Eva Hall, Sister Grace Vandervoort; Pianist, Sister Mildred Elliott.

In a very creditable manner, the new officers were installed as follows:

Past Noble Grand, Sister Mabel Conley; Noble Grand, Sister Eliza Parks; Vice Grand, Sister Mary Davies; Right Supporter Noble Grand, Sister Mabel Stockloser; Left Supporter Noble Grand, Sister Annie Mc-

(Continued on page 4)

MEETING OF MADOC VILLAGE COUNCIL

Madoc Village Council met on Monday, November 4th. The minutes of the last meeting were read and approved.

On motion of Reeve Wallbridge and Councillor Dafeo a grant of \$100.00 was made to the Madoc Agricultural Society.

On motion of Councillors Barry and Blue, the following accounts were ordered to be paid: John Burditt, work, \$34.65; William Revoy, work, \$12.60; Thomas Callery, gravel, \$11.60; B. Tanner, trucking, etc., \$141.00; W. Whytock, coal, \$79.60; W. Whytock, timber, \$19.80; W. Whytock, relief, \$19.95; W. J. Roushorne, police duty, \$21.00; North Hastings Review, \$6.90; R. Comerford, work, \$3.00; C. G. Reid & Son, supplies, \$106.50; Arthur Bird, trucking, \$30.00; G. M. Wright, relief, \$3.00; Thomas Belcher, police duty, \$3.00; H. Waldron, police duty, \$2.00; John Danford, police duty, \$32.80; William Carswell, sawing wood, \$1.00; R. O'Riordan, relief, \$24.61.

On motion of Reeve Wallbridge and Councillor Dafeo, John Danford be kept as village constable to end of the year at \$50.00 per month. Carried.

Dafeo-Hill—That all places of business in Madoc Village be requested to close from 10 o'clock a.m. until 12 o'clock noon on Monday, November 11th to commemorate Memorial Day.

Wallbridge-Hill—That any person desiring to pay their assessment for cement sidewalks in advance be allowed 4 per cent per annum discount.

Barry-Dafeo—That Council adjourn to the call of the Reeve, meeting to open at 7.30 p.m., during the winter months.

A. S. Cochran, Clerk.

Misses Alice and Bell Bradshaw of Detlor, were week-end visitors in Madoc and Foxboro.

WINS HIGH HONORS

Miss Gladys Aylsworth, daughter of Mr. and Mrs. James Aylsworth, has succeeded in bringing long coveted honors to Madoc Public School, by winning the highest marks of any candidate writing in Centre Hastings Inspectorate in June, 1935.

Miss Aylsworth will therefore receive the Warden's Medal, which will be presented at Belleville during the session of the County Council in December.

CELEBRATE THEIR 61ST WEDDING ANNIVERSARY

On Sunday, November 3rd, about forty of the children, grandchildren and friends of Mr. and Mrs. George Lee, Sr., met together at their home in Madoc Township to celebrate with them the sixty-first anniversary of their wedding day.

Mr. and Mrs. Lee received gifts for which they thanked all. A bountiful dinner and supper was served and the evening was spent in singing old-time songs. All hope they will spend many more happy years together.

The date of Peterborough voting on the question of the continuance of the sale of beer and wine in the city has been set for Friday, January 17th, and not coincident with the municipal elections.

Quintuplets' Physician Visits Niagara Frontier

Dr. Allan R. Dafeo, who brought the famed Dionne quintuplets into the world and has attended them ever since their birth, visited Niagara Falls, Ont., to address a meeting of District Four, Ontario Medical Association. In the picture, left to right, are Dr. Dafeo, Dr. A. B. Whytock and William A. Dafeo, brother of the Chalmers (Ont.) physician.

With Dr. Allan Roy Dafeo, of his listeners along with him as the children developed until the present, when they are normal, healthy and happy youngsters.

He told in detail about the feeding of the famous babies from their birth until they were five months old and then, by means of moving pictures, showed their progress up to their present age of nineteen months. Their daily routine and feeding were explained in word and picture and formulas used were demonstrated.

Nurses and doctors and any visitors enter only wearing sterile clothing and masks to prevent any possibility of infection, Dr. Dafeo said.

Printed and Published Every Wednesday at the Review Office, 87 Lawrence Street, Madoc, Ont.

HERE AND THERE

We all of us tend to rise or fall together. If any set of us goes down, the whole nation sags a little. If any of us raises ourselves a little, then by just so much the nation as a whole is raised.—Theodore Roosevelt.

One thing the newspaper can boost over the radio is that it can assure its advertisers of a certain number of people who will receive his message. The radio cannot. There is no gamble in newspaper advertising.

If you want to play safe, young man, join a newspaper staff somewhere or get a job on a farm. Nobody ever heard of a newspaper man or a farmer being kidnapped and held for ransom.

Age is not measured by years. Age is the answer to your feelings. Age is a matter of comparison. There is the crabbled age, the slow consuming age, and the good old age. Then there is the season when you grow old gracefully, and there is another season when you get old disgracefully.

Man criticises woman for her extravagance, but she never wastes two dollars' worth of shot-gun shells in order to get a twenty-five cent rabbit. Nor goes into a restaurant and buys a twenty-five cent meal and gives the waiter a twenty-five cent tip because he smiled at her. Nor uses twenty gallons of gasoline and pays \$25 boat hire to get where the fish aren't.

NOSING OUT NEWS

The average man's interest is in his own business and he knows, nor cares little about any other. The newspaper however must poke his nose into every business under the sun. Something happens that is of interest to the general public—that's news. The newspaper is expected to bring the message fully and correctly. Many times this involves going into the history of the business, getting the background to give the true significance of the fact which made the story of value.

There is a lifetime, a reporter may cover many "beats" on various papers and be forced to delve into the fact file of many professions, trades and businesses. When a news-seeker appears to be inquisitive, remember that it is his business to ask questions just as it is yours to sell real estate, repair watches, dig cellars, bake muffins or play the piccolo.—Timmins Press.

SMALL WORDS BEST

Avers the Christian Science Monitor, small words are best. Leave the long ones to those who need to show they have been to school. Short words have force. Most of the strong thoughts and acts and hopes of men take short words to tell them. Might and right, strength, faith, are words of just one sound each.

And such words speak well in small groups. From start to the full stop need be but a few sounds—each sound like trees and grass and lakes and the word, each word a punch, and the whole a cause won. Things for which men feel awe may be held each in a small word. Things they love, too, the blooms in the yard by the door. Things they hate need not be told, nor things they fear, but these, too, can be felt in the sweep of a short string of short words.

More could be found to say for words of one sound, for chains of words with few links. This should show that one can talk long though

he uses short words, and he may say less in long ones and more of them.

I HAD A FRIEND

A friend is one who brings out the best in you; comforts you in time of grief; encourages in defeat; rejoices in victory.

Perhaps the truest example of real friendship was that between David and Jonathan. Perfect trust. No putting oneself above the other. Jonathan knew that David was a rival for his throne. But Jonathan's friendship never wavered. He was big enough to see that David was even bigger than he. Therefore he took a lower place and let the better man rule.

It takes a big person to be a true friend. Can you really rejoice when you see an honor come to your friend? Can you truly acknowledge that in some particulars your friend is your superior? Are you willing to take advice from your friend? Even to take a lesser seat than the throne if your friend is better fitted to occupy the throne.

Or when the friend announces that he has been honored, do you at once think of a greater honor that came to you and tell it?

When there is a choice of places do you stand back to allow your friend the first choice? Or do you frantically hasten forward to get the chief place?

There is a test for choosing friends and it is well to know it. If a person does not help us to be braver, cleaner, to have more confidence in ourselves; to dare more, to do better deeds, to think success thoughts, he is not the best friend for us.

"I had a friend."

Can those who know you intimately say that of you?—Georgia Moore Eberling.

BEWARE THE COW

A new legal status has been given to that passive and productive animal, the cow. It is no longer necessary for this domestic quadruped to watch her step like the common herd.

A magistrate at Truro, Nova Scotia has delivered a judgment regarding the circumstances immediately antecedent to the untimely decease of a wandering bovine, upon which judgment the late Mr. Solomon could scarcely have improved. The cow was in the road. It was contacted (nice new expression invented by hustling salesmen).

The magistrate expressed himself as follows: "A man who does not stop his car when a herd of cattle is on the road is a menace and a fool." He said also that no driver can determine what a cow is going to do and that the onus is therefore upon the driver. Nothing could be more true than the facts set forth in His Worship's final sentence.

Nobody knows what a cow is going to do; not even the cow. The motorist finds himself upon the horns of a dilemma. He wishes to pass the cow but he has no means of knowing just where the cow will be when he arrives. He has little stomach for it, whereas the cow has four.

The driver has no preconceived antipathy toward the cow, indeed the milk of kindness may be in him. His ordinary sentiment in the matter of cows is one of good will and esteem. He has no desire to injure either hair or hide of the ruminant ruminating in the highway, but the cow, preoccupied with gustatory problems peculiar to its field of activity, has a tendency to gyrate.

The cow, in moments of abstraction common to all deliberative mammals, college professors, etc., is subject to unpremeditated and therefore unforeseeable vagaries of locomotion. These are distinctly embarrassing to the automobile-driver, whose only safe course, particularly in view of this recent judgment, is to go back a few miles and detour.

It is difficult in the light of personal experience to completely stifle all sense of sympathy for the Truro offender who is thus left to chew upon the cud of his melancholy reflections. But there is a point of great importance involved. A way out has been found for the ordinary human typed, who has no right of way. All that he has to do now is to look like a cow.

REMINISCENCES

The following items have been taken from the file copies of the Review

FIFTY YEARS AGO

November 5, 1885.

Married—At St. James' Church, Tweed, by Rev. S. Bennett, on Nov. 4th, Mr. James Vanorman, of Belleville to Miss Minnie Francis, of Madoc.

Married—On October 29th by Rev. D. Wishart, William Henry Badgely, widower, of the Township of Sidney, to Anna Golway, widow, of Madoc.

Rev. O. R. Lambly of Stirling, will preach in the Methodist Church on Sunday.

On Monday Richard Goggins, while chopping wood near the lake, let the axe slip and nearly severed his left foot in two. Dr. Sutton is in attendance.

A new train from Winnipeg to Toronto will take 36 hours to traverse the distance.

The original Norfolk Jubilee Singers will give a concert in the Masonic Hall tonight.

The Emma Wells Concert Company are booked for concerts here in the near future.

Mr. Hugh Roney advertises in this issue that he has bought Mr. J. M. Welsh's blacksmith shop. Hugh is a good workman and we have no doubt of his success.

Mr. Fred Rollins advertises the "Pony Mills" in this issue, and will buy all kinds of grains. Mr. Rollins had a narrow escape from death in his mill recently. While oiling the machinery his hat fell off. He stepped back over another belt and his foot was caught between the belt and a wheel.

The Queensboro Methodists have finished making improvements to their property. They have finished a large shed, built a vestry and decorated the church.

Sunday morning while the household were in church, thieves entered the residence of Ven. Archdeacon Daykin and upset nearly everything in the house.

Messrs. Campbell and Scott are opening up a handsome shaving and hair-dressing saloon next to Wilson's Drug Store.

TWENTY-FIVE YEARS AGO

November 3, 1910

Harry Whytock, Arthur Whytock and Kenneth Hill, who are attending lectures at Queen's, Kingston, spent the week-end in town.

Mr. Walter Hungerford made his debut in Canada at Belleville. He has just returned from four years' study at Leipzig, Germany.

Mr. C. A. Moore, principal of the Public School, is confined to the house through illness.

Rev. R. Bamforth and Rev. H. S. Graham, exchanged pulpits on Sunday morning.

In the Saturday Press, of Saskatoon, is a picture of a group of builders, among them being Mr. John Robertson, a former resident of this village.

From the Evening Chronicle of Port Arthur we learn of a sacred concert given for the benefit of Rainy River fire sufferers. On the program is Mr. Charles Casement, of Madoc. Word has been received of the death of Mr. C. Aylesworth of Memphis, Tenn., son of Mr. and Mrs. C. F. Aylesworth, of Madoc.

At the Madoc Cheese Board on Wednesday, 449 cheese were boarded, all of which was sold to Mr. T. H. Thompson at 10 15-16 cents.

Mrs. F. E. O'Flynn of Belleville, is the guest of Col. J. R. Orr.

The 16th annual convention of Madoc District Epworth League will be held at Bethesda on November 10th. Mrs. Sam McGuire of Belleville, has been spending a few days in town with her parents, Mr. and Mrs. John Macdonald.

FIFTEEN YEARS AGO

November 3, 1920

Madoc Village Council met on November 1st. Present: Reeve J. Burns, and Councillors P. Nayler, and J. Robertson. Reeve Burns gave notice of a by-law to issue debentures for the purpose of building cement sidewalks.

The funeral of the late Benson O'Hara was held on Wednesday, October 27th, and was largely attended. Mr. Ernest Seymour passed away suddenly on Friday last. For many years he had been preparing a religious work which he intended to publish.

Mr. Munro, the local representative of the Posters' Association, has erected 4125 square feet of advertising space on the principal streets of Madoc.

Some clubs are forming anti-smoking clubs. We learn that in Madoc High School there is not one pupil addicted to the smoking habit.

Mrs. Charles Sweetman celebrated her birthday on October 31st by giving a Halloween party.

MADOC DRIVES CAR INTO LAKE AT 60 MILES PER HOUR

Seven lives were lost through violence in Ontario during the week-end. Highway accidents were responsible for three of them. One man fell to his death, another was hit by a train, another died in a farm accident, while the seventh died when his car plunged into Lake Ontario.

Gordon Wheeler, 29, was killed when his automobile crashed head on into a steam tractor drawing a threshing separator along the highway 20 miles south of Owen Sound.

Edward Timmerman, 12, died in the Brampton Hospital a few hours after he had been struck by an automobile while walking along the highway.

Joyce Irvin, 79, was fatally injured, when he stepped into the path of an automobile while walking across a Strathroy street. He died a few hours later.

David Tufford, aged nine, was killed when he fell 30 feet to the ground from a beam in his father's barn near Beamsville. He climbed to the hay loft and had started to walk out on the beam to reach a pigeon when he lost his balance and fell.

The body of Hugh Keenan, 45, was found beside the Canadian National Railway tracks near Wicklow. He was believed to have been struck by a train.

Thought to have been struck on the head by a hayloadeer wheel and killed, the body of William Lloyd Garbutt, 45, was found after an all-night search in the Listowel district.

Colonel Wellesley McCann, 33, was seen to drive his car around a building on the Canadian National dock at Toronto and speed at 50 to 60 miles an hour towards the lake. The car leapt 50 feet out into the bay. His body and the car were recovered two hours later.

2,000 DEAD OR MISSING

At least 2,000 persons are dead or missing in a storm which ravaged the southern peninsula of Haiti, most of the casualties were caused by floods which followed the hurricane a week ago. Thousands were reported homeless and hungry.

Populations of valley villages were believed to have been wiped out as rains sent the streams from their channels, demolishing the frail, thatched huts of the natives. Information received indicated the bodies of most of the missing were swept out to sea.

Official reports, based on fragmentary data gathered by a small airplane, the only means of communication with the stricken districts, double the number of dead or missing after initial estimates Saturday had put the toll at possibly 1,000.

IS OLD-TIME WATER TANK DUE TO DISAPPEAR

An electrical pumping system which delivers water direct from a river into the tanks of locomotives without the familiar water tank structure by the side of the right of way is described by P. D. Fitzpatrick, Chief Engineer of the Grand Trunk Western Railway in the current issue of the Canadian National Railways Magazine. The new installation, made at Holly, Mich., has obviated the need of the water tank which is replaced by a spout. The fireman, when the engine is spotted at the standpipe, presses a switch which sets an electric pump in motion by which means the locomotive tank is filled with water pumped direct from the Shiawassee River.

BUILT BRIDGES OVER

JORDAN IN PALESTINE

During the war, while a member of the First Canadian Bridging Company, S. P. Jakeman, recently appointed Bridge and Building Master for the section Edmonton west to the boundary of the British Columbia district of the Canadian National Railways, spent many months in the Palestine and Assyrian area, attached to the Egyptian Expeditionary Force. He assisted in the construction of railway bridges over the Jordan River and smiles when he tells of using teakwood and mahogany for bridge struts.

HIS MONEY BACK

Because of her father's description of her beauty, Romganjan Sing of Bombay paid \$500 as a dowry for a bride at Dinapore. After the wedding the father was assessed a \$250 fine for false pretenses.

A number of men from L'Amable vicinity are working at the Marble Quarries. Mr. P. Kavanagh has charge of the work on that section of The Faulkner Highway, and there are few idle men at present.

QUINTUPLETS, AT 17 MONTHS, NOW ADD MEAT TO DIET

Seventeen months old last Monday, the Dionne quintuplets added meat to their diet for the first time. It's only a small quantity of carefully selected and prepared veal liver served once a week but it marked the youngsters' first move toward a grown-up diet.

The liver and Marie's development were highlights of the famous babies' seventeenth month. Marie has progressed remarkably, mentally and physically, in the past four weeks. Dr. Allan Roy Dafeo said on Monday.

Within a few months Marie, who was the smallest of the five when they were born May 28, 1934, and has lagged since, will equal her sisters in every way, the physician believes.

The bit of liver they are fed is only a drop in the bucket for the Dionne children who are distinguishing themselves as gourmands. They eat up all their spinach and everything else that comes along. Not infrequently they cry for more. Sometimes they get it.

Mainly their diet consists of vegetables prepared in several ways, fruit, bread and butter and milk—plenty of the latter, Dr. Dafeo emphasizes. It is the canned variety with corn syrup added.

They get a morning cocktail of cod liver oil and orange juice at 6.30 as an appetizer for their 7.30 breakfast of a codded egg, butter, bread, arrowroot and a glass of milk.

That holds them until 12.30 noon, when their two nurses pile their tables with creamed vegetable soup, a half pint of creamed vegetables, fresh fruit or a custard, buttered bread and more milk. Once a week the liver is substituted for the creamed vegetables.

Three-thirty in the afternoon is cod liver oil and orange juice time again and at 6.30 just before bedtime, they are served porridge in milk, buttered bread and another glass of milk. No one wakes in the night hungry.

Thriving on that fare, three of the youngsters—Yvonne, Annette and Cecile, front runners in the weight derby—are attempting to walk and occasionally manage a few steps. More often they are content, like Marie and Emilie, to do their anking clinging to an adult finger.

If the youngsters were acrobatic enough to stand on each other's head they could reach higher than most ceilings—12 feet 1-4 inches. Cecile and Yvonne are both 29 1-2 inches tall, Marie a half inch shorter, Annette 28 3-4 and Emilie 28 1-8. The only changes from last month are gains of 1-2 inch for Yvonne and 1-4 for Annette.

They are almost even now in the matter of teeth. All have eight but Emilie, who has seven.

MAY USE PLANES TO FRIGHTEN GEESE IN NIAGARA RIVER

The geese which have been battling the swift current of the Niagara River above the Falls since Saturday night began leaving on Monday afternoon, flock after flock rising into the air.

Planes of the United States may be used to save geese in danger of being swept over Niagara Falls, it was reported from Washington.

Stanley F. Young, Director of the Division of Game Management, Bureau of Biological Survey, said the Navy Department offered use of navy planes to frighten away some 5,000 geese reported in danger of being swept to their death over Niagara Falls.

Hundreds of Canadians and Americans lined the shores of Niagara gorge, waiting for a chance to grab a dead bird—and a free dinner—but game wardens were on hand to see that none were plucked from the water. All the dead geese were allowed to float down river, to disappear forever in the destroying force of the whirlpool rapids.

Hundreds of swans were swept over the falls several years ago and the procedure of the game wardens was the same then—none must be touched.

ITALY WILL TRY HAND AT MAKING CELLULOSE

The Italians are laying plans to go into the manufacture of cellulose in which they propose to use Libyan esparto grass and straw and hemp stalks, of which large quantities are available in Southern Italy. It is proposed to establish an experimental plant with this end in view. Italy is a heavy importer of cellulose, Canada, among other countries, being a source of supply. Imports from Canada are of a special type and it is not felt that any domestic production will affect this trade.

THOU SHALT NOT KILL

NEWS AND INFORMATION FOR THE BUSY FARMER

(Furnished by the Ontario Department of Agriculture)

Important Dates

November 12-15—Ottawa Winter Fair.
November 20-25—Royal Agricultural Winter Fair, Toronto.
December 3-5—Ontario Provincial Fair, Guelph, Ont.
November 30-December 7—International Live Stock Exposition and Hay Grain Show, Chicago, Ill.

Canadian Wool

Wool raising is an important phase of stock production in all the provinces of Canada. Since 1913 a great deal of attention has been given to improving the quality of Canadian wool and the manner of its preparation for market. Propaganda has been directed to securing improvement in the preparation of fleece wool. Tub washing of wool and the washing of wool on the sheep have been discouraged. Today practically all wool sold commercially in Canada is "in the grease" and the fleeces are rolled and tied intact as they are shorn. Another important feature of the educational work is the stressing of the importance of cleaning fleeces free from chaff and dirt. This entails better housing accommodation and greater care in cleaning. Although there has been a change in the quality of domestic wools there is room for further improvement.

Soil Drift Control

While individual effort is usually effective in controlling soil drifting, and every farmer should adopt the best known control measures on his own farm, the most successful results will undoubtedly follow the action of community action. The importance of this community action is readily understood from the fact that an area of unlanded, drifting soil usually expands very rapidly. Particles of soil are not always brought to rest by collision with stationary soil particles, and in many cases the latter are caused to join in general movement under the influence of high winds.

The most carefully planned and executed control measures may be entirely ruined if the soil has to withstand the combined action of wind drifting soil from adjoining unlanded areas. These facts show the necessity for community action if a minimum degree of success in the control of soil drifting is to be obtained. While the control of drifting soil on any farm is primarily the concern of the individual farmer, his success may be aided or hampered by the action of his immediate neighbours.

Inter-Club Competitions

The annual Ontario Boys' Inter-club competitions for Calf, Swine, and Potato Clubs, are being held at the Ontario Agricultural College, Guelph, on Thursday, November 7. Many coveted trophies and valuable cash prizes are being offered in competition. From the winners will be selected the teams to represent Ontario in the National contests at the Royal Winter Fair. It is interesting to recall that in 1934, teams from 24 Calf Clubs, 10 Swine Clubs, Grain Clubs and 11 Potato Clubs competed for Provincial honors. In National contests at the Royal Winter Fair, Ontario stood first in Dairy Calf project, second in Swine, first in Grain, and second in Potatoes. During 1935 there were entered in the province, 5,746 boys and girls in 423 clubs. Club work is a definite project work for boys and girls between the ages of 12 and 20, and principle embodied in the phrase, "earn to do by doing," is carried to the fullest extent. Arrangements are being made to hold a Club Banquet on the evening of November 10 at O. A. C., when Hon. Duncan Campbell, Minister of Agriculture and George I. Christie, President O. A. C., will be the speakers.

Timothy Seed Prices

The current timothy seed crop report indicates an abnormally large production of this seed in Canada in 1935. It would appear that there would be about eleven million pounds of seed available for commerce as against five million pounds in 1934. An annual consumption in recent years of approximately seven million pounds. Owing to the surplus in eight years is now for the first time in history on an export price basis in respect to this seed. In the past years prices at Chicago plus freight and import charges were the basis of value in Canada, whereas this year, domestic prices may be based on Chicago quotations less freight and export charges. As a result of this changed basis prices are now very low. At

this time last year timothy seed was selling in Canada at fifteen to twenty cents per pound as against three to four and a half cents per pound at the present time. Surplus production this year resulted from two main factors, i.e., the high prices of last year which stimulated production and the abnormally large hay crop which permitted farmers generally to leave fields for seed rather than cut for hay.

Standard Poultry Boxes

Hardwood of any kind is not suitable for standard dressed poultry boxes. According to the Canadian Standards, lumber used for making these boxes must be a sound, clear, dry quality of soft wood, planed smooth on both sides, free from knots and square, straight-edge stock but not tongued or grooved. When boxes are made up, there are five essential points: (1) each side and end must be in one piece and be square cut; (2) tops and bottoms must be flush with and fit flush over both sides; (3) an allowance must be made for a small space, of not more than a sixteenth of an inch, between the boards on top and bottom of the box to assist quick sharp freezing when placed in storage; (4) the bottoms and tops should be in at least three pieces, and (5) wide boards should be used as outside boards in both tops and bottoms. The nails used should be only long enough and strong enough to give the necessary strength, so that the weight of poultry contained in the box may be shipped in safety. In packing, strict observance should be paid to the allowance variation in weight of birds packed in the same box—squab and broiling chickens not over 1-4 pound per bird; all other chickens and fowl not over 1-2 pound; turkeys and geese not more than 3 pounds. It is recommended that this individual variation of turkeys and geese be limited to two pounds. The weight variation for ducks packed in the same box is one pound per bird.

Advance of Branded Beef

The popularity of beef as food has a much deeper foundation than simply its appeal to the palate. It not only contains many of the elements necessary for the proper growth and development of the human body but it supplements and improves the value of many of the nutrients found in grains and vegetables. In Canada there is another incentive. Canadians have an advantage over some other countries in that they have at their disposal a fine selection of many foods, which, under the mark "Canada Approved" are guaranteed by the Government free from disease. In the case of Government graded beef, a step further has been taken. In addition to the "Canada Approved" mark, there is a Government mark or brand of quality in the form of ribbon-like marks running lengthwise of the carcass. A section of this mark appears on every individual cut, and thus the purchaser is assured of receiving the quality paid for. The red brand marks the best quality, entitled "Choice," and the second quality called "Good" is branded in blue. The gradual spread of this knowledge in one way accounts for the steady advance in the sales of Canadian branded beef. The total sales during the month of August, 1935 amounted to 2,869,913 pounds, bringing the total for the eight months of the year to 27,573,082 pounds, or approximately 640,000 pounds more than in the corresponding period of 1934; 6,848,527 pounds more than in 1933; 13,529,389 pounds more than in 1932; and 15,700,026 pounds more than in 1931 when the system was initiated.

BABY BORN IN WELL HAS GOOD CHANCE OF LIVING

Franklin Woodrow Jordan of Sanford, N. C., was given as good a chance to live as any other baby on Monday—his cries were as lusty as those of the next infant even though he was born under water, deep in a well.

Dr. J. F. Foster, attending the mother, Mrs. Alton L. Jordan, and the baby, said the baby was normal in every respect. It owed its life to the fact it couldn't begin breathing until it was out of the water.

The 26-year-old mother, a farmer's wife, said she went to the well to get a bucket of water, fainted, and, regaining consciousness, found herself in the water. She swam a bit to keep afloat, finally clung to a knot.

The number of hogs graded in Canada for the 38 weeks of 1935, ended September 19, was 2,083,391. Of that number, 686,364 were graded at stock yards; 1,332,558 at packing plants, and 64,469 by carcass.

STORY OF WEST INDIES TOLD IN BRIEF FORM

A sailings and rates folder covering the late fall, winter and spring services to Bermuda, the British West Indies and mainland on the coast of South America is now available to the public.

Included is a complete itinerary of the fall, winter and spring cruise program, outlining in chronological date order the various cruises from Montreal, Halifax, Boston and New York, number of days occupied during the round trip, the cruise fare, cost of sightseeing excursions on shore and the destination, also showing all ports of call en route.

It is supplemented by a general information folder, fully indexed, giving a general aspect of each territory and an outline of the principal features included in the respective shore excursions. There is also shown a detailed plan of passenger accommodation aboard ship and a list of hotels, tourist and commercial accommodation available at each resort, with rates, together with a mine of other useful information, including a map of the territory and several photographs showing steamship accommodation.

CHESHIRE FARM MOVED 171 MILES BY TRAIN

The stock and equipment of a complete Cheshire farm has been moved 171 miles by railway from Knutsford, England, to the village of Bletchington in Worcestershire.

A special train was provided for the journey and stops were arranged for watering and feeding the animals enroute. Eighty head of cattle as well as farm implements and household furniture were carried. The journey commenced at 2 o'clock in the morning and the farm was settled on its new premises within the next 24 hours.

GAME FISH PLANTED IN NOVA SCOTIA LAKE SHOW RAPID GROWTH

The success which was attained in the stocking of Maligne Lake in Jasper National Park, Canadian Rockies, with Rainbow trout seems to have been duplicated in Nova Scotia. Completely barren of all fish life up to 1927, a quarter of a million speckled trout eggs were planted in that year and five years later the Maligne area was thrown open to public fishing with some wonderful catches. Last summer Rainbow trout yearlings were introduced into Deep Lake, Queen's County, Nova Scotia, and a recent examination of the lake revealed trout measuring twelve inches in length.

CODFISH A LA PORTUGUESE POPULAR DISH IN BRAZIL

In Brazil, South America, a popular fish dish is codfish a la Portugese which is codfish cooked in olive oil with the oil used as a sauce. Brazilians, however, are not eating this favourite dish to the same extent as formerly due to adverse economic conditions. Imports of codfish into Brazil decreased 47 per cent last year, as compared with 1933. Newfoundland supplies the bulk of the codfish to the northern states; while Rio de Janeiro, Sao Paulo, and other southern states obtain their codfish from Canada, Norway and Great Britain (Scotland).

WOMEN EXECUTIVES IN RAILROAD WORLD

Miss Ellen Raymond is assistant general freight and passenger agent of the Green Bay and Western Railway; Miss Frances Dorothy Allen is Interior Decorator for the New York Central Lines; Miss Pearl Andrews is in charge of cookery on the New Haven dining cars; Dr. Catherine Lankford is surgeon for the Pennsylvania Railroad; Miss Daryle Hockman is counsel for the Baltimore and Ohio, which also boasts half a dozen lady passenger representatives, and there are a number of other women holding executive positions on railroads in the United States.

QUIET PREVAILS IN CORNWALL JAIL

Quiet prevailed on Monday in the Cornwall Jail, scene of a week-end riot when six prisoners went on a rampage but were subdued without any escapes or casualties.

The fractious inmates were being punished, it was stated, and one of the number, Duncan Willard, 21 Kenyon Township farmer, serving an 18 months' sentence for theft, was reported to be in solitary confinement. Clarence Cameron, Amherst, N. S. awaiting a second trial for murder of Louis Volney, 55-year-old farmer was said to be one of the trouble leaders.

SAVE TO BUY AND BUY TO SAVE

READ THIS HEADLINE FORWARDS OR READ IT
BACKWARDS—IT GIVES YOU THE SAME,
SOUND ADVICE!

You have certain living expenses—rent, food, clothing, light, and other necessities. You save money every week so that these bills can be paid at the first of every month. Whatever else you buy must come from surplus savings, over and above those set apart to cover living costs. To make those savings buy the utmost value for the money is the essence of true economy.

Save to buy — then buy to save. Know what you need to buy before going to the store. Know what you can afford to pay before you start out to make a purchase. This is the one sure way to get the most for your money.

Make it a habit to

Read the Advertisements

in The Review every week. By doing so you will learn where to buy the things you need and where your dollar will buy the greatest value. The advertisements will show you where to purchase better food, better clothes, and yet save you money. They will help you live better and enjoy the good things of life.

They Help You To Buy In Order To Save

QUINTE'S ISLE OF LAKES AND BAYS

Mr. and Mrs. George Fox, Norman, Howard and Irene, visited Prince Edward County Hospital on Sunday afternoon to visit a neighbour, Mrs. K. Vancott, who had an appendicitis operation.

operation. This hospital has the novelty of an incubator patient, the 2-1-4 pound daughter of Mr. and Mrs. Alred Post of Mountain View. Little Miss Post was born on Monday, October 21st and was 2-1-3 months premature. Her physician, Dr. Kenneth McQueen of Bloomfield, has improvised an incubator in the nursery and the little Miss Post is resting and gaining strength for the battle of life. Dr. Dufosse has had a lot of glory and fame but Dr. McQueen should have some too.

Messrs. Donald Parks and Charles Brooks were two of the senior boys chosen for the trip to Ottawa in the judging contest. They had a banquet in Picton on Wednesday night. On Thursday they were judging at Stirling, on Saturday at Kingston and on Monday they were at Guelph. The remainder of the week they will judge in this county, and on Sunday afternoon they go to Kemptonville, where they will remain two days before going to Ottawa.

Mr. Murray Parks is leaving tomorrow for Eagle Lake to hunt deer. Mrs. Douglas Moxam and Lillian of Belleville, spent Friday evening with her parents, Mr. and Mrs. David Fox. Crofton Ladies' Aid entertained Burns' Ladies' Aid at a masquerade Halloween party on Friday evening. There were some unique costumes and all were so good it took the judges some time to decide on the winners. A very enjoyable evening was spent and the ladies served a very nice lunch.

Say, friends, did the earthquake jar your constitution? It shook things up around here but no damage done so far as learned yet.

MEETING OF MADOC TOWNSHIP COUNCIL

Madoc Township Council met on Wednesday, October 23rd, at one o'clock. All members were present.

The minutes of the last meeting were read and approved.

Sager-Moorcroft—That William J. Holmes be paid \$35.00 for services as Wood Inspector. Carried.

Miller-Gawley—That the following be paid for sheep killed by dogs: Abbie Holmes \$10.00, Wm. J. Rollins \$5.00, Hugh Morrison \$15.00, Clarence Carman \$13.00. Carried.

Sager-Gawley—That the Reeve Councilor Miller and the Clerk be a committee to decide re bonding the treasurer and tax collector. Carried.

Miller-Moorcroft—That Councilor Sager be a committee to investigate the road east of H. Moorcroft's. Carried.

Gawley-Miller—That Walter Whytock be paid \$37.32 per Harry Foster, \$19.16 (charity); per Ed. Taylor \$18.16 (charity).

Sager-Moorcroft—That the North Hastings Review account be paid, \$103.30. Carried.

Sager-Moorcroft—That the following be paid for gravel: Ed. Brown \$9.00, Robert Miller \$16.00, Harry Blakely \$2.60, Miss Annie Thompson \$21.60, Frank Reynolds \$3.60, Lewis Fox \$2.20, William Brown \$4.30, Fred Meraw \$2.20, Elliott Trotter \$1.60, Ernest Moore \$1.20, Nelson Delyea \$19.40, James Rollins \$4.40, Harry Johnson \$1.40, Herb McCoy.

Moorcroft-Miller—That the Toronto Hospital for Incurables be paid \$91.50 per W. Hunter. Carried.

Miller-Moorcroft—That Ernest Moore be paid \$52.80 for work on Island road and Robert Devolin \$2.00 for road across place. Carried.

Sager-Moorcroft—That Council adjourn to meet at call of the Reeve. Carried.

Earl Burnside, Township Clerk.

CHILD IS BORN TO 94 YEAR VETERAN

The Journal of the American Medical Association reported recently the birth of a child to the wife of a 94-year-old Confederate veteran of the United States Civil War. The veteran's name was withheld. He married his 23-year-old wife last year.

The father was born in 1840 in No. Carolina, was in the Confederate Army and had sixteen children by his first wife whom he married in 1872. His mother died at the age of 103.

The case was authenticated by New York physicians, the Journal added.

Not less than \$7,500,000 will be spent in the general election campaign in England, it is estimated by party organizers. Most of this will go for literature, billboards and posters during the next two weeks.

PLEASANT GATHERING

A delightful evening was recently spent at the home of Mr. and Mrs. James Haggerty, of Marysville, formerly of this community when a party of friends motored from Bethel and Thomasburg to pay them a surprise visit and to enjoy a social time. After the social intercourse an address was read by Mrs. Ralph Irwin which conveyed the best wishes to Mr. and Mrs. Haggerty in their new home. The address referred to the friendly attitude of Mr. and Mrs. Haggerty which had won for them many friends in Bethel and also that Mr. and Mrs. Haggerty had given of their time and labor on behalf of the work of the church and of the community. Splendid assistance was also given in the preparation of a play.

As a slight expression of friendship and best wishes for Mr. and Mrs. Haggerty they were presented with an electric two-burner hot plate by Mrs. Clarence Fisher, and a Wilton rug from Mrs. Harold Fisher.

Although taken completely by surprise Mr. and Mrs. Haggerty expressed their thanks to their friends, not only for the gifts, but also for the friendly relations which has always existed, and for the many happy times spent in the Bethel and Thomasburg districts. The remainder of the evening passed all too quickly with cards and other forms of entertainment. At midnight the ladies, assisted by the hostess, served delicious refreshments and the happy event came to a close in the early hours.

Before leaving for their respective homes Mr. and Mrs. Haggerty invited all to visit them in their new home. —Napanee Express.

PRESENTATION AND ADDRESS

Mr. and Mrs. Oscar Wannamaker were the recipients of a beautiful bridge lamp and a leather club bag, when about one hundred of their friends gave them a surprise party on Wednesday evening last. Mr. Wannamaker has been station agent at Actinolite for fifteen years and the family are now moving to Madoc. An address was read by Mrs. M. Price, and the presentation was made by Mrs. William Kellar and Mrs. T. Kleinsteuber.

Mr. and Mrs. Wannamaker made suitable replies. Rev. T. Smith also spoke. Dancing followed and refreshments, and a very pleasant time was enjoyed by all. The address was as follows:

Dear Friends: It was with sincere regret that we learned of your impending departure from our midst. We know this was not of your choosing and had it not been for the closing of the railway and your transfer to another position we might have had you among us for many more years.

We shall miss you all from our village. You have been good neighbours and friends to many of us.

You have always been ready to help along every church and community work. Your time and talents have been freely given, and your departure will leave a gap that will not easily be filled, but we realize that our loss will be some other community's gain and we know that you will make good friends and be helpful in some other church and place.

Our earnest hope is that wherever you go happiness may be your portion. You take with you the good wishes of all of us and we desire to take this opportunity of showing our hearty appreciation of all that you have meant to our community during the many years you have lived among us.

It is with great pleasure that we present to you this lamp and this club bag as tokens of our regard, and we hope that they will often remind you of good times spent among us.

Signed on behalf of your friends in and around Actinolite: Mrs. William Kellar, Mrs. Theo. Kleinsteuber, Mrs. M. Price.

250 DROWNED GEESSE GIVEN TO UNEMPLOYED

About 250 plump wild geese averaging from five to seven pounds each, swept to their death over the brink of Niagara Falls, were distributed among unemployed at Niagara Falls. Their bodies were recovered from the pool below the Falls by Royal Canadian Mounted Police and Game Warden Roy Muma of Chippewa and his aides.

A visitor to the quintuplets on Thursday was P. O'Rourke Rao, member of Mahatma Gandhi's Friends of India Society and a native of that country. Picturesque in white and gold turban, Mr. Rao expressed himself as deeply impressed with the babies.

MEETING OF MADOC WOMEN'S INSTITUTE

The October meeting of Madoc Women's Institute, which was deferred on account of the guest speaker, was held on Friday afternoon, November 1st, at the Town Hall, with members of the Ivanhoe branch as guests.

Owing to the absence through illness of the president, Mrs. Robert Bristol, the chair was taken by the vice-president, Mrs. R. P. Wellman, and the meeting was opened with the Institute Ode and the Lord's prayer, and the welcoming of guests.

Correspondence included the letter from the Department regarding the yearly grant, and on motion of Messdames Anderson and J. Whytock it was decided that the secretary ask for the usual grant.

This was followed by the presentation by Mrs. C. Anderson, on behalf of Mr. Donald Whytock and his associates of the Madoc Dramatic Club of a handsome Union Jack, and the following address was read by Mrs. T. L. Nickle:

Madoc, Ont., Nov. 1, 1935. Madoc Women's Institute.

Dear Ladies:

It is our intention at this time to convey to you our expression of appreciation of your work in this community. The preceding year has been momentous in the annals of history more binding ties have arisen to hold together the greatest Empire the world has ever known. Despite the trying economic conditions prevailing throughout the world, Canada and the Empire have forged ahead.

Too much credit cannot be given their Majesties, our King and Queen, for their loyalty to their people, the wisdom of their thoughts and the prudence of their actions. We, the members of the Madoc Dramatic Society, feel privileged to have this opportunity of presenting to your organization on so memorable an occasion as the silver jubilee of our beloved rulers, this Union Jack, so symbolic of British traditions and principles of justice and fair play. We ask you to dedicate its use to the service of our country and to commemorate our membership in so great a fraternity as the British Empire when ever the opportunity arises, and we trust and pray that you will always respect it as a token of our liberty and freedom.

Sincerely yours,

Donald B. Whytock, President; Mrs. Wesley Hulin, Secretary-Treasurer; Mrs. L. Ashley, Mrs. Mary Wellman, Miss Clarice Dufosse, Miss Jean Phillips, Mrs. T. Jones, Harold Mulholland, Alex. Broad, Gray Rivers, Chas. Casement, Wesley Pinkham, Bernard Edwards, John Bristol.

On motion of Mrs. A. Smith, seconded by Mrs. J. M. Reid, the secretary was instructed to convey the thanks of the Madoc Women's Institute to the donors.

The report of the Institute Fair Booth showed the receipts of the day, \$97.75; expenditures, \$29.22; with \$15.00 for rent of booth and \$3.00 donated for Fair prizes.

Regarding the proposed clinic in which the Institute is asked to provide two nurses to assist the doctors, it was moved by Mrs. A. Smith and Mrs. G. Huffman that the Institute be responsible for two nurses at Madoc Town Hall on November 9th at 9 a.m. and to urge that all school children and those of pre-school age in Madoc village and vicinity take advantage of this opportunity for diphtheria immunization.

Mrs. H. P. Mooney of Toronto, the lecturer from the Department, was then introduced and spoke on "Responsibility of Institutes in Promoting Public Health." After a brief introduction regarding serums and their importance, Mrs. Mooney gave much interesting and educational information as to the care necessary in common colds, Gout, digestive disorders, nervous disorders, tonsils and teeth. She also spoke most earnestly as to the necessity of adequate rest, foot care, good habits of eating and drinking, exercise and the benefits of fresh air. Habits of thought were also discussed and the vital necessity of recreation and taking time for real play.

The roll call was answered by "One thing I do to keep well," and was well answered.

Mrs. Sills, president of the Ivanhoe branch, who with several members was present, was called on and as a member of the nursing profession urged the Madoc Institute to assist in every way possible the proposed clinic.

On motion of Mrs. Corrigan, seconded by Mrs. S. Ashley, a very hearty vote of thanks was tendered Mrs. Mooney for her instructive address.

Mrs. Connor addressed the meeting as to the real need of relief in the case of two families with several children. Donations of vegetables and clothing were promised and a generous shower is asked for this week.

MADOC ODDFELLOWS AND REBEKAHS INSTALL OFFICERS

(Continued from Page One)

Bain; Right Supporter, Vice Grand, Sister Eliza Moon; Left Supporter, Vice Grand, Sister Martha Phillips; Warden, Sister Vera Tanner; Conductor, Sister Jennie Morrison; Outside Guard, Sister Alice Rodgers; Inside Guard, Sister Elia Fluke; Chaplain, Sister Nina Embury; Pianist, Sister Minnie Ferguson; Recording Secretary, Sister Mary Wellman; Financial Secretary, Sister V. Belcher; Treasurer, Sister Keitha Holland.

The new Noble Grand, Sister Eliza Parks turned the meeting over to the officers of Madoc Lodge 179 I.O.O.F. The Noble Grand, Bro. Jesse Reid, asked the District Deputy Grand Master, Bro. R. Loucks of Campbellford, and his staff to take charge. Brother R. Loucks was assisted as follows:

District Deputy Grand Marshall, Bro. R. Sherman; District Deputy Grand Warden, Bro. C. W. Palliser; District Deputy Chaplain, Bro. A. D. McEachern; District Deputy Treasurer, Bro. R. J. Bullen; District Deputy Financial Secretary, Bro. J. D. McGregor; Dist. Deputy, Rec. Sec., Bro. C. Holmes; Brother Deputy Guard, Bro. J. Poulton; District Deputy Guard, Bro. R. Phillips.

The following officers were installed for the ensuing year:

Past Noble Grand, Bro. Jesse Reid; Noble Grand, Bro. Jos. Belcher; Vice Grand, Bro. Penny Holland; Warden, Bro. Don Whytock; Conductor, Bro. Mel Caverly; Chaplain, Bro. Charles Johnston; R.S.N.G., Bro. Robt. Bristol; L.S.N.G., Bro. Wm. Parks; L.S.V.G., Bro. Harry Tate; R.S.V.G., Bro. F. Phillips; R.S.S., Bro. Wm. Bateman; L.S.S., Bro. James Miller; Inside Guard, Bro. Jack Kincaid; Outside Guard, Bro. Ambrose Smith; Recording Secretary, Bro. G. C. Moon; Financial Secretary, Bro. C. I. Ross; Treasurer, Bro. W. H. McEain.

The newly installed Noble Grand asked all present to retire to the dining hall where a sumptuous banquet was served. Bro. Robert Bristol acted as toastmaster for the evening. A very interesting program was provided. Jack McEachern gave two recitations; Mrs. Fyfe rendered a charming piano selection; Mrs. Hammond amused the audience with a Scotch recitation; Mrs. Blanche Alexander gave a short address and Colin Ross sang several comic songs. Speeches were also made by Sister Eliza Parks, Bro. Ketcheson of Belleville, Bro. C. Pallister of Campbellford, the District Deputy President, Sister Effie Bailey and the District Deputy Grand Master, Bro. Loucks of Campbellford, also D. D. G. Marshall Bro. P. R. Sherman.

Among the visitors were Sister R. Ketcheson, Sister M. A. Phillips, Sister Alberta Carter, Sister Annie Rose, Sister Grace McEwan, Sister Gladys Bunnett, Sister Catherine Beal, Sister Susie Chester, Sister M. Newman and Sister Laura Burley of Quintana Lodge, Belleville; Sister Mary Jane Spry, Sister Jena Spry, Sister Mabel Williams, Sister Agnes Hammond, Sister Nellie Maynes, Sister Cora Waller, Sister Freda Broadworth, Sister Maude Bailey, and Sister Reta Wilson of Laurel Lodge, Stirling.

Present also were A. E. Newman, A. E. Benges and J. Ackerman of Campbellford; E. Broadworth, K. Sine and H. Chester of Belleville.

MEETING OF C. G. I. T.

The regular meeting of the Junior C. G. I. T. of Trinity United Church was held at the home of Miss Kathleen Phillips. The meeting was opened by repeating the C. G. I. T. Purpose, followed by hymn No. 429, "I Am So Glad That Our Father in Heaven." Ruth Gordon read the scripture and Audrey Sharp led in prayer followed by the Lord's prayer. The roll was called, each girl answering with their favourite character in the Bible. The minutes were read and approved, and the offering taken.

The business was discussed and it was decided that the next meeting should be held at the home of Miss Marjorie Cutbertson and the roll call was to be answered with a favourite hymn.

Thelma Foster read a story and Kathleen Phillips then favoured the girls with a piano solo, which was enjoyed by all. A song service followed and the meeting closed with "Taps," and a short work period followed.

Food, vegetables, and clothing for children up to 15 years of age is asked for and may be left at Connor's Hardware Store, or Mrs. W. E. Connor's residence, or bulky articles will be called for if notified by phone on Thursday or Friday.

The National Anthem closed a very interesting meeting and a social hour over the tea cups was spent by the members of the two Institutes.

LUMBER CAMPS

OPENING UP

Considerable lumbering activity will take place in this district this fall and winter. Hubbel & Son, lumber manufacturers, has opened up two camps on their limits in the vicinity of Paudash Lake. Martin Bros. of Baptiste has opened a camp in the vicinity of Lake St. Peter, with a second going in at Headquarters on Baptiste Lake. D. K. Card is operating a camp a few miles from Lake St. Peter for the Durham Furniture Co., and we understand several jobbers are making ready to operate for different lumber firms in the north. The opening of the camps

MISCELLANEOUS SHOWERS

A number of friends of Mr. and Mrs. Alex. Nicolson (nee Gertrude Brown) gathered at the home of Mr. and Mrs. S. A. McCarey on Friday evening to honour them with a miscellaneous shower. They were the recipients of many beautiful and useful gifts from their friends. Mr. and Mrs. Nicolson are residing on South Metcalfe street.—Tweed News.

will not only absorb considerable labor during the fall and winter months, but the manufacturing of the timber cut this winter into lumber next season keeps a number of men engaged.—Bancroft Times.

BELEVILLE MARKET SATURDAY

Bright sunshine and ideal fall weather contributed to make Saturday's Beleville market large in attendance, the part of both buyers and vendors.

Little change in prices were noted, except in eggs where a few cents reduction had been made. This popular commodity was quoted at 35 and 40 cents per dozen. Butter maintained its price at 25 cents per pound, or a common two-pound roll for 55 cents.

Now in the inside market, salm at about the same prices, but fat young chickens, selling at 60 to 75 cents and in some cases at \$1.50 per pair. Older hens are easily disposed of at from 45 to 50 cents. One fat goose was held for \$1.00, while ducks were also in evidence at from 90 cents to \$1.15.

Potatoes were quoted at \$1.15 per bushel, or 80 cents per bushel. Vegetables were still firm with carrots, cabbages, turnips and other staple foods ranging at from 30 to 35 cents per bushel. Most plentiful were the offerings of cauliflower, white and worm-wood, at from 5 cents to 10 cents per large head. Cabbage at 10 and 15 cents per head, pumpkins at 10 cents each and citrons at 10 cents are also in profusion.

Apples, one of the best crops in several seasons were plentifully displayed and sold at an average price of \$1.75 per bushel. Greenings, the most expensive, were quoted at \$1.25 per bushel.

There was no advance in the grain market on Saturday, according to the seedmen and buyers.

Declared due to the fact that the fish market has been slightly off, prices both for live and dressed ducks, dropped during the week. Saturday butchers were being paid at a price of 11 cents dressed and 7 1-2 cents alive. This is the best it has been for several months. Lambs are still firm, with choice ones selling at 14 cents dressed and 7 1-2 cents alive. Calves were steady and beef remained at about the same price as the week previous, with some alive and 12 dressed.

White fish at 15 cents per pound, at 10 cents, pickerel at 18 cents, at from 18 to 20 cents and catfish at 20 cents for a quarter, were a welcome change for many years.

Mrs. A. Thompson is spending a few days in Brockville with her daughter, Mrs. Morton.

MEETING OF QUEENSBORO YOUNG PEOPLE'S SOCIETY

The regular meeting of the Queensboro Y. P. S. was held in the church on Tuesday evening, October 29th. The meeting was opened by singing hymn No. 4, "For the Beauty of the Earth." This was followed by prayer by Miss Bonter. The secretary's report was then given.

It was decided to hold the meeting on Monday night next week because of the Young People's Rally which is being held at White Lake on Tuesday.

Miss Alleen Sager, social and literary convenor, took charge of the meeting. This part of the meeting consisted with singing hymn No. 140, "Far and Near the Fields are Teeming." The scripture reading, taken from Matthew 23:36-46, was a short passage in Luke, was read by Miss Jennie Sager.

Miss Margaret Reid gave a short reading which was followed by a solo by Miss Maria Alexander, "Who Will Our Pilot Be?" which was enjoyed by all. Alleen Sager then gave a very interesting reading, "In Answer to Prayer."

Lynn No. 300 was sung; and the meeting was closed with the League benediction.

AWARDED CONTRACT

Mr. Charles A. Dion of Elzevir, has been awarded the contract to supply fifty cords of dry hard wood at a price of \$7.50 per cord for the County of Hastings' buildings at Belleville. Mr. C. Bennett of Read, was awarded a similar contract.

OBITUARY

JAMES NICOLSON

The funeral of the late James Nicolson was held on Monday afternoon, November 4th, from the home of his daughter, Mrs. W. J. Rollins, Cooper. The cortege proceeded to the Cooper United Church for service, where many relatives and friends were present to pay their last tribute of respect. Rev. W. Fletcher of Cooper United Church, officiated at the church and graveside.

The deceased spent the early part of his life in Madoc. In 1906 he moved to Belleville where he lived until the past two years, since that time living with his daughter in Cooper.

Surviving are his widow, four daughters, Mrs. D. Asseltine, Belleville; Mrs. S. Narchen, Peterboro; Mrs. W. J. Rollins, Cooper, and Mrs. K. Campbell, Toronto. One son, Alex Nicolson, R.C.M.P. of Regina; one sister, Mrs. D. McGillivray of Wlarton; one brother, Angus, of Tweed. Interment was made in Lakeview Cemetery, Madoc. The pall bearers were grandsons of the deceased: Kenneth and Bruce Rollins, Charles and James Asseltine, Sam Marchen and James Walters.

Campbell, working at the Drummond Medical Building, Montreal. Dr. A. D. Campbell is Associate Professor of Obstetrics and Gynecology at McGill University.

RAILWAY TRACKS BROKEN, TWISTED AS EARTH QUAKES

The Northern Abitibi district reported considerable damage from the tremors that shook the area early on Friday morning. Railway tracks were broken and twisted, disrupting traffic on the transcontinental line of the Canadian National Railways.

The rumblings lasted for about one and a half minutes, arousing residents of neighboring settlements and causing consternation throughout the district.

Word reaching Doucet said the quake had caused a fissure about 250 feet long and 40 feet deep on the shores of Lac Memphigues.

The railway was reported to have been heaved from its position for several miles some distance below the village of Parent.

Halloran.

Junior I
Honours—Sybil Abbott, Barbara Nicol, Audrey McCumber, Ross Fleming and Kenneth Johnston, equal.

Pass—Gerald Osborne, Marion Embury, Allan Hunter, Barbara Davies and Jean Barry equal; David Casselman, Andrew Reynolds, Marjorie Whiteman, Lois White, Romeo Robillard and Alma Gordon, equal; Ronald Smith, Robert Bailey, Leo Murphy, Eleanor Carswell, Bobbie McCoy, Carl McCoy, Buddy Bassett.

Fail—Percy Crawford, Ethel Casselman, Stella MacMillan, Wilfred Murphy, Walter Lewis, Fred Hill.
Teacher, V. McGhee.

BACK TO FARM TREK REVEALED IN OREGON

Ten thousand more farms have been taken under cultivation in the past five years in Oregon, a recently completed farm census shows. This was a member of the baseball team for several years. His friends, who states, has come through no land are legion, will watch his coming boom, but has been the result of normal agricultural development.

Dr. Harry Blakely, son of Mr. J. H. Blakely, of Thomasburg, has purchased the medical practice of the late Dr. E. M. Ward of Foxboro. Dr. Blakely is well known in Tweed as past five years in Oregon, a recently completed farm census shows. This was a member of the baseball team for several years. His friends, who states, has come through no land are legion, will watch his coming boom, but has been the result of normal agricultural development.

Keeps you in touch with neighbours and friends.
Makes your shopping a whole lot easier.
Calls the Doctor in sudden illness or accident.
Enables you to arrange social affairs and meetings.
Summons help when fire breaks out.
Keeps business matters when you're bound to stay home.
Gets regulations when municipal laws, services, health orders.

WHEN the weather or household duties keep you indoors, and there are so many things you need and you simply haven't the time to go shopping . . . how handy it is to telephone.
The grocer or butcher or dry goods store is always glad to deliver your order just when you want it. So, the telephone smooths your daily path and stands guard in emergency.

"THE Value OF YOUR TELEPHONE IS JUST WHAT YOU MAKE IT"

WEEKLY NEWS LETTER FOR THE FARMER

Issued by the Central Experimental Farms, Ottawa, Ont.

Reduced 1935 Potato Crop

As a result of a reduced acreage and summer drought, the 1935 production of potatoes shows a decrease of 30.3 per cent compared with 1934, according to the first estimate of the Dominion Bureau of Statistics. Lower increases were planted to potatoes in each of the nine provinces, but the reductions in production were confined to the Maritime and Eastern Provinces and British Columbia. Each of the Prairie Provinces shows an increased yield over the extremely poor harvest of 1934, the total increase for the three provinces amounting to 2,806,000 cwt., or 50 per cent.

The crop in the Maritime Provinces is placed at 9,010,000 cwt., a reduction of 5,205,000 cwt., or 37 per cent. The Quebec production is lowered by 2,808,000 cwt., or 20 per cent, while the Ontario production is down 4,221,000 cwt., or 36 per cent. British Columbia also has a lower production, 928,000 cwt., compared with 2,250,000 cwt. in 1934. The yields in the Prairie Provinces in cwt. per acre (with the 1934 figures within brackets) were: Manitoba, 83 (55); Saskatchewan, 70 (28); Alberta, 68 (56). The first estimate shows the production of potatoes in all Canada in 1935 to be 38,345,000 cwt., or 75 cwt. per acre, from 507,900 acres, compared with 48,005,000 cwt. or 84 cwt. per acre, from 569,200 acres in 1934. The average yield per acre during the five years 1929-33 is shown as 81 cwt. per acre.

All-Manitoulin Turkey Show
The 1935 all-Manitoulin Turkey Show which will be held at Minde-

TURKEY'S TRADE REFLECTING ALTERED MODES OF LIVING

Modes of living have a decided effect on trade. This is illustrated in the case of Turkey and Syria. Popular tastes in Turkey have changed over to European ways of life and, consequently, adjoining countries such as Syria, which previously did a large trade with Turkey in natural silks and carpets, have lost a great deal of that trade. Japanese competition has also entered into the problem. In some of the Syrian towns, both in the case of hand and mechanical looms, attention is being directed to turning out new fabrics such as crepe, poplin and abghamis made of artificial silk.

BUILDING REVIVAL SEEN IN AUSTRALIA

A revival in one industry usually brings in its train an increased demand for other commodities. As a case in point, Australia shows a substantial increase in imports of carpets, linoleums and other floor coverings brought about by the large amount of building which is going on throughout the Commonwealth. The upward trend in prices for wool, Australia's chief export commodity, has been one of the main reasons for the return of more prosperous conditions.

RAIN-CHECKS WITH TICKETS ON FRENCH RAILWAYS

Railways in France provided their excursion ticket buyers with guarantees against rain upsetting their outings this summer, states F. J. Gemmell-Smith, writing in the October issue of the Canadian National Railways Magazine. On payment of a small supplemental charge every tripper was guaranteed a refund of the cost of his ticket if a minimum of 0.12 inches of rain was registered by the company's gauges at Boulogne and Le Treport.

SOUTH AFRICA HAS TO DEPEND ON CANNED FISH

Owing to climatic conditions canned fish enjoys a wide popularity in South Africa, fresh fish being in the nature of a luxury. Canned salmon and sardines are in the greatest demand for which Canada is the chief source of supply and Canadian sardines, in particular, have a ready sale.

moya on October 30th and 31st is gradually assuming national prominence. This year the show is celebrating its tenth anniversary, and the prize list is open to all classes of turkey raisers. The show is under triple auspices—the Manitoulin Co-operative Turkey Growers' Association; the Poultry Services of the Live Stock Branch, Dominion Department of Agriculture, and the Ontario Government Department of Agriculture.

PRESENTATION AND ADDRESS

Mr. and Mrs. William Collins, Mott, were pleasantly surprised on Tuesday evening, October 22nd, when friends and neighbours gathered and presented them with a beautiful Aladdin lamp and a handsome sum of money.

Mr. Mott acted as chairman and in a few well chosen words expressed the wishes of the community. The following address was read by Miss Ruth Edgerton:

Dear Friends:

We meet here tonight to tender you our best wishes for a long and happy future and to welcome Mrs. Collins to our neighbourhood.

We hope that you may both be spared to enjoy all the happiness and blessings of married life and may have patience and fortitude to overcome all difficulties and troubles.

You and your family have always been worthy of the highest respect and esteem; we are sure you will continue to uphold this tradition and to remain as we now regard you—jolly good fellows.

We ask you to accept this gift as a small token of our affection.

Signed on behalf of the community: Wallace McInroy, Angus Mumby, Don Holbert, Ross Ketcheson, Bun Herity, Burton Foster, Walter Thompson, Milton Vanderwater.

In reply Mr. and Mrs. Collins thanked the people very much for their kindness, after which all joined in singing "For They Are Jolly Good Fellows."

The evening was spent in games and dancing. Dainty refreshments were served.

CAR, OUT OF CONTROL, LEAVES TRAIL OF WRECK- AGE AND INJURED MEN

Wellington, Hart, 56-year-old resident of Smithfield, was unconscious Thursday and not expected to recover in Port Hope Hospital, the result of a curious auto accident.

Robert Dawson, Trenton boxer, received injured ribs and a lacerated face, and the third occupant of the car, Bruce Wood of Trenton, escaped with a few scratches.

The accident occurred on Wednesday on Jones Hill, west of Port Hope, on the Provincial Highway.

Provincial Motorcycle Officer McKellar of Port Hope, said the car went out of control at the intersection of a gravel road, shot sideways into a guard rail removing four posts and leaving the engine hood and radiator behind, swung hard into a tree and then described an "E" loop which took the car across the highway facing it in the opposite direction.

With the rear wheels still turning forward, the tires found their action and the car shot up the hill for 350 feet, crossing a ditch and finally stopping against a fence. The men were flung out at various points along the dizzy course of the car.

DOMINICAN HOUSEWIVES FAVOR CANADIAN ONIONS

Housewives in the Dominican Republic are shedding more tears over Canadian onions, according to latest trade figures 58 tons being imported in 1934, as against 1 1-2 tons in 1933. The United States, however, supplied the bulk of the 740 tons imported during 1934, the remainder coming from Spain, Chile and Egypt in addition to Canada.

C. N. R. EARNINGS SHOW GOOD INCREASES

The gross revenues of the all-inclusive Canadian National Railways System for the week ending October 21, 1935, were \$3,949,688.00, as compared with \$3,617,952.00 for the corresponding period of 1934, an increase of \$331,746.00.

BRIGHT THIEF STOLE RAILWAY LOCOMOTIVE

A 21,000 steam locomotive was stolen from a warehouse by someone who does things in a big way. An elevator derrick was used to hoist the engine on to a trailer but no one saw the locomotive leave the city.

FURTHER INCREASE IN C. N. R. EARNINGS

The gross revenues of the all-inclusive Canadian National Railways System for the week ending October 14, 1935, were \$4,129,006, as compared with \$3,232,378 for the corresponding period of 1934, an increase of \$896,628.

According to the latest estimates there were 55,700,000 sheep in North America in 1934. Canada had 3,400,000; the United States 52,200,000 and Newfoundland 100,000. In 1933, the number of sheep in the world was estimated at 683,300,000.

Taking your Dollar to Market

EVERY year your family, and every family of your acquaintance, spends about 70 per cent. of its income just for living, exclusive of rent—so economic experts tell us. Think what this means—seven dollars out of every ten invested in food, clothing, household utilities and all the multitude of things that keep a family comfortable and happy.

That part of spending is readily understood. But do you realize that every manufacturer and retailer of these necessities is planning how he can get your dollar?

It's a big job to spend so much money wisely and well. It requires careful business methods to get the best possible returns from each dollar that leaves the family purse.

The clever woman goes for help to the advertisements in her local paper. There she finds a directory of buying and selling. She learns about the offerings of merchants and business people. She compares values. She weighs quality and price. She takes this opportunity of judging and selecting almost everything she needs to feed, clothe, amuse, instruct and generally bring up her family.

Do you read the advertisements? You will find them willing and able to serve you in the business of purchase.

THE NORTH HASTINGS REVIEW, MADOC, ONTARIO

DO YOU EVER STOP TO THINK?

(By Edson R. Waite)

is said that the health of man is his greatest asset.

The world often forgets that man's life does not consist of worldly goods. It matters the wealth a man has does not have good health to enjoy it? What matters the mines, the forests, the industries, if men do not have stout hearts and strong arms to work them and the old world going?

Good health is not only essential to material success, but for the enjoyment of life itself. Freedom from sickness and infirmity insures the condition upon which success is possible.

When you buy products manufactured in the home town, you not only get the merchandise you know to be good, but the dollars you spend stay in your town and continue to work for you.

When you want the best grade of merchandise at the lowest price, read the ads in your local paper and buy accordingly.

A person with foresight spends money in his own home town.

You should know the reputation of business concerns of your town.

Know who sells merchandise of the highest quality and that it is priced before you buy.

Business concerns of the home town stand behind their merchandise.

Read the ads and buy from your merchants. You will then get the goods at honest prices.

EVERYTHING DATES

FROM THE FLOOD

The State of Vermont, and particularly in the Winooski Valley, are suffering from the flood. Not only the State but the whole country is suffering from the flood. The flood of 1927 when many towns were lost and millions of dollars of property destroyed. Railway lines and line were washed away and three months trains were again running through the State. The towns in the devastated area thought it would take a year to return to the engine whistle never-to-be-forgotten sound. There is no sign beyond "high-water marks" on station buildings in the farmhouses of the beautiful Winooski Valley.

SACRIFICES EYESIGHT FOR BENEFIT OF HUMANITY

A white man's sacrifice may aid the eyesight of Indians.

The white man was Clarence Brown, 50-year-old Iowan from Iowa City who risked and lost the sight of his one good eye that medical science might gain valuable new information on trachoma, a dangerous disease.

Brown, pronounced by physicians incurably ill from a malignant disease, entered the U. S. Indian hospital at Fort Gila, Ariz., last spring and permitted physicians to implant the virus of trachoma in his remaining eye.

The American Journal of Ophthalmology reports the experiments. Six weeks after the virus was implanted in Brown's eye he became totally blind, proving, the doctor's report said, trachoma is a communicable disease.

The experiment proved also the virus is so small it can pass through a filter which would halt ordinary germs.

CANADA INTRODUCES

GAITERS TO SCOTCH

Canadians are generally accustomed to the wearing of rubbers as a protection in wet weather. In the British Isles rubber coverings for the feet are not so common, the general practice being to wear heavier soled boots and shoes. This is particularly the case in Scotland. The women of Scotland are taking to the wearing of raincoats, or gaiters, introduced by Canada to the market last year in place of the old Wellingtons, which are now being relegated to the country and for use by children. Canada supplies the major proportion of the rubber footwear imported into Scotland, with Hongkong occupying second place. A part of the trade is supplied by domestic manufacturers.

SMITHS FALLS BOY

BELIEVED TAKEN

On Monday Smiths Falls police launched a widespread search for 8-year-old Gordon Taylor, said to have been kidnapped on Saturday from the farm home of his grandfather, Del Kane, near Franktown. Farmers aroused over the boy's disappearance, joined in a search of the countryside after being informed the boy had been seen last on the outskirts of Smiths Falls in company with a transient who had worked for two days for Kane.

Police said they did not know the transient's name. They described him as five feet, six inches tall, dark haired with a scar on his upper lip.

HUGE STOCK SHOW TO OPEN NOVEMBER 30TH

Preparations are under way to receive a record breaking entry of live stock and farm crops at the 1935 International Live Stock Exposition which will be held for the 36th year at the Chicago Stock Yards. The Exposition will take place from November 30th to December 7th.

The show will be staged in the mammoth new amphitheatre, constructed last year on the same site as the buildings that had housed this largest stock show on the continent since 1900 and which were destroyed by fire in the spring of 1934.

Secretary manager B. H. Helde predicts that the Exposition will break its own past records for both attendance and exhibits this year. He bases his opinion upon the notable success of recent State Fairs, many of which established all time records for both number of exhibits and visitors.

In anticipation of the large turnout this year, extensive though the new quarters for the show are, the management is constructing an additional building to be connected with the amphitheatre which will be used to stable horses. Construction was recently begun on the new building which will be completed shortly before the Exposition opens.

Though a final check on entries in the live stock departments, which close November 1st, has not yet been made, the management feels confident that the tally will be well above 12,000 animals by the time all nominations are in.

Held in connection with the live stock exposition is the International Grain and Hay Show, largest competitive crops contest in the world. Growers of nearly every state in the Union and province of Canada will be represented in this competition by samples of the past season's harvest. First entries were made by seven farmers from New South Wales who will exhibit wheat that earlier in the year had been awarded prizes at Australian shows.

Railroads entering Chicago have indicated that special excursion rates at attractive low round trip fares will be offered from points along their lines to Chicago during the first week of December for this event.

SEVEN POUND TROUT WINS NIPIGON SHIELD

The award of the Nipigon Shield for the landing of the biggest trout from the famous Nipigon River in Ontario, a well-earned trophy the lure of which brings many anglers to this stream year after year, was announced recently. For the second consecutive season the prize goes to a Port Arthur, Ont., man, this year being M. K. Morrison, who caught a trout weighing 7 pounds 1 ounce. Another coincidence is the fact that Charles F. Wright of Lisbon, Ohio, who was the runner-up last year with a trout weighing 6 pounds 8 ounces, is in the same category this year with a fish exactly the same weight.

NEW ZEALAND GETS FISH FROM CANADA

New Zealand is buying from Canada increased quantities of motor vehicles, tires, newsprint, canned fish, silk and artificial silk piece-goods, flour, gum boots, iron wire, leather footwear, agricultural machinery, cardboard and similar board, and adding machines, a comparison of figures for the first six months of this year as compared with the same period of 1934 shows. Canadian canned fish represented 59.1 per cent of the total imports. More Canadian radio receiving sets and electric stoves were also sold.

REMANDED ON

STABBING CHARGE

Charged as the result of an encounter in which he is alleged to have stabbed Steve Vesley, Gustave Szabo was remanded for one week in Magistrate's Court on Monday at Hamilton.

According to the story received by police, Mrs. Szabo and her two children were returning home from a meeting at the Hungarian Hall, when they met her husband, Gustave Szabo. It is alleged Szabo drew a penknife and leaped upon Vesley.

OPERATIC TENOR SHOOTS 500 POUNDS OF BEAR

Five hundred pounds of bear fell to the rifle of Lauritz Melchior, Metropolitan Opera tenor, when on a hunting expedition in New Brunswick with Richard Crooks, also a tenor. On arrival back in New York with the bear, he invited his friends to a party in which bear steak was one of the principal dishes. The opera singer bagged two deer and some woodcock in addition.

ADVERTISING Is Good For Us

The dusty picture of an optimist and a pessimist—the optimist being the doughnut and the pessimist the hole—is just a way of describing most of us: some of us habitually look on the bright side of things; others on the dark side. Always there are those who have a melancholy pleasure in fault-finding. And so there are always those who look upon advertising as an economic waste and a means by which the sale of inferior merchandise can be promoted. It is quite possible to discover wrong things about advertising—just as it is possible to find wrong things about water and air, about books and speeches, about motor cars and aeroplanes, about schools and churches, about Canadians and Scotsmen, about knives and forks.

Advertising is news and information, and who shall say that is wrong to communicate news and information? It would be a pretty dull world, full of dull people, if there ceased to be a dissemination of news and information.

In all ages and in all countries those giving out news and information have attracted to themselves attentive audiences; and this is as true today as it was 1000, 2000, 3000 years ago.

What Stores Are Busiest ?

Is it not those stores which give out most information about what they have to sell? The public is daily spending money—probably \$2 a day for every man, woman and child in the trading area covered by the circulation of our newspaper—or, say, \$2000 for every 1000 persons. So you can calculate for yourself—you, a retailer, what is spent daily in our own community for food, shelter, clothing and for all other things.

Mrs. Lant of Toronto, and Mrs. Gardiner of New York, granddaughters of the late E. C. Clarke, paid a visit to their former home here on Saturday.

Mr. and Mrs. H. Rollins, Jr., of Cooper, spent Wednesday with Mr. and Mrs. Cox.

Mr. and Mrs. John O'Rourke were Sunday guests of Millbridge relatives. Mr. and Mrs. George Holmes of Pine View, were guests of Mrs. John Groves on Sunday.

Mr. Bernard Barry left for Sudbury on Friday.

Miss Rosalie Generoux left on Monday for a visit to her sister, Mrs. F. Fitzgerald, at North Bay.

Mr. Arthur Wyatt and Miss Vivian of Cooper, have been visiting Queensboro relatives during the week.

Mrs. C. McMurray has returned from Eldorado, where she spent a few days with her parents.

Mrs. Woodcock of Bancroft, is

visiting her parents, Mr. and Mrs. F. Bosley.

The following extracts are from letters written by a Queensboro resident to a relative in the United States and are interesting in comparison with present prices of farm products: "Jan. 15, 1879—We would like to hear how prices are with you. They are very low here: wheat de-

livered at the mill, 70 to 75 cents per bushel. Good ham from 2 1/2 to 3 cents per pound; turkey, five for a dollar." August 1st, 1883—Beef is very high here. We have to pay from 8 to 10 cents per pound, and sometimes more." The difference in prices was due to the National Policy introduced in 1879.

RUGBY MATCH

On Friday afternoon, November 8, Tweed H. S. rugby team visited the Madoc H. S. squad and went down to a 10-0 defeat. Fumbles and loose handling of the ball proved costly to the Tweed team. With the exception of one in the first quarter, when a kick to "touch" would have given them a score, the Tweed team was never in a scoring position.

The first quarter ended with no score, the play being fairly even. In the second quarter the Madoc squad marched the full length of the field making yards time after time. An off-side on the Tweed team brought Madoc within a few feet of the Tweed goal line. On the next play, Kincaid pulled a quarter maul to score the first points of the game.

In the third quarter Tummon fumbled a kick behind his own goal line and Martin fell on the ball to score the final points of the game.

For Madoc, the work of Kellar, Ross and Noble stands out. The consistent ground gains by Kellar, the tackling and breaking up of the opposition's plays by Ross, and the fine job of kicking and passing done by Noble, were big factors in the win. Kincaid showed himself to be a capable field general and handled his team in fine style.

For Tweed, the plays of Price through the line were usually good for gains. The backfield work and kicking done by Tummon was good, and the defensive work of Leal made itself heavily felt.

The Teams
Madoc—Kincaid, quarter; Noble and Ross, halves; Muzro, snap; Bassett and Hawthorne, insides; Irwin and Bristol, middles; Ross and Pigman, ends; Kellar and Foster, wings.
Tweed—Leal, quarter; Lajoer, snap; Cotton and Hyck, insides; v. Jones, Tummon, and L. Price, halves; Curney and Vance, middles; A. Courneyes and Long, ends; D. Price and Drew, wings.
A return game will be played in Tweed today.

PRESENTED WITH KENWOOD BLANKET

On Monday afternoon the ladies of Trinity Women's Missionary Society visited Mrs. J. L. Rutherford at her home in Madoc and presented her with a beautiful Kenwood blanket in recognition of her services in the Society. Mrs. Rutherford will be missed very much by the ladies as she was an enthusiastic worker for the good of the Society.

ARMISTICE DAY

Monday, November 11th, was Armistice Day and a fitting service marked the day in Madoc. At 10.30 a.m. a service was held in Madoc Armories with a good attendance of citizens and war veterans. Mr. P. H. Naylor acted as chairman.

The meeting opened by singing the National Anthem, with Miss Lamorne West as pianist. Rev. W. A. Hunter of St. Peter's Church, led in prayer and gave thanks for the years of peace. Mr. Percy Naylor said that this was the 17th anniversary of Remembrance Day and we should call it Thanksgiving Day also, and pray that the League of Nations will find a solution to all their problems. The hymn, "Onward Christian Soldiers," was sung heartily by the audience. Rev. W. A. Hunter read the scripture lesson from the 2nd chapter of Isaiah. This was followed by the hymn, "Fight the Good Fight." The collection was taken by the war veterans and given to the Imperial Order, Daughters of the Empire, to help carry on their work.

Rev. I. E. Kennedy of Trinity United Church, gave an impressive address. "Seventeen years ago at 11 a.m. the armistice was signed. We should remember many things, among them the joy that filled our hearts, the relief to anxious souls, the black clouds of four years was lifted. We should remember the war, the cruelty, and awful waste of war. Twenty million lost their lives and nine million are war orphans. We don't want war, we want peace. We remember our heroic dead and honor them," he said, and he repeated a verse of "In Flanders Fields." "Today there is danger of a similar war. Can the world stand aside and let Italy do this? Is it Christian to stand aside and let another country suffer? Let us give our sanction to what the League of Nations decides. The benediction was pronounced by Rev. W. A. Hunter.

The assembly then paraded to the Cenotaph led by the war veterans. Mr. James Aylesworth played "The Last Post" and Rev. I. E. Kennedy performed the flag ceremony.

The following wreaths were placed at the base of Cenotaph in memory of the departed soldiers: Madoc Village, C. M. Wallbridge, Reeve; the Province of Ontario, Mrs. George Holland; Great War Veterans, Mr. P. H. Naylor; Anglican Church, Miss Gladys Aylesworth; Trinity United Church, Miss Helen Wellman; Sacred Heart Church, Mr. Michael O'Halloran; St. Peter's Presbyterian church, Tom Hawthorne; Madoc Women's Institute, Mrs. T. L. Nickle; Imperial Order of the Daughters of the Empire, Miss Florence Holland.

Rev. I. E. Kennedy closed the impressive ceremony with prayer.

MEETING OF ST. PETER'S W. M. S.

The regular monthly meeting of St. Peter's W. M. S. was held on November 7th at the home of Mrs. Mackintosh. The president, Mrs. McCaffrey, occupied the chair. The meeting was opened by singing hymn No. 589. J. Whytock read the scripture lesson from Matthew 25:31-45 and Mrs. McCaffrey led the meeting in prayer. The roll call showed 26 members present.

Mrs. Shaw and Miss Wright reported their four subscriptions for Glad Tidings. The sick and visiting committee reported four calls. A letter was read from the West Huntingdon W. M. S. inviting St. Peter's W. M. S. members to attend an open meeting on November 14th. Rev. Koffend of Stirling, will be the speaker. This invitation was accepted and as many as possible decided to attend.

Mrs. George Wright moved that a letter of congratulation be sent Miss H. Mackintosh on her appointment as Editor of Glad Tidings magazine. Mrs. McCaffrey spoke on mission work. Hymn No. 175 was sung. Mrs. Allen read an account of home and hospital in Alberta. This was followed by Mrs. W. Miller giving an account of the Hugh Waddell Hospital at Kenora. Mrs. McCaffrey gave an account of the South Porcupine Hospital and the Lucy M. Baker residence and on canning at the Vegreville School. Hymn No. 583 was sung, followed

PRESENTATION TO MR. AND MRS. RUTHERFORD

On Friday evening the members of the Madoc Community Club and their wives and friends tendered a farewell banquet to Mr. and Mrs. J. L. Rutherford, the former being the club president. Mr. Rutherford has been manager of the Madoc branch of the Canadian Bank of Commerce in Madoc for the past six years. Mr. and Mrs. Rutherford leave on Wednesday to take up their residence in Bradford, to which place Mr. Rutherford has been transferred.

At 6.30 o'clock about seventy-five friends of the club president gathered at Blue's Hotel where a sumptuous banquet awaited them. Mr. Robert Bristol, vice-president of the Club, acted as chairman for the evening. During the dinner Mr. William Fletcher acted as song leader and conducted community singing. Chairman Bristol called the meeting to order and called upon Mr. George West. Speaking briefly, Mr. West proceeded in part as follows: "We are gathered here tonight to bid farewell to an old friend and advisor. Some six years ago Jack Rutherford came among us as a stranger but soon he made his presence felt in many circles. Always willing to do his part at whatever he was asked to do, he has become an invaluable portion of the life of the community. With his experience gained in other places, he has made a great success as president of the Madoc Community Club. It was his great help that aided so materially in putting over the Madoc Old Boys' Re-union some four years ago. Both he and his wife have been a great help in the church and their influence will be felt long after they are gone. It is our sincere and earnest wish that in future days they may find happiness and success in their new home, and wherever they may be our continued best wishes will always be with them."

"As a token of our esteem and appreciation we ask you to accept this dinner wagon and we trust that it will always be a remembrance of and binding tie to all your friends here in Madoc."

The presentation was made by Mr. Wm. Fletcher. Mr. Rutherford accepted the gift on behalf of his wife and family and thanked all his friends for their kindness. Briefly he recalled his stay here in Madoc and expressed the opinion that he was glad to have been able to spend so vital a six years as the last six have been, in such a lovely place and among such worthy people. Coming here from Kent County, he said the first thing he appreciated was the beautiful scenery, the rolling countryside and the pretty lakes and forests. Then Madoc village itself with its built up front street its beautiful churches and schools were certainly a lasting impression of a new home. Mr. Rutherford briefly related some incidents such as the Old Boys' Re-union that would always remain indelible in his memory.

He also mentioned the fact that it had always been a pleasure to work in co-operation with Mr. McBain, the manager of the Dominion Bank. He found the merchants always willing to take advantage of any advice he was able to give and expressed deep regrets at leaving the village.

Mrs. B. Alexander rendered a lovely solo, an old German song, "Last Night," by Halfdan Kjerulf. She was ably accompanied by Mrs. A. Kincaid. Mr. Wm. Fletcher sang the familiar song "On the Road to Mandalay," and did justice to it with his deep bass voice. Mrs. Alexander accompanying him at the piano.

Mr. Bristol called up William McBain and Walter Whytock to add their words of farewell. Both of these gentlemen had only praise and appreciation for the work of Jack Rutherford and stated that they always found him ever willing to help and assist and deeply regretted his departure.

Mr. and Mrs. Rutherford were members of Trinity United Church while fraternally Mr. Rutherford belongs to the Masonic Order. They will take up their residence with their sons Mervyn and Donald in Bradford during this week.

by the Lord's prayer in unison. The next meeting will be held at the home of Mrs. Foote.

THE JUBILEE SINGERS AT TRINITY CHURCH

Trinity United Church were fortunate in having on Thursday night a return visit of the Jubilee Singers. These colored artists, who were here last November, created such a lasting impression that the church this year was packed to the doors. Their numbers sustained the most concentrated interest, and won unlimited applause, to which the singers responded graciously and most generously.

Miss Gaskin, the pianist, is an accomplished accompanist; Miss Bratton, the soprano, has a voice of sweetness and culture. Her solos were splendidly given. Miss Fowler, mezzo has an outstanding voice and was well received when she sang "Carry Me Back to Old Virginia." Miss Edmondson, the contralto, has a winsome personality, which was revealed in her rendition of "Stay in Your Own Back Yard," a solo replete with pathos.

Mr. Jones, tenor, has a voice as clear as a bell. Mr. Tate, the other tenor, who introduced the caste and announced the numbers, is a decided artist. His dramatic interpretation of different numbers kept the audience convulsed. Mr. Chiles, the baritone, also was clever in the same way. His rendering of "Old Man River," was received with spontaneous applause. Mr. Russell, the bass, a gentleman of generous dimensions, revealed a voice of wonderful range. His solo, "On the Willow Sea," was beautifully given and loudly encored. He responded with "The Old Bass Viol," which was also warmly received.

The male quartette were enthusiastically encored. Some of their numbers were "Crying Holy Unto the Lord," "Lil Liz, I Love You," "Pie Song."

The program was divided into two parts. In part two, the singers appeared in Darkey costumes, and sang plantation songs, with much action and characteristic emotion.

The ladies' trio, "Mighty Lak a Rose," was one of the outstanding numbers. This was followed by an "A, B, C" selection. Both numbers revealed beautiful harmony.

Other numbers by the entire group were, "Swing Along," a chorus with action; "Rock and Mountains," "Little Wheel Turning in Ma Heart," "You Better Run," "Balm in Gilead," "Battle in Jericho," "Blind Man," "Golden Slippers," "Lord I'm Hungry," "Gospel Train." This last named was given with action and was loudly applauded. Other numbers were, "Look Away to Heaven," "Climbing Up the Mountain," "My Lord What a Morning," "Chiming Bells," "Good Ligion," "Listen to the Lambs" and the closing selection "In My Father's House."

The entertainment opened with the singers and the audience singing, "Oh Canada," and closed with the National Anthem. An evening long to be remembered was fittingly concluded.

IN MEMORIAM

WANNAMAKER—In loving memory of a dear wife and mother, Mrs. Durland Wannamaker, who departed this life November 8, 1934.

Today recalls sad memories
Of a dear mother gone to rest.
And the ones who think of her today
Are the ones who loved her best.

Sadly missed by husband and family.

FREE CLINIC

A free clinic for administering Toxoid treatment for the prevention of diphtheria was held in the Town Hall, Madoc, on Saturday last. Dr. S. Eagleson, Medical Officer of Health, and Dr. S. R. Beatty, were in attendance, also Nurses N. Smith and Mary Bronson. Between 200 and 300 children were inoculated.

CARD OF THANKS

St. John's Ladies' Guild wish to thank all those who helped and donated to the supper to make it a success.

Mrs. Ed. Phillips, President.

LOCAL AND PERSONAL

Mr. and Mrs. T. Jones spent the holiday in Peterboro.

Mrs. Lowery is spending a few days in Flint.

Mrs. M. Caverly of Belleville, spent a few days in town last week.

Kodaks, Films, Developing, Printing, Rupert's Drug Store. 14-26

Mr. William McMechan, Sr., spent a day in Peterborough last week.

—Radios for sale and tubes tested free at Johnston the Druggist.

Mr. and Mrs. Buttmer Belshaw, of Stirling, were visitors in town on Thursday.

Mrs. Manley Fox has returned home after visiting friends in Sydenham and Belleville.

Mrs. George Huffman is spending a few days in Belleville with her son, Mr. Wesley Huffman.

Mrs. R. Wellman spent Wednesday last in Peterborough, the guest of her aunt, Mrs. Goldie Gray.

—Does your stomach rumble? Take Bismarck for indigestion. Johnston the Druggist.

Miss McDermid spent the week-end with her mother at Martintown. She was accompanied by Miss Hamlyn.

Provincial Police Alex. Kidd and family on Monday moved into Mr. Geo. Sills' residence on St. Lawrence street.

Mr. and Mrs. Archie Ashley and little son of Whitby, spent the week-end at the home of his parents in town.

Miss Margaret Kerr of Tweed, formerly of Madoc, has been elected president of the Ladies' Bowling Club of Tweed.

Mr. and Mrs. Percy Rylot and Mr. and Mrs. T. Rylot of Toronto, are spending a few days with relatives in Madoc.

Mr. and Mrs. Harper McClintock of Niagara Falls, N. Y., have returned home after spending the past week with his parents at Eldorado.

The many friends of Mr. Mervyn Rutherford, who was operated on for appendicitis, will be glad to hear that he is making a speedy recovery.

Dr. A. T. Embury of Bancroft, accompanied by his financial agent, Mr. James A. Moore of Queensboro, were in town on Wednesday of last week, settling up election accounts. Have-look Standard.

Mr. and Mrs. J. L. Rutherford and Donald are leaving today for their new home in Bradford. Mr. Rylot of Toronto, will have charge of the Madoc branch of the Canadian Bank of Commerce.

The congregation of St. John's Anglican Church held their annual fowl supper on Tuesday evening, November 5th, from 6 to 8. This was a very successful affair, and a large crowd was in attendance.

Mr. and Mrs. Robert Armstrong of Colborne, Mr. and Mrs. Harry Coulter of Smithfield, and Mr. and Mrs. Blake White and Roswell of Brighton, were guests of Mr. and Mrs. R. Wellman on Sunday.

Rev. Ivan Kennedy of Madoc, attended the Sunday School Convention at Muscow on Wednesday last, and renewed former acquaintances in town, visiting Mrs. C. O. Fuller and Mr. and Mrs. Morton, returning home Thursday.—Bancroft Times.

ST. PETER'S CHURCH

HOLDS ANNIVERSARY

On Sunday, November 10th, St. Peter's Presbyterian Church celebrated the 61st anniversary of their church and also the 90th anniversary of the founding of the Presbyterian Church. Rev. W. J. Walker, pastor of St. Andrew's Presbyterian Church, Belleville, was the special speaker at both services and gave two very interesting sermons. The choir rendered special music at both services with Mrs. Fred Ansell as the soloist in the evening.

On Monday, November 11th, a dinner was served from 5.30 in the basement of the church to a large crowd. At 8 o'clock an entertainment was given, addresses by visiting ministers and music. The choir had charge of the program which was most enjoyed by all present.

MADOC REBEKAHS AT STIRLING

The following Rebekahs attended a district meeting of Rebekahs in Stirling on Tuesday: Sister Mary Wellman, Jennie Morrison, Verna Belcher, Mabel Stoklosser, Eliza Parks, Gertrude Connor, Mabel Conley, Nina Embury and Mary Davies. The President of the Rebekah Assembly, Sister M. Lewis of Toronto, was also present. Mr. William Parks accompanied the ladies to Stirling.

HERE AND THERE

Though there are many kinds of times in this country, those in the majority of them seem to be back.

"Lapland is the most thinly populated country in the world," says a contemporary. It doesn't say how many Lapps there are to the mile.

The main waste of the Arctic waste is all that good cold going to waste.

People who denounce the churches really ought to look inside them once in a while, advises an exchange.

Politicians tell us that Canada is a land of milk and honey. Maybe, maybe. But lack of buying power has condensed the milk and gummed up the works.—Glencoe Transcript.

A novelist says that a man who would sooner play golf than eat should never marry. But why? Chances are that he will marry a woman who would sooner play bridge than cook.—Essex Free Press.

DEAD LETTER MAIL IS A SERIOUS LOSS

According to information received in the weekly Post Office Bulletin, the number of articles reaching the Dead Letter office indicates the serious economic loss which results from carelessness in the preparation of mail.

CONTENTMENT

A gentleman once had a board put up on a portion of his land. On it was written: "I will give this field to anyone who is really contented." When applicants came he asked: "Are you contented?" The general answer was: "I am"—to which the favorable reply was: "Then why do you want my field?" "Be content with such things as ye have"—is a text which should have a very special message for us all.

HERE'S A FEW INTERESTING FIGURES

There are over two hundred cheese factories in Eastern Ontario, giving employment to from three to five hundred people in addition to farm labor and the selling and distribution end. Over twenty million pounds of cheese made yearly in the Central Ontario district, bring between two and three million dollars into the district annually. Six thousand farmers are cheese in these millions, and everybody in the district benefits directly or indirectly, quite an important factor in the prosperity which has always distinguished this section of Canada above all others.

WAR ATROCITIES

War atrocities at their worst and most atrocious were surely brought home recently to families, men, women and little children by the radio. Descriptions were used, the scenes painted horribly and all the trimmings were delivered to make women go pale and everybody shudder. Battle broadcasters seemed to outlive each other to the point of hysteria in adding to the gruesomeness of the Italian bombing raid. Words did not suffice, expletives were used and exaggerations adopted which could not be found in any reliable newspaper despatch.—St. Catharines Standard.

STORY WITH A MORAL

The following where a moral is shown is taken from an exchange: "Recently a church congregation in a little Kansas town, built a new church. To pay for it they were

obliged to call on the merchants of the community for donations. The merchants responded liberally and \$300 was raised from that source. The last man asked to subscribe was John Smith a merchant. 'I will give you \$20.00 if you will allow me to add something to the list,' he said. The permission was granted and he wrote at the foot of the list:

John Smith \$20.00
 Mail Order House 00.00
 Pedlar and Transient 00.00

The church people saw the point when the minister read from the pulpit a list of the donors to the building fund, and since the dedication of that church there have been no more mail orders sent out from that town."

IF YOU DON'T KNOW NOTHIN'

He is a lad in the office of a weekly newspaper. He saw a pile of work on the desk of one of the front office staff. He looked at this small mountain, and then said rather wistfully to the person on whose desk it towered, "If you don't know nothin' you don't get nothin' to do." That observation is wisdom. It almost brought tears to my eyes when this pathetic remark was repeated to me. The lad had been denied the educational and social advantages which most of us have in large measure. He was denied the rough work in the printing office employing him. He has perception—perhaps not much of it, yet he saw what so many in better circumstances do not see, namely, that to those able to do big work, big work is given. The world has much work to give to those able to do it, and it is because of personal inability that so many are kept doing small work.—Kirkwood, in Marketing.

FOURTEEN ERRORS OF LIFE

To expect to set up our own standard of right and wrong and expect everybody to conform.
 To try to measure the enjoyment of others by our own.
 To expect uniformity of opinion in this world.
 To look for judgment and experience in youth.
 To endeavour to mould all dispositions alike.
 Not to yield to unimportant trifles.
 To look for perfection in our own actions.
 To worry ourselves and others about what cannot be remedied.
 Not to alleviate if we can all that needs alleviation.
 Not to make allowances for the weaknesses of others.
 To consider anything impossible that we cannot ourselves perform.
 To believe only what our finite minds can grasp.
 To live as if the moment, the time, the day were so important that it would live forever.
 To estimate people by some outside quality, for it is that within which makes the man.

OPPORTUNITIES YOU MISS

Sometimes you hear people telling of opportunities they have missed to become wealthy. Perhaps they had the chance to go in with Ford in the days when he needed a few thousand dollars, or to buy at a ridiculously low price a stock that was destined to a spectacular advance. Doubtless it is distressing to recall such missed opportunities, but so few of you ever had or ever will have a chance to become millionaires that you are spared this particular pang.
 Other opportunities, however, you are all the time passing. You miss the opportunity to cheer some one who is discouraged, to do a little kindness to some one who is unhappy, to show sympathy where it is needed, to rekindle the fires of hope in a fainting heart.
 If the opportunity for you to make a fortune presents itself, it is to be hoped you will recognize it and grasp it. It is even more important that you should seize the opportunities that are all the time coming your way, to be helpful to those, who but for your aid and encouragement might miss their way in life.

REMINISCENCES

The following items have been taken from the file copies of the Review.

FIFTY YEARS AGO

November 12, 1885

John Third announces the opening of a barber shop in Madoc.
 Mr. Frank O'Flynn has passed his second intermediate examination at Toronto.

Mr. Arthur Coe bought Major Rowe's property in this village.
 Mr. Scarlett is leaving Mr. Wilson's drug store to go to Lambton County where he has purchased a business.

A new self-feeding shingle cutting machine has been invented by a former resident of Madoc, Mr. J. Drake.

The colored folk Jubilee Singers who gave a concert here last Thursday night, had a full house and everyone was loud in their praise.

Rev. F. B. Stratton and daughter are busy organizing juvenile singing classes on the Madoc circuit.

Mr. Alex. Morrice attended the funeral of the late G. W. Berry at Millbrook on Saturday. Mr. Berry was employed in C. G. Wilson's drug store for a year and a half.

Mr. John Francis says to sprinkle dry slacked lime over the potatoes to stop them from rotting.

The proceeds of one week's work at the Deloro gold mine reached \$1,300.

On Saturday the last fall was laid and the last spike driven on the line of the C. P. R. at Eagle Pass, B. C., and the Atlantic and Pacific are now joined by the iron band through Canadian territory. The queen has cabled congratulations to Sir John Macdonald.

Riel has been granted a further respite until November 16th.

General vaccination for smallpox is to take place in Trenton and Brighton.

TWENTY-FIVE YEARS AGO

November 10, 1910

A great discovery of iron ore has been made near Madoc on the Welsh farm, by Mr. Longnecker, an American. Upon payment of \$10,000 to Mr. A. W. Coe, who has the mineral rights, he has acquired exclusive control.

Mr. and Mrs. Maybee of Madoc, are visiting Mr. and Mrs. E. Diamond at Cooper.

On October 29th at the home of Mr. Herbert Blakely his sister, Anna Irwin Blakely was married to Eugene Leonard Utter, of Newark, N. Y. The ceremony was performed by Rev. G. E. Ross of Eldorado.

The tax bills for the village are out and the rate is 21 mills.

Miss Lillian Garbutt who is attending Normal School at Peterborough, spent a few days with her parents.

Over 20 members of the Women's Institute met at the home of Mrs. A. Bouck for their regular meeting.

Mr. W. Rankin of Hermon, gave us a call last week and speaks of considerable activity in the Bancroft marble quarries.

Messrs. C. Henderson, T. L. Nickle, W. J. Moore, and T. F. Blue, have returned from a hunting trip.

Mrs. John McCoy passed peacefully away at her home in the Allen Settlement on October 29th.

The Methodist Sunday School Orchestra will be in attendance at a supper given by the W. M. S. on Friday.

Mrs. Joseph Tobin, at the age of 70, passed away on October 21st in Madoc Township. Mrs. Edward Kehoe of Madoc, was a daughter.

FIFTEEN YEARS AGO

November 10, 1920

The masquerade dance given by the Sunshine Club at the home of Mrs. Edward Cross on October 29th was a wonderful success. Master Campbell Wallbridge, dressed as a ghost, opened the door.

The October meeting of the Women's Institute was held at the home of Mrs. Wm. Kilpatrick on October 29th. Mrs. D. Brown reported for the O'Hara cemetery and showed a splendid work done and a surplus of \$54.44 on hand. Madoc cemetery committee reported having paid out \$240.00 for work.

Miss Mary Higgs of Peterborough Normal, spent the week-end at her home here.

Miss Edith Harris of Peterborough Normal, spent the week-end with her parents.

Mr. E. T. Naylor left last week to spend a few days hunting.

On Friday White Lake Cheese Company shipped a cargo of colored cheese to Montreal and secured a net price of 23-4c.

On memorial day five handsome memorial tablets were unveiled in the Orange Hall, Queensboro, in honor of the pupils from the five public schools who took part in the Great War. Rev. J. Trumppour of the Mesopotamian Forces, presented them to the Secretaries of the various schools.

PHEASANT HUNTER

KILLED BY SHOT

The two-day open season for the pheasant shooting claimed one life in the Lennox-Prince Edward district when William H. Woods, South Fredericksburg township farmer, died early Sunday morning in Kingston General Hospital as a result of shock.

Woods was accompanying John Hayes, Napanee Hydro lineman, on Saturday afternoon in search of a large cock pheasant that had just flown from Woods' farmyard to a nearby marsh. Hayes passed the bird in his hiding, but Woods, following about twelve feet behind, shouted as he saw it take to wing close by. Hayes turned quickly and his gun accidentally discharged just as he was about to shoulder it. The shot grazed Woods' hips.

He walked to his house nearby and Dr. D. R. Hall was called to dress the wound. The injured man requested that he be taken to a hospital. His death a few hours after admission was attributed to a weak heart. Hayes, a hunter of forty years, is unable to account for the premature discharge of the rifle. Coroner Dr. Hall has decided an inquest unnecessary.

Woods was 57 years old and came to Canada from England 20 years ago. He was a member of Union Lodge, No. 9, A. F. & A. M., Napanee and will be buried under Masonic auspices.

ELDORADO AND

UNION Y. P. S.

The weekly meeting of the Eldorado and Union Young People's Society took the form of a Halloween party instead of the regular meeting. About eight o'clock the young folks began to arrive dressed in Halloween garb. Mr. Cecil Robinson, attired as a policeman, was on guard escorting the young folks to seats and keeping order. Mr. Vernon Strebe, president of the Y. P. U., called the gathering to order about 8.30 and Mrs. A. McCreary, Mrs. L. Robinson and Mrs. W. Andrews were asked to act as judges as the weird looking forms marched around. As the costumes were all so well got up, it proved a task to do the judging. Finally the judges awarded the prizes to Mr. John Potts, best disguise; Verna Davidson, best fancy costume, Spanish Lady; Earla Carman and Donna Parnell, best comic costume.

As each was guessed they took off their mask. Games were then indulged in. A race of pushing a candy with the nose across the room was won by Cecil Robinson. Six young men took part in this game. A guessing contest then took place. A number of candles were placed in a box and the lucky guesser won the candles. Mrs. W. Chambers was the winner. A game of musical chairs followed and then a cat contest was put on which created much fun.

The meeting closed with the Mizpah benediction and everybody felt they had spent a pleasant evening. Before leaving all were treated to apples and candy.

BODY FOUND IN RIVER

Reported missing on Wednesday night and object of a search during the night, Mrs. Mary Crow, 47, of Chatham, wife of Hiram Crow of Dover Township, was drowned in the River Thames. Her body was found early Thursday close to the embankment of the river and not far from her home. Besides her husband she leaves two daughters and one son.

POISON TABLETS

FATAL TO NURSE

County Crown Attorney Atkinson said on Wednesday it was unlikely an inquest would be held into the death of Miss Madeline Easton, 39, registered nurse of Brockville. She died in the General Hospital on Tuesday afternoon after having swallowed some pills taken in error for quinine.

Miss Easton informed Dr. J. A. McEwen in clearing up the medicine cabinet of a patient whom she had nursed about a month ago, she had come across capsules marked "quinine" which she took home with her.

Suffering from a slight cold on Wednesday she took a dose of the supposed quinine, became violently ill and died about an hour later.

CORN CAUSES DEATH

A kernel of corn which lodged in his lung was blamed for the death of Gerald Latimer, two-year-old son of Mr. and Mrs. Latimer of Tilbury West Township. The boy swallowed the kernel on Saturday, was operated upon Tuesday in a Detroit hospital and died on Saturday.

WEDDINGS

WELSH—ELLIOTT

A very pretty wedding took place on Saturday evening at the home of the bride at West Huntingdon, when Hazel Irene, daughter of Mr. Fred Elliott and the late Mrs. Elliott, became the bride of William Earl Gardner Welsh, son of Mr. and Mrs. Edward Welsh, of Moira. Mr. Richard Irvin of Hamilton, who officiated at the marriage of the bride's parents, performed the ceremony which took place beneath an arch of evergreen from which hung a large white bell and pink and white streamers.

As wedding music was played by Miss Lily Ketcheson, the bride entered the room with her father, who gave her in marriage. She wore a lovely gown of Bergundy Lorraine velvet and matching hat, black satin pumps and carried white chrysanthemums and fern.

Miss Mildred Elliott, cousin of the bride, was bridesmaid and wore a pretty gown of rust crepe with brown velvet trimmings, and silver turban. Her bouquet was of yellow chrysanthemums.

Mr. Tom Seale of West Huntingdon, was groomsmen. During the signing of the register, the bride's sister, Mrs. Arthur Emerson and cousin, Miss Myrtle Wannamaker, sang very sweetly "I Love You Truly," accompanied by the bride's cousin, Miss Leatha Wannamaker.

A reception was held after the ceremony to which one hundred guests had been invited and were present from Toronto, Bancroft, Hamilton, Kingston, Belleville and Stirling. Decorations of evergreen with pink and white flowers made a beautiful background for the gathering. Mrs. Welsh, mother of the groom, was attired in blue crepe and received the guests with the bride and groom.

Later Mr. and Mrs. Welsh left on a honeymoon trip to Niagara Falls and western points, the bride travelling in a tunic frock of midnight blue with matching turban. Upon their return they will reside at Moira.

PRESENTATION

AND ADDRESS

Miss Hazel Elliott of West Huntingdon, was honored on Wednesday evening, previous to her marriage by a kitchen shower arranged by a number of her girl friends. She was the recipient of many handsome gifts. During the evening Miss Vera Fleming read the following address:

Dear Hazel:
 We, your friends and neighbours have gathered here tonight to in some tangible way express our congratulations and best wishes to you on entering upon the blissful sea of matrimony.

Hazel, you have always been a willing worker in our social circle and we felt we could come to you for help at any time. Your amiable disposition and kind-heartedness have won for you many friends. We are glad you are choosing a partner whom we feel we know and we heartily congratulate Gardner on his wise choice. May you always find the bright side of life as you travel together and may God's blessing rest with you both.

As a token of our esteem we ask you to accept these gifts, not for the intrinsic value but for the hearty good wishes they represent.

Signed on behalf of your friends at Bethel: Vera Fleming, Myrtle Wannamaker.

\$10,000 ROBBERY

REPORTED IN GALT

On Monday Galt police announced a \$10,000 robbery had taken place during the night at the Hi-Speed Tool Plant there. Two thousand Weddington Carbide metal tips, weighing about 100 pounds were taken.

The break-in took place between seven Sunday night and seven Monday morning. Entrance was gained through a broken window and then a door was jimmied.

The thieves unlocked a steel cabinet in the superintendent's office where the precious metal tips, none of which is three inches long, were stored. Harry Camp, owner, said the loss was partly covered by insurance.

BUDDING PLANTS BELIE

WINTER'S ARRIVAL

Second-growth cat-tails now fuzzing out again in the swamps and marshes of North Hastings were being picked on Sunday, particularly in the vicinity of Murphy's Corners, north of Madoc, where the typical early spring growth was declared to be heavy. A collection of the fine cat-tails was brought back to Belleville by one resident. Blue birds and song sparrows are still plentiful in the northern townships and wild flowers are again blooming, it was stated.

THOU SHALT NOT KILL

NEWS AND INFORMATION FOR THE BUSY FARMER

(Furnished by the Ontario Department of Agriculture)

Important Dates

November 12-15—Ottawa Winter Fair.

November 20-28—Royal Agricultural Winter Fair, Toronto.

December 3-5—Ontario Provincial Winter Fair, Guelph, Ont.

November 30-December 7—International Live Stock Exposition and Hay and Grain Show, Chicago, Ill.

Provincial Winter Fair

The Ontario Provincial Winter Fair will be held at Guelph on December 3, 4 and 5. This is the 53rd annual Provincial Winter Fair and it is expected that there will be a record entry in live stock, poultry and seeds. There will also be a junior agricultural department open to boys' grain and potato clubs, which is expected to draw a large entry. In connection with this there will be a judging competition with liberal prizes offered. Entries close on November 18th.

International Opens November 30

Preparations are under way to receive a record breaking entry of live stock and farm crops at the 1935 International Live Stock Exposition which will be held for the 36th year at the Chicago Stock Yards. The Exposition will take place from November 30th to December 7th.

The show will be staged in the mammoth new amphitheatre, constructed last year on the same site as the buildings that had housed this largest stock show on the continent since 1900 and which were destroyed by fire in the Spring of 1934.

Cost of Horsepower

Professor L. G. Hempel, of Macdonald College says: "There are 192,374 farms in Ontario, and figuring the horsepower cost at 12 1-2 cents per horse power, or \$1.25 per day, the horsepower bill for the province would be \$29,539,000 annually. There are also 19,000 tractors in Ontario and their operation cost per hour is in the neighbourhood of 70 cents. Adding together the horse-power cost and that of tractors brings the total bill to nearly \$43,000,000 per year.

Both mechanical and horse-power represent actual expenditures, and waste of power due to dilapidated condition of machinery causes losses which are just as real as those due to low crop yields, or sales for lower than normal prices.

Bean Marketing Scheme

The Dominion Marketing Board has announced more than 96 per cent of the Western Ontario bean growers voting in a recent poll favored continuance of the Western Ontario bean marketing scheme.

The announcement said a poll had been taken also on some amendments to the scheme which have not been approved by the government. More than 1,500 votes were cast in the poll and the favorable ballots represented owners of more than 96 per cent of the acreage under beans. The poll was conducted by mail.

The bean marketing scheme provides facilities for orderly marketing of the product under a local board established at Ridgeway, Ont. It has been in operation about a year, and affects all growers of dry beans in Kent, Elgin, Huron, Middlesex, Lambton, Norfolk and Essex Counties.

Royal Winter Fair

On November 20 to 28 the Royal Winter Fair will be held in the Coliseum at Toronto. To mark the 25th anniversary of the accession to the throne of King George V., the management is organizing the entire affair as a tribute to the popularity of His Majesty. The King is himself an enthusiastic stockman and a winner at many English and Scottish fat stock shows. There is promise of good entry from every province, and it is anticipated that the 1935 "Royal" will eclipse its predecessors in number and quality of entries. At no exhibition is there such a variety of agricultural interests displayed in such quantity under one roof. Throughout the fair, a part from the keenest of competition, the dominant note will unquestionably be the dedication of each and every activity to an adequate celebration of "The King's Year."

Topdressing Hay Meadows With Barnyard Manure Pays

Hay is the most valuable crop grown on the farms of Ontario. In 1934 the value of the hay crop of the Province exceeded \$53,000,000, or nearly forty per cent of the total crop value. Using the gold production of Ontario as a standard, we find that the value of the hay crop over the ten year period 1923-1934 amounted to \$101,402,000, or nearly double that

of gold, which totalled \$356,905,000, for the same period.

Hay produces digestible feed at comparatively low cost.

Recent studies show that the cost of producing a ton of digestible nutrients from the following crops is as follows: (1) Pasture, \$3.34; (2) Alfalfa hay, \$8.49; (3) Timothy hay, \$9.83; (4) Corn silage, \$14.46; (5) Oats, \$16.32; and (6) Mangels, \$25.55.

It is seen that next to pasture, which is our cheapest source of feed, hay stands an easy second. Should we then not pay more attention to our hay crop in Ontario?

Top Dressing Hay Meadows

A survey of some of the good farming areas of the province has shown that the practice of top dressing new seedlings in the fall, or the older meadows during the fall, winter or spring with an application of 8 to 10 tons of well rotted barnyard manure is meeting with success, and the practice is gaining in popularity. Top dressing new seedlings in the fall gives winter protection to the young plants and lowers the percentage of winter killing of the valuable legumes. One farmer stated that "I have never lost a seeding in 33 years by following this practice."

Storing Farm Machinery

Proper care should be exercised at all times to protect the large investment in farm machinery from rapid deterioration. Heat, moisture, wind, frost and direct sunlight are the most destructive elements encountered by farm equipment.

Storage means protection against these deteriorating effects, during the inactive life of the machines and has been found to be the greatest single factor in prolonging the life of farm machinery.

The most active period of deterioration is during the season of machine use. It is important, however, to protect machinery the year round from the effects of weather. Generous use of paint on all wood and metal parts, wherever the original has worn thin, and the removal to a dry shed of all spades, canvasses, knives, ploughshares, cultivator teeth, etc., immediately the machine is out of use, will help prolong the useful life of the implement.

Pack all bearings with the correct grade of lubricant. Cover all exposed metal parts worn bright from use with crankcase or transmission oil before putting the machine aside for a few days. This will keep out all dirt and moisture from the bearings and off the wearing surfaces, thus preventing excessive wear due to rust.

Clean all seed from drill boxes make sure that all dirt is removed from plough or one-way disk bottom; and that they are well greased before leaving. All straw, grain or weeds should be thoroughly cleaned from binders, combines, separators, cultivators, disks, etc., before greasing and painting for storage.

Bright sunlight and moisture cause exposed wooden parts to warp and crack, paint applied early will prevent this destruction. Metal parts exposed will rust and wear; grease or paint will save these surfaces.

TYENDINAGA MAN

IS SHOT IN HEAD

Thomas Ogden, 55, fourth concession of Tyendinaga, was rushed to the Belleville General Hospital Wednesday morning following his accidental wounding when a .22 calibre rifle discharged in his hands. Ogden is the tenant on a farm owned by the Beatty sisters and located north of Shannonville. The bullet entered Mr. Ogden's head and is lodged below his cheek bone, according to Dr. J. J. Robertson, who attended the injured man. Ogden will recover.

Provincial Police were notified the shooting and are investigating the cause of the accident.

MUSKRAT MOVES

INTO STIRLING HOTEL

A few days ago Mr. P. W. Long, proprietor of the Stirling Hotel, was puzzled by a hole he discovered in the basement of the building. Closer investigation revealed a liberal quantity of apples, and other eatables stored neatly in a corner by the wood pile. A carefully laid trap caught the unwanted boarder, a muskrat, in a few hours. Those in the district who understand this particular animal and its habits were surprised to hear of its wandering so far away from water.

DIONNE SISTERS

MAY GO ON SCREEN

The Dionne sisters may go into the movies—that is, when they are old enough.

The fact negotiations are under way to put the famous quintuplets on the screen was disclosed on Friday by one of their guardians, Hon. David Croll, Ontario Minister of Public Welfare.

"Yes, we are considering movie contracts," Mr. Croll said. "There are options on the quintuplets. They probably will appear in some sort of fiction when they are old enough. The government isn't exploiting them but is shielding their interests."

Although the quintuplets at the age of 17 months have piled up a fortune of some \$200,000, they will not continue to enrich themselves indefinitely at this rate, Mr. Croll said.

"They are building up a fortune, but there is no use in being money-mad," he said.

Mr. Croll was guest speaker at a dinner on Wednesday night in Boston. During the day he visited Mayor Frederick W. Mansfield of Boston. Acting Governor Joseph L. Hurley of Massachusetts and other city and state officials.

Tunnally Johnson, executive of Twentieth Century-Fox Film Studios, said a scenario was being written about the career of Dr. A. R. Dafoe, medical attendant of the Dionne quintuplets.

He would not disclose whether plans were formulated to place the famous babies under contracts for use in the picture. Recently, overtures were made to have the "quints" in "The Milky Way," a forthcoming Harold Lloyd picture.

PEAT BOGS TO

BE SURVEYED

The peat bogs of Western Ontario may provide a new industry for the province, it appeared on Thursday following an announcement the government is to conduct a survey of the fuel resources with a view to assisting in their development.

Hon. Paul Leduc, Minister of Mines, said A. R. Crozier of the Department of Mines would be in charge of the survey to be started at an early date.

Examination by the government of a 1,200-acre bog in Ellice township created the interest in peat, which led to the announcement. The bog mentioned is under processing by its owner, W. Leasa of Milverton, near Stratford.

This bog, on what is known as the Gads Hill Deposit, has been worked successfully by a new process. Mr. Leasa has an apparatus for properly pulping the peat and the shredded pulp was hung on racks and dried by wind and air instead of by the older, slower means of leaving the cakes on the ground to dry in the sun.

The peat, it is believed, could be marketed at between \$6 and \$7 a ton.

A LIBERAL EDUCATION

"I have called to see why your daughter, Emily, hasn't attended school lately," said the school attendance officer, as he stood at the cottage door.

"Cause I think she's learnt enough," retorted Emily's mother, shortly.

"Why," exclaimed the visitor, "she's only passed through two classes yet."

"Well, ain't that enough?" asked the woman. "I dunno what education is comin' to. When I was young, if a gel understood the elements of distraction, provision or obituaries, an' knew all the rivers and their obituaries, currents and dormitories, the provinces and the umpires she was reckoned to have education enough to see her through."

RING LOST SEVEN YEARS

AGO FOUND ON ROOT

Seven years ago Mrs. Felix Rodberg of Northbrook, about 65 miles north of Kingston, lost her wedding ring.

Mrs. Rodberg's children brought to the house one day last week a root of horseradish they had pulled up in the yard near the house. The root had grown clean through Mrs. Rodberg's wedding ring.

Skunk-tail grass, or wild barley, is a native perennial occurring from Lake Superior westward, particularly in alkaline soil where better grass cannot thrive. It is found occasionally in Eastern Canada. This grass is a serious enemy to western stockmen, being a source of injury to horses, cattle, and sheep through the barbed seeds and awns penetrating the soft tissue of the animals' mouths and causing irritation and inflamed ulcers.

SAVE TO BUY AND BUY TO SAVE

READ THIS HEADLINE FORWARDS OR READ IT
BACKWARDS—IT GIVES YOU THE SAME,
SOUND ADVICE!

You have certain living expenses—rent, food, clothing, light, and other necessities. You save money every week so that these bills can be paid at the first of every month. Whatever else you buy must come from surplus savings, over and above those set apart to cover living costs. To make those savings buy the utmost value for the money is the essence of true economy.

Save to buy — then buy to save. Know what you need to buy before going to the store. Know what you can afford to pay before you start out to make a purchase. This is the one sure way to get the most for your money.

Make it a habit to

Read the Advertisements

In The Review every week. By doing so you will learn where to buy the things you need and where your dollar will buy the greatest value. The advertisements will show you where to purchase better food, better clothes, and yet save you money. They will help you live better and enjoy the good things of life.

They Help You To Buy In Order To Save

AUTO-BUGGY CRASH

Mrs. Thomas Hooper of Seymour Township died on Monday night of last week from injuries received two weeks previously when the buggy in which she was riding was struck by an auto driven by W. Colterjohn of Peterborough. Besides her husband, one daughter, Mrs. Edgar Stollery, survives.

"BILLY" SUNDAY DIES AT AGE OF 72

The Rev. William (Billy) Sunday, 72, well-known evangelist, died suddenly Wednesday night of angina pectoris, at the home of his brother-in-law, at Chicago.

Sunday, who went to Chicago several days ago from Winona Lake, Md., dined with his wife and Mr. and Mrs. William J. Thompson, his brother-in-law and sister. He went upstairs shortly before 8 p.m., after complaining of illness, and died before a physician arrived.

VICEROY REGRETS TRAIN KILLED HORSES

Baron Tweedsmuir recently directed a secretary to write a letter of regret to a Pendleton, Ont., farmer whose two horses were killed on Monday of last week by the Viceregal train as it sped towards Ottawa.

The farmer, Ovide Boudreau, narrowly escaped being struck by the train himself as he sought vainly to drive the horses from the track onto which they had started after escaping from their pasture.

The Governor-General knew nothing of the incident until he read it in a newspaper. Pendleton is about 20 miles east of Ottawa.

SUBSCRIPTION OFFER

The attention of our readers is called to the big subscription offer advertisement appearing on page eight of this issue, in which three magazines, together with the Review are offered for the sum of \$2.50 per year. This offer applies to both new subscriptions and renewals. A choice of five magazines is offered and all you have to do is to mark the coupon and send or bring it in, together with the required amount of cash to this office and we will do the rest. Better secure yours while this offer holds good.

TOOK LIVES OF FIVE PATIENTS

An unidentified English doctor has admitted, the London Daily Mail said recently, taking the lives of five private patients whom he could not cure.

In what the newspaper called the doctor's "confession," the medical man declared:

"I've taken life on five different occasions. My conscience never pricked me. I will carry with me memories of those cases and the happy faces before they died."

The interview with the doctor, described by the Mail as a "kindly faced elderly family doctor," was used as an argument for formation of the proposed voluntary Euthanasia Legislation Society, designed to allow patients suffering from incurable disease "the right to die."

OBITUARY

MRS. SUSAN BULPIT

On Friday morning Mrs. Susan Bulpit, widow of Charles Bulpit, passed away at the residence of her son-in-law, Richard Stapley, in the second concession of Thurlow, just adjacent to Belleville. She had been ill for about two weeks.

The late Mrs. Bulpit was in her 68th year and was born in Belleville, her parents being the late Mr. and Mrs. Frederick Kellar. She was a member of the Salvation Army and well respected by those who knew her.

Surviving are three daughters, Mrs. Richard Stapley, Thurlow; Mrs. Geo. Wright, Belleville; Mrs. Roy Clark, Thurlow; one son, Stanley Bulpit, Belleville; three sisters, Mrs. Allan Stapley, Toronto; Mrs. John Deval, Toronto; Mrs. John R. Deval, Thurlow; one brother, Christopher Kellar, Thurlow.

BURNED HIS MONEY

TO SPITE RELATIVES

Roman Ibanez, the richest man of the village of El Pobo, in Spain, apparently did not think much of his relatives.

He has burned his fortune of \$3,000 and emptied a jar of silver coins into his well.

When his disappointed relatives learned of his action they asked him what he meant.

"I did so that none would enjoy the income from the sweat of my brow," he replied.

HARRY O'DONNELL ARRAIGNED THURSDAY

Harry O'Donnell, service station attendant, was charged in police court at Toronto with the murder of Ruth-Taylor, pretty 20-year-old stenographer and remanded for hearing until November 15th.

O'Donnell without the windbreaker he wore when arrested, stood in the dock before Magistrate Browne and heard the charge he killed the girl whose battered body was found in a rain-soaked ravine in the east end of the city on Tuesday.

O'Donnell wore a mechanic's blue shirt, blue breeches and black leggings. He stood with folded arms leaning against the rail of the prisoner's dock as Clerk Fred Sheriff read the charge.

The 25-year-old mechanic whose wife gave birth to a baby boy on the Saturday previous, appeared slightly pale but showing little effect of the eleven-hour grueling and a night in the cells.

BERMUDA IS STAGING A GAME FISHING TOURNEY

An opportunity for sportsmen to enter a fishing competition at a time when angling in North America is over will be inaugurated in Bermuda with the first Annual Bermuda Game Fish Tournament, beginning December 20th and lasting until January 10th next, this tournament being under the auspices of the Bermuda Trade Development Board. The clear waters of the North Atlantic surrounding Bermuda contain many fine specimens of the sports variety of fish, this line of sport being one of the great attractions to visitors. Of the 168 varieties of fish observed in Bermudian waters, there are many suitable for the angler, chief among these being the marlin, wahoo, tuna, bonita, barracuda, amberjack, and rockfish. Tuna and wahoo have been caught in large numbers and are capable of giving real battle.

ENJOYS AIR RIDE DESPITE 84 YEARS

Barnstorming aviators were surprised in Lindsay recently when a lady well past her 80th year walked up to one of their aeroplanes, paid her fare, and asked to be taken for a sky ride.

It was Mrs. Jane Cairns of Lifford, who, to celebrate her eighty-fourth birthday, asked to be driven the eighteen miles in from Lifford to Lindsay to see the cloud-wagons. Mrs. Cairns, who walks with the aid of a cane, was assisted into the passenger seat of one of the planes and was taken for a short journey.

She never had seen a plane on the ground before. On returning to earth she said: "I never thought I would be up there floating around in the clouds, but I certainly did enjoy the ride. I wish they had invented those air machines long ago, so that by now everybody could have one."

CHAMBER WISHES

ROAD COMPLETED

The meeting of the directors of the Belleville Chamber of Commerce on Thursday was devoted almost exclusively to matters in connection with the membership campaign. The reports submitted on the progress of the canvass were quite satisfactory. On Friday evening an open forum meeting was held at the Queen's Hotel at 6:30 o'clock and at this meeting a number of the new members were introduced and welcomed.

The question of the Faulkner highway from Madoc to Bancroft and Maynooth received some consideration and it was decided to have this project the principal subject for discussion at an open forum meeting on the evening of Tuesday, November 26th. The directors consider the completion of the highway as soon as possible to be of great importance to Belleville and the County.

HUNGERFORD S. S.

20 LOSES APPEAL

On Thursday the Ontario Court of Appeal dismissed an appeal of the Public School Board of Section 20 in the Township of Hungerford against a judgment of the Fourth Division Court of Hastings County awarding the Board \$17.85 for the fees to be paid by Joseph Fenlon for the attendance of his four children at the school in Section 20, during the last four months of 1934.

In its appeal the School Board asked that judgment be given in its favor for \$18.44 and costs against Fenlon.

Fenlon lived in Hungerford Township but his land was situated in School Section No. 4. He found it more convenient to send his children to the school in Section 20.

THE CROWE LAKE ROAD

Through the influence of Hon. J. A. Faulkner, M.P.P., Minister of Health, a grant was received a few months ago for the purpose of rebuilding part of the Crowe Lake road. The grant was made by the Department of Northern Development, and the work was done under the supervision of the engineers of that Department in the Madoc office, with Bruce McInroy as foreman. The section of the road rebuilt was from the third concession, which was opened up last year by Mr. William McCoy, to Tippecary Hotel.

The road is now equal to, or better than the ordinary Provincial Highway, and many have expressed their appreciation of the great improvement made. Mr. Bruce McInroy, foreman on the job, is being complimented on the fine work done. The assistance of Hon. Dr. Faulkner in securing the grant is much appreciated.

About twenty-five men received work on the job, some for part time and some for nearly the whole time. The work was in progress and it meant a good deal to them. Part of the men had been on relief and others might have been forced to go on relief if it had not been for the work thus provided. One of the most satisfactory features of the whole affair is that the work was completed for considerably less than the amount of the grant, and the balance will be available for other very necessary work. The cooperation of Mr. Zimmers, chief engineer in the Madoc office, and Mr. Breithop, assistant engineer, who was supervisor of the job, made the work much easier. They were always courteous and considerate and ready to help in every way.—Marmora Herald.

THANKSGIVING AT

ST. PETERSBURG

Thanksgiving in an atmosphere and climate suggestive of June will be enjoyed by thousands of northern winter visitors to the Sunshine City at St. Petersburg for their first visit to Florida. The great American holiday will be observed in the old fashioned way with appropriate services in all churches and special entertainment at the leading resort hotels.

Harvest dinner dances will be held Thanksgiving week at the Hotels Huntington, Suwannee and Princess Martha, opened weeks earlier than in former seasons, while similar functions will be given by the younger set at the St. Petersburg Yacht Club and Lakewood Country Club.

Sailing races for the Junior Chamber of Commerce silver trophy are scheduled for Thanksgiving afternoon.

Motor travel in St. Petersburg is heavier than in former seasons as tourists pour into the Southland from the New England and Middle Western States. Hundreds are already there from Canada for the season.

New dress is being taken on by the Sunshine City in preparation for the post-holiday rush, with fortunes being expended in making alterations to the smarter hotels scheduled for openings in early December.

In keeping with a greatly enlarged social program for the entertainment of the city seasonal guests, the Junior League has included in its calendar a style revue, cabaret dance and their annual ball to be held in late January.

Among the recent arrivals from Ontario who are enjoying their visit in the Sunshine City is Mrs. F. A. Harrison of Madoc.

TWINS BORN

ON TRAIN RECALL

PIONEER DAYS

Modern railroading was given the test of pioneer days when twins were born on the Continental Limited, the transcontinental train of the Canadian National Railways, recently. The mother, Mrs. Nazarene Ricci, of Capreol, was bound for Toronto when the premature birth took place. The train had passed Washago Junction when Mrs. Ricci was taken ill and the sleeping car conductor, assisted by some passengers, administered to her. A telegram was speeded to the nearest town summoning a doctor, but the twins were born before medical aid could be obtained. An ambulance met the train at Toronto and the mother and babies were taken to the house of a friend. Latest reports stated that both mother and little baby daughters were doing well. During the early days of railways, when the country was sparsely settled, records show that children were not infrequently born upon trains before medical aid could be obtained.

The advertisements bring you new and better things to have and easier ways to live.

GOLD IN THURLOW TOWNSHIP

For many years the centre township of Hastings County have been the scene of numerous attempts by various parties to mine gold to a greater or lesser degree. As a rule the ore occurrences have been spotty and not consistent enough to call for the equipment of a large milling plant on any one property and provide for the continuous operation of the same. South Hastings has never figured in the mining picture at all for most of the surface indications are limestone quite barren of mineral showings. However, it has remained for a Toronto physician, Dr. E. M. Carefoot, to make the initial discovery of gold-bearing ore in South Hastings and a very short distance from Belleville.

Rumors have been going around lately that oil has been discovered on some farms near Ross's Corners also that several large mining companies were drilling for gold in the same territory and over towards Latta as well. However, the true fact of the matter is a much more romantic one, so it is reported, giving the hint of almost having accomplished the impossible. To get a true perspective it is necessary to go back a ways so that the story may follow through in its logical order.

Dr. Carefoot for the greater part of his professional life practised medicine in Regina, later on establishing a cancer clinic which he operated with considerable success. While on a trip to Germany a few years ago, he obtained an electrical machine which he used in his work of cancer treatment. One of the doctor's hobbies was the study of geology and metallurgy and it occurred to him one time that the theory of the operation of the electrical machine should prove useful to him in locating ore bodies some distance under ground.

To prove out this theory he journeyed to different mining fields and put it to the test. It responded in a surprising way, in fact so well that he was able to define ore bodies that no one ever suspected and also to outline their occurrence and tell with some degree of accuracy the depth below the surface and what was the chief constituent of the mineral bearing ore. Countless experiments were conducted over a period of years so that within the past year the physician-geologist had sufficient data on hand to proceed with the work he had in mind.

In 1934 he retired from active practice and moved to Toronto where he now resides. Last summer he was motoring north from Belleville along the Foxboro Highway. He had his electrical diviner along with him. In the vicinity of the third concession of Thurlow he noted that the machine indicated ore bodies.

GOOD DEMAND IN BRITAIN FOR BUILDING BOARD

The acoustic and thermal properties of building board are becoming more widely known in Great Britain, as well as the possibilities in the way of decoration, and it is being increasingly adopted for factories, public buildings, radio studios, and private homes. Municipal housing schemes are making great strides in the United Kingdom. This year Bristol, in the West of England, alone, will erect 300 homes through its municipal housing committee in various sections of the city and suburbs, while the various building societies are assisting in the building of nearly 1,800 others. The Corporation of Bristol has recently built a large block of modern flats in the centre of the city and is planning for others to be erected shortly. Canadian building board is well received in the West of England and elsewhere in Great Britain, and the great amount of building which is going on should result in increased sales. Bristol has always been closely associated with Canada, even from the very first; it was from the Port of Bristol that John Cabot sailed in 1497 and discovered the North American continent, touching at Cape Breton, in Nova Scotia.

WATER TURNED BLACK BY QUAKE

Officials of the Belleville waterworks department are pondering the reason for the sudden transformation of pure clear spring water into an inky black fluid in the well of Mr. Peter Graham, fourth concession of Sidney.

The color of the water changed from clear to a deep black color overnight seemingly as the result of the earthquake which shook that section recently.

A sample of the water which is declared by the owner of the well to be pleasant in taste, is being forwarded the Belleville waterworks department for analysis.

WORD PORTRAIT OF THE TWEEDSMUIRS

Lord Tweedsmuir, Governor General of Canada, is slender, clean-shaven and of medium height. His complexion is dark and he is ruddy of feature. A high forehead accentuates his penetrating, kindly eyes.

Her Excellency, Lady Tweedsmuir, on the other hand is fair, and it is after her that the flaxen-haired Hon. Alastair Buchan, Their Excellencies' youngest son, takes. The young man, who has the build of an athlete, may attend a Canadian University—either Toronto or McGill.

USE 1936 MARKERS BY END OF YEAR 1935

Motor vehicles must be fitted with 1936 markers by the beginning of the year, department officials stated.

The information gave notice of a sweeping reversal of policy dating back to the Conservative administration when the Department of Highways first permitted time extensions.

Registration branch officials reported recently there was a steady but not heavy demand for the 1936 black and white markers.

BELLEVILLE MARKET SATURDAY

Saturday's market at Belleville was largely attended by both sellers and buyers. While garden and farm products were offered for sale in considerable quantities, the greater part was disposed of. There were few changes to note in prices from those of the previous week.

Domestic poultry was a feature of the market, including chickens, turkeys and two turkeys. Chickens were in price from 65c to \$1.00 each according to quality; ducks 80c to \$1.00 each, and the two turkeys offered for sale sold at \$2.50 to \$2.75. Eggs No. 1 commanded a good price, namely, 40c per dozen with pull-out, selling at 35c per dozen. The price for butter was 25c per pound.

The hog market showed a rather slight rise in price, live hogs being quoted at \$7.50 per cwt., and dressed hogs at \$11.00 per cwt.

Vegetable prices remained stationary with onions, parsnips, carrots, and beets retailing at 30c a bushel. Cauliflower ranged in price from 10c to 20c, according to size. The ruling price for potatoes was 25c a bushel, and \$1.00 to \$1.10 per bag. The grain market the prices for the chief products were: oats 25c a bushel; barley 40c and wheat 60c a bushel.

Fish vendors did considerable trade at prices which were reasonable. Lake fish, 15c per pound; lake salmon, 19c, and herring, eight for 25c. Apples were quite plentiful ranging in price from 30c to 45c per peck, according to quality.

LAWS TO HOUSE THOUGH LEG BROKEN

Arthur Fliset, 40, of Montreal was taken by a motor car as he stood beside his disabled truck on the highway near Berthier on Saturday. His was broken, his body bruised and bleeding. But he dragged himself across the road, through a ditch and up a driveway leading to a farm house.

The barking of a dog awakened the occupants and they found Fliset at the front step. An ambulance was called from Montreal and was roaring down the 40-mile return trip when it died.

Physicians said his heart had been taxed by the long crawl.

BER SALES BEST SINCE 1927 SAYS G. M.

Total sales of General Motors cars, trucks to dealers in the United States, Canada, and overseas shipments during October were reported as the highest for that month since 1927. October sales to date in the United States were the highest since that month in 1929.

Total sales to dealers in the United States and Canada, plus overseas shipments, were 127,064 units in October, against 39,152 in September, 1934.

LEG BROKEN LEG SUCCESSFULLY TREATED

A valuable purebred Jersey calf, owned by Mr. Wesley Brady, had had leg broken about two months ago. The leg was fractured below the knee and was attended to by Dr. L. O'Hara, with the result that the calf was as good as ever. The value of the calf may be estimated from the fact that it was sold for \$2,000.00, a record for a calf of 800 lbs. milk, 487 lbs. with an average test of 5.53 per cent butter fat—Campbellford Herd.

Open Thursday Evenings

IVANHOE WOMEN'S INSTITUTE HOLDS PARTY

On Thursday evening, October 31, the Ivanhoe branch of the Women's Institute staged their annual Halloween party in the town hall, when an extra large crowd gathered, most of them being dressed in keeping with Halloween. Those in charge of the parade said it was the biggest and best they ever witnessed, over 100 being in attendance. Following are those who captured the prizes:

Children's parade—Miss Joyce Wallace, representing Miss Canada; boys' comic costume, Mr. Lindsay Sills, dressed as a Chinaman; comic dress, Messrs. Russell Sills, and G. Ashley, dressed as dukes; young lady comic dress, Miss Marjory Prest, black cat; adults comic dress, Mrs. Thomas Fleming, as Babe Ruth; skeleton dress, Miss Carry Gay.

Mrs. Samuel Doman was pianist for the parade and Mrs. Geary, Mr. Arthur Wood, and Mr. Stanley Prest, were the judges.

Mr. Chester Sills very capably acted as chairman for the program which followed.

Chorus by the pupils of Ivanhoe Public School; Reading, Mrs. John Clement, "The Man in the Moon"; ghost story, Mr. Charles Moran; address, Mr. Henry Wallace; chorus, Ivanhoe School; reading, Miss Edith Tenner; instrumental selection, Miss Hilda Kilpatrick; Halloween Ramblers.

This was under the direction of Mr. and Mrs. Reginald Haggerty and was a program in itself.

Song, "Santa Claus Coming to Town," C. Haggerty; several banjo selections, Reg. Haggerty; two colored ladies gave some old melodies; cowboy songs by Glen Haggerty. A lunch and social time closed the party.

MEETING OF BEULAH W. M. S.

The monthly meeting of the Beulah W. M. S. was held in the church. The meeting was opened by singing hymn No. 83, "See How the Great Flame Aspires." After a short prayer offered by the president, the Bible reading from Psalm 96 was read by Mrs. Davidson.

Mrs. Clement read a message from Mrs. Forbes. An invitation was extended to the Society from St. Andrew's to attend their open meeting on November 14th. The minutes of the last meeting were read. Then a business period followed. Mittens were brought to send in the bales to the West. A quilt was to be made ready for the next meeting. A letter was read from Mrs. Dafoe concerning Temperance.

Mrs. W. Wickens and Mrs. Clement finished the Study Book on India. The new Study Book will be taken next month. Mrs. Clifford Mitz and Mrs. Davidson will introduce it and have the first chapter. Mrs. Lovibond read an article from the monthly "Whose Gift It Is." Miss Lackey gave a reading on Stewardship. Eight present answered to the roll call with a verse of scripture. Collection amounted to 75 cents.

The meeting was closed with hymn "Take Time to Be Holy."

DUKE OF GLOUCESTER IS MARRIED ON WEDNESDAY

The Duke of Gloucester, tall soldier son of the King and Queen and Lady Alice Montagu-Douglas-Scott, were married on Wednesday in a quiet ceremony in the crimson and gold chapel of Buckingham Palace.

Lady Alice, dressed in pearl-shades and the 35-year-old Duke, resplendent in the gold-faced blue tunic, scarlet breeches and black-topped boots of the Tenth Hussars, were pronounced man and wife by the Archbishop of Canterbury.

With the plighting of this troth the Prince of Wales became the Royal family's only bachelor.

This second Royal wedding within a year—a ceremony stripped of pageantry because of the recent death of the bride's father, the Duke of Buccleuch—was in sober contrast to the brilliant marriage last November of the Duke of Kent and Princess Marina.

TALKING PICTURES IN MADOC

The people of Madoc and vicinity will now have the privilege of seeing and hearing first class shows without travelling to large centres.

Carl Read of Belleville, and John Harris of Ottawa, are using the latest equipment as well as obtaining the most suitable programs available and those who have already visited the Empire this week and last, pronounce the pictures and sound exceptionally good.

YOUNG PEOPLE'S RALLY

The Annual United Church Young People's Rally of North and Centre Hastings was held at White Lake on Tuesday, November 5th, and drew a large number of young people from the societies in Tweed, Madoc, Stirling, Marmora, Queensboro, Eldorado, Hazzard's and Springbrook. Sessions were held during the entire day, with a splendid attendance in the evening to hear Rev. Ralph Collins, returned missionary from Angola, West Africa.

The morning session opened with a worship service conducted by Miss Francis Harris of Hazzard's Y. P. S., president of the district organization. Greetings to the visiting delegates were brought by Mr. Earnest Holland, president of White Lake Y. P. S. The address at the session was delivered by Mr. Clarence Ferguson, B. A., of Northport, who gave "The Highlights of the Y. P. S. National Council of 1935," held at Whitby this year. The aims and objects of this movement are to grow into vital relationship with Jesus Christ, and to build a new world. "To build this new world," said the speaker, "the Christian youth must first of all build a new person, from which beginning will come a new home, a new church, a new community, a new nation, and, ultimately, a new world."

A splendid address was given by Miss Bessie Gordon, B.A., president of the Tweed Y. P. S., who spoke of the benefits derived from attendance at Oak Lake Leadership Training Camp held at Oak Lake during August.

The afternoon session began at two o'clock with a worship service conducted by the president of Eldorado Y. P. S. during which Miss A. Harvey rendered a solo, "Building Day by Day." During the afternoon group discussions were conducted: Christian Fellowship Convenor—Mr. G. Melkijohn.

Christian Citizenship Convenor—Mr. H. Bonter Marmora.

Christian Culture—Miss Minnie Ferguson, Madoc.

Missionary Convenor—Miss Laura Foley, Springbrook.

Treasurer—Mr. Vernon Strebe, Eldorado.

C. G. I. T. and Recreation—Miss B. Gordon, B.A., Tweed.

Dramatics—Miss Edith McDermid, Madoc.

Supper was served by the ladies of White Lake.

The worship service for the evening session was conducted by Rev. Osborne who urged the young people to take Faith as Your Shield. Put on a Helmet of Peace, and Take the Spirit as Your Sword.

The nominating committee recommended the following officers for 1936:

President—Miss F. Harris, Hazzard's.

Sec. Treas.—Miss Mabel Latta, of White Lake.

Pianist—Rev. S. Osborne, Coe Hill.

Following the installation of officers Mrs. Hulth of Madoc sang "If Winter Comes," in a pleasing manner. "Our church," said Rev. Ralph Collins, in his fine address, "has a share in the great task to bring to Africa the knowledge of Jesus Christ and the life that is revealed in Him. In many ways Africa is very old, but there is nothing more impressive about Africa than its youth."

"As one thinks in terms of modern civilization," continued the speaker, "Africa has no literary culture, no means of recording their civilization. There is a great future for the people of Africa," predicted Mr. Collins. "but what happens there in after years depends on the measure in which Africa is able to learn of the Christian, which is the only sufficient guide for Christianity."

Several interesting and appealing stories were told of experiences among the native people of Angola. In concluding Rev. Collins quoted a poem by F. W. A. Myers entitled St. Paul:

"Christ! I am Christ! and let the name suffice you:

As for me too He greatly hath suffered:

So, with no winning words, I would entice you.

Paul has no honour and no friend but Christ.

The invitation from Tweed Y. P. S. to hold the next rally in Tweed was unanimously accepted.

Friction of snow fences throughout the various sections of the county in preparation for the advent of actual winter was one of the topics discussed by members of the Hastings County Council Roads and Bridge Committee who met at Shire Hall, Belleville, last week. Minor matters occupied the attention of the meeting, which was of a routine nature. The meeting was presided over by Reeve James J. Bronson, Elzevir, chairman of the committee.

MEETING OF COOPER AND REMINGTON W. M. S.

The regular meeting of the Cooper and Remington W. M. S. was held at the home of Mrs. H. Rollins, Jr., on Thursday afternoon, November 7th. Mrs. Oscar Taylor opened the meeting with hymn No. 50, after which Rev. Mr. Fletcher led in prayer. Roll was called with twenty-three ladies present. The scripture lesson was read by Mrs. Harry Hays from John 14:15. The minutes of the last meeting were read and approved. The next roll call will be a verse of scripture with the word gift or gifts. Business was discussed and the collection was taken.

A solo was sung by Mrs. W. R. Rollins, entitled "The Kingdom Coming"; a reading on temperance was given by Mrs. G. Ferguson, also a reading by Miss Mary Taylor entitled "Mrs. Kiwan's Handicap." Poetry was read by Mrs. Frank Reynolds; a Christian Stewardship reading was given by Miss Verna Woods; a reading on "Dorcas" by Mrs. Joe Rollins; a solo by Mrs. Harry Hays, "The Good Shepherd." Rev. Mr. Fletcher then gave a splendid talk on his trip to the West.

Hymn No. 517 was sung and Mr. H. Rollins, Sr., closed the meeting with prayer. Lunch was served by the hostess and her assistants.

REMEMBRANCE DAY AT COOPER

An impressive memorial service for the soldier citizens of this community, who gave their lives in the Great War, was held at Cooper United Church on Monday at 11 a.m.

After the invocation by Rev. W. Fletcher, the two minute silence was observed, followed by prayer by the pastor. The hymn, "O God Our Help in Ages Past," was sung by the congregation. Mr. Fletcher read Hebrews 11:32-40.

Rev. Mr. Lowry of Queensboro, gave a very interesting address. He four years the sound of the guns was still. He stressed the looking forward instead of looking back, not to recall from personal experience the great hush that enveloped the war zone on November 11th, 1918, at 11 a.m. when for the first time in over a century ourselves with trivialities but with the large questions of the day. The preservation of peace in communities as nations are only communities on a large scale. He closed by quoting from Lawrence Bunyon.

They shall not grow old, as we that are left grow old: Age shall not weary them, nor the years condemn.

At the going down of the sun and in the morning We will remember them.

Mrs. W. R. Rollins and Mrs. F. Holmes rendered very feelingly the hymn "O Valiant Hearts Who to their Glory Came."

Mr. George S. White of Madoc, spoke of the ideals for which the soldiers gave their lives, that patriotism is born in the human heart. They went in defence of their home and country, fully believing they were engaged in a war to end war.

"To you with feeling hands we throw the torch." If we do not do all in our power to prevent war we are breaking faith with those who sleep in Flanders' fields.

The congregation then proceeded to the cemetery. The names of the soldiers inscribed on the monument were read by Mr. Fletcher, two wreaths, one donated by the United Church, the other by the Women's Institute, were placed at the base, and the National Anthem was sung.

LOCAL AND PERSONAL

Miss Ivah Spencer of Peterborough Normal School, spent Sunday and Monday at her home in Madoc.

Mr. and Mrs. Joseph Belcher and daughter, Josephine, of Madoc, also Miss Marion Alexander of Queensboro, spent the weekend in Oshawa. Mr. Belcher also attended the Armistice service and was in the parade at Oshawa.

Mr. and Mrs. Elwood Cheak of Windsor, were holiday visitors at the home of Mr. John McKenzie. Mrs. Watson, who has been visiting Mr. and Mrs. Cheak, has returned home.

The many friends of Mr. and Mrs. J. G. A. Stevenson regret their departure to their new home at Stirling Mines, Cape Breton, N. S. Mr. Stevenson was formerly engineer at the Craig Gold Mines, but has accepted the position of mine superintendent at the Stirling Zinc Mines owned by British Base Metals and located about fifty miles from Sydney, N. S. Mrs. Stevenson, formerly Miss Grace Ely of Ottawa, was a prominent figure in Ottawa musical circles, and the people of Madoc will miss very much her lovely offerings at church and social events.

BANCROFT MEN HELD AFTER CRASH

Donald G. Vardey and Stanley Poff, two Bancroft youths, sustained facial lacerations, Vardey being detained at the Belleville General Hospital following a motor accident, that happened near Foxboro on Saturday afternoon, when the automobile in which they were riding, crashed into a tree at the side of the road. Both Vardey and Poff were held by the police. Vardey was charged with being drunk while in charge of an automobile, while a charge of intoxication was laid against Poff, who was remained in custody until Tuesday, Vardey being under police scrutiny at the hospital.

The accident was investigated by Motorcycle Patrolman Bert Delaney, who found that Vardey was driving Poff's automobile, when it left the highway north of Foxboro, crashing into a tree. The vehicle was demolished, the officer stated. Both Vardey and Poff were bleeding profusely from cuts received by flying glass. Mrs. J. J. Robertson and Austin Walters were in attendance. Eleven quarts of spirits and a large case of ale was found in the motor car and confiscated.

ST. PETER'S PRESBYTERIAN CHURCH

Rev. W. A. Hunter, B.A., B.D., Minister.

Sunday, November 17th.

9.45 a.m.—Sunday School.

11 a.m.—Morning worship.

There will be no evening service as St. Andrew's, Tweed, are holding their anniversary in Tweed at 7.30 p.m. Rev. J. A. Kofford of Stirling, special speaker.

TRINITY UNITED CHURCH

Rev. Ivan E. Kennedy, B.A., B.D., Pastor

Sunday, November 17th.

10 a.m.—Sunday School and Bible Classes.

11 a.m.—Morning Worship.

7 p.m.—Evening service. A story from: "Where Love is, There God is Also," by Leo Tolstol.

We have an appointment with God, to meet Him in His house on the Lord's Day. Therefore, let us come to church next Sunday.

THE PARISH OF TWEED AND MADOC

Rev. W. G. Hope Swayne, L.Th., Rector

Residence, The Rectory, Tweed

Sunday, November 17th.

Twenty-second Sunday After Trinity.

St. John's, Madoc

2 p.m.—Sunday School.

7 p.m.—Evening prayer and sermon.

St. Peter's, Queensboro

2 p.m.—Sunday School.

2.30 p.m.—Evening prayer and sermon.

Preacher—The Rector.

CANDLES AND SOAP FROM SARDINES

Modern industrial chemistry is transforming many of the staple articles into uses which people of an earlier day never dreamed. As a case in point fish have been caught for eating and for their oil. Modern chemists have now extended the use of fish oil into the manufacture of soap, candles and other domestic articles, the oil undergoing a hardening process. In the production of this fish oil the sardine occupies a prominent place. Canada has the largest sardine fisheries in the world, in New Brunswick, and is an important source of supply for fish oil. The sardine accounts for 75 per cent of the production of fish oil in Japan, with herring, shark, whale and cod also contributing. The greater portion of Japan's fish oil goes to Germany, followed by Great Britain, Norway, Kwantung Province, Holland, Australia. The hardened oil is more widely exported, Italy taking the greatest quantity, followed by China, Philippine Islands, Germany, Great Britain, Egypt, India, Hongkong, the United States, Holland, Kwantung Province, Mexico, Straits Settlements, Siam and other countries in smaller quantities.

SEES SIX HOUR DAY BOON TO EMPLOYMENT

W. W. Kellogg, cereal manufacturer of Battle Creek, Mich., announced an average 12.5 per cent wage increase for all men employees on Friday and declared the six-hour day, in which his company pioneered, seems to be the best solution to the unemployment problem.

He said the six-hour day, inaugurated in the Kellogg plant five years ago to spread employment, had been adopted as a permanent policy. The new wage scale, Kellogg said, is the highest in the company's history and provides a minimum of \$27 for a 36-hour week.

He predicted the six-hour day, if generally adopted, would increase employment 20 per cent.

QUINTS' DOLLS, TOYS ARE GROWING UP

Growing up with the Dionne quintuplets—that's what is being done in toys, it was noted recently at the first showing of Santa Claus specialties in Toyland in the big stores along State street in Chicago. The newest thing in dolls is a representation of the world's most famous quintuplets.

In small playpens and tiny high chairs, sit brown eyed, brown haired 18-month old baby dolls. The bibs in their dresses proclaim them to be Yvonne, Cecile, Marie, Annette and Emilie.

To go with them, if desired, is a white robed nurse.

According to Mrs. Kate Mitchell of Toronto, she was only able to "see shadows" before the earthquake which struck Eastern Canada Halloween night. Now as a result of the jolt, Mrs. Mitchell claims her eyesight has been restored.

WEEKLY NEWS LETTER FOR THE FARMER

Issued by the Central Experimental Farms, Ottawa, Ont.

The Canadian Egg Laying Contest

The sixteenth Canadian Egg Laying Contest, held at the Central Experimental Farm, ended on October 23rd, having completed its 51 week course. The complete results of the year show many excellent performances by both the heavy and light breeds.

A feature of the contest was the good health of the birds and the absence of infectious and contagious diseases.

A total of 107 birds qualified for registration, which corresponds closely with the total for last year. Egg weights were excellent throughout the contest, there being only 12 pens which failed to average 24 ounces to the dozen. The average egg yield per bird was the highest ever recorded in contests at Ottawa.

The Ontario Egg Laying Contest

On Wednesday, October 23rd, the fifteenth Ontario Egg Laying Contest came to an end after a course of 51 weeks.

Assisted by the absence of any serious sickness or disease, the records of this year's birds are well in advance of those of any previous contest at Ottawa. Production was unusually steady, particularly during the middle and last stages of the contest. The average yield per bird was 20.7 eggs higher than that of last year. The number of birds which qualified for registration was 203, or 69 more than last year.

Egg weights were very good, 49 pens showing an average of over 24 ounces to the dozen for all eggs laid.

REV. B. F. BYERS PASSES AT AGE 63 OF BRIEF ILLNESS

The announcement of the death of the Rev. Benjamin Francis Byers, M. A., which occurred at St. Thomas' Church Rectory, Belleville, shortly after ten o'clock on Saturday morning, (All Saints' Day) will be received with deep feelings of regret by the clergy of the Church of England in the Diocese of Ontario and by the members of the church and many friends in Hastings County, particularly in Stirling and Frankford, where for over twenty-eight years he served as rector of the two parishes. In his passing the church has lost an earnest and devout member of her ministry; a man of culture and ability; of deep sympathy and human understanding, who spent his life in her service, being loved by his parishioners and highly regarded by all who knew him. His acquaintanceship was large in this district and to many persons he was a true friend.

About three years ago Mr. Byers retired from the rectory of Stirling and Frankford owing to ill health and since that time he and Mrs. Byers have resided with the Rev. A. Beauchamp Payne and Mrs. Payne at St. Thomas' Church Rectory in Belleville. When health permitted he assisted the vicar at St. Thomas' Church at the services upon festivals and also in the conducting of the weekly service at St. Paul's Church, which is a part of St. Thomas' parish. His kind assistance in this way was much appreciated by the vicar and the parishioners.

NAPANEE FARMER WINS PLOUGHING TROPHY

Chosen from a field of 19 contestants at the annual Lennox and Addington ploughing match at the Arch McCracken farm, York Road, Napanee, Ralph Aylesworth of R. R. No. 5, Napanee, was awarded the John B. Weese silver trophy for the best ploughed land. Ideal weather conditions brought the crowd up to near the thousand mark.

The main event was class 1 for sod ploughing with six entrants. Hugh Burns, twice winner, failed to finish among the first four. Robert Barclay, aged 64, Gananoque, was in the group and although not in the prize winners he carried off the award for the oldest plowman at the match.

Duncan Creighton, aged 15, Bath, was the youngest contestant.

The combined production of all kinds of concentrated milk in Canada during August 1935 was 10,538,753 pounds as against 9,622,441 pounds in 1934. The statistics are based on returns from the 31 companies which manufacture any of the various items of concentrated milk, that is, condensed milk (sweetened, skim, butter-milk), evaporated milk, milk powders, casein, and sugar of milk.

QUAKE EPICENTRE PLACED IN CANADA

On Saturday Dominion Observatory officials placed the epicentre of the earthquake almost definitely in a district in which no previous quakes are known to have occurred.

They estimated the distance from Ottawa to the epicentre at about 180 miles, narrowing slightly their previous estimate of between 175 and 200 miles from Ottawa. They pointed out, however, the latest figure also might have to be revised as indications were growing the break or slip in the earth's structure occurred at a considerable depth. The wide area over which the shocks were felt, they said, indicated the source of the tremors was fairly deep.

Ernest A. Hodgson, Seismologist at the Observatory, said the record received on the seismograph indicated shocks travelled southeast from the source and they were caused by a push. Shocks caused in such a way would be somewhat similar to those that travel the length of a long freight train bumped by a locomotive.

NON-ARRIVAL OF PAY STARTS RIOT

With some 400 workers participating, a general strike was called at the Relief Camp Project No. 28 situated at the Trenton Airport on Saturday afternoon, following inability of the paymaster to produce their monthly pay cheques, which are due on the first Saturday of every month.

So riotous did the strikers become that Inspector Frank Gardiner, accompanied by Traffic Officer Sam Irvine and Bert Delaney, rushed to the scene of the trouble and assisted in quelling the trouble. The workers complained they were left without money to purchase clothes and especially "smokes," their pay in the past having been made on the first Saturday of each month. Airport officials endeavoured to pacify the rioters, but without avail prior to the arrival of the O. P. P. Subsequently Constable William Goodman at the Airport assured the strikers they would be advanced their tobacco over the week-end and assured them their pay cheques would be received from Ottawa and turned over to them, by Tuesday of this week.

EVENT OF INTEREST

The wools of prime interest in international trade are merino and cross-bred. Canada, New Zealand, the British Isles, Irish Free State, Argentina, Uruguay, Chile, and Brazil (which also grows merino) and Spain (which also produces carpet wool) are producers of cross-bred wool. Merino is the prevalent type of wool of Australia, Union of South Africa, and the United States. Carpet wool is turned out by Soviet Russia, China, India, French Africa, Turkey, Iraq, Syria, Peru, Bolivia, Mexico, and Ecuador.

Recent assays of ore from mining claims in Lake Township, which were opened up by Messrs. W. F. Bowen, W. A. Sanderson and associates, are highly gratifying. It is reported the assays run about \$28.00 per ton for the ore. As the ore veins are a good width and extend for a good distance it is apparent there is a large body of ore. It is hoped some extensive developments may result in the near future.—Marmora Herald.

It has been demonstrated at the Dominion Laboratory of Plant Pathology at Charlottetown, P. E. I., that potatoes are severely injured by cracking and bruising when poured from a basket into a sack from a height of 30 inches. The injury is slight from a height of 12 inches. Potatoes, therefore, should be rolled or poured carefully into the bags.

The marble quarry south of the village has commenced operations. Several men are engaged quarrying some magnificent blocks. The marble we understand, is to be used in the interior of public buildings in Hamilton and London, Ont., now in the course of construction.—Bancroft Times.

Average farm values per head of sheep, swine and poultry in 1934 increased over those of 1933, cattle alone showing slightly lower values. Milch cows decreased in value from \$31 to \$29 per head, and other cattle remained unchanged at \$17. Sheep increased from \$4 to \$4.15; swine from \$8.89 to \$9.86; and poultry from 56 cents to 59 cents per head.

Plans are under consideration to form a large curling organization for the coming winter with Norwood, Hastings and Havelock players, building three sheets of curling ice in the centre of Norwood Rink and leaving twenty-foot strips at the sides and ends for skating.

Taking your Dollar to Market

EVERY year your family, and every family of your acquaintance, spends about 70 per cent. of its income just for living, exclusive of rent—so economic experts tell us. Think what this means—seven dollars out of every ten invested in food, clothing, household utilities and all the multitude of things that keep a family comfortable and happy.

That part of spending is readily understood. But do you realize that every manufacturer and retailer of these necessities is planning how he can get your dollar?

It's a big job to spend so much money wisely and well. It requires careful business methods to get the best possible returns from each dollar that leaves the family purse.

The clever woman goes for help to the advertisements in her local paper. There she finds a directory of buying and selling. She learns about the offerings of merchants and business people. She compares values. She weighs quality and price. She takes this opportunity of judging and selecting almost everything she needs to feed, clothe, amuse, instruct and generally bring up her family.

Do you read the advertisements? You will find them willing and able to serve you in the business of purchase.

ADVERTISEMENTS ARE GUARDIANS OF YOUR

THE NORTH HASTINGS REVIEW, MADOC, ONTARIO

DID YOU EVER STOP TO THINK?

(By Edson R. Waite)

William Southern, Jr., publisher of The Independence (Mo.) Examiner, says:

"When an advertiser asks a newspaper how much circulation he will get for his money he wants to know how many subscribers the paper has, and by subscribers he means those who have voluntarily paid a fixed subscription price or have promised to pay such a subscription price. Advertisers who know do not count free papers as having any circulation whatever. The ABC does not count free papers. They know that free papers are not even accepted willingly as a gift. A free paper distribution is only limited by the amount the promoter is willing to print and is not counted when we say 'circulation.'"

"A few days ago I heard the publisher of a free paper claim complete coverage of the town mentioning six thousand. He meant that he would print and throw away that many papers. He did not have any circulation. He called it coverage—and one merchant fell for it."

"Any legitimate newspaper invites inspection of books and press records. The advertiser knows to a single copy what he is buying and where it is delivered and the delivery is positive and direct. The newspaper carries the news and the advertising offers into the homes where it is invited as a welcome guest and does not come into the back door as a nuisance."

COUNTY BUYS 50 CORDS OF WOOD

Tenders of Mr. C. Bennett of Read, and Charles A. Dionne of Elzevir, for a total of 50 cords of dry, hardwood each at a price of \$7.50 per cord were accepted by the committee of Finance and Public Property of Hastings County Council at its regular meeting held in Shire Hall recently. Ten tenders for the wood supply for county buildings had been submitted.

During the meeting, which was presided over by William West, chairman, a total of \$6,000 in indigent accounts were passed. This shows some decrease in total indigent expenditures over the same period for last year.

With Europe distracted over the Italo-Ethiopian war, diplomats recalled it was just two years ago Germany startled the world by announcing her withdrawal from the International conference and her intention of resigning from the League of Nations.

TOLL OF VICTIMS MAY BE HIGHER

The worst flood in the history of Honduras, official opinion held recently, may take a toll in human life higher than the number of bodies which have been recovered from torrents created by last week's hurricane.

At Corocito alone 70 bodies were found. It was feared some North Americans may be among those drowned as hundreds lived in the flooded zone.

In imminent danger of death, hundreds perched in rooftops to escape the ravages of overflowing streams. A despatch from the Truxillo area said many laborers on banana plantations were drowned when the Aguan River left its banks. Damage to fruit company properties was estimated in the millions of dollars.

Unless aid reaches those marooned in trees and hills soon, it was feared, they will die. President Carías ordered the war ministry to speed assistance to flood victims.

In the vicinity of Progreso hundreds of laborers were missing. Survivors lacked food.

PHEASANT CRASHES INTO WINDSHIELD OF AUTOMOBILE

One Belleville family will dine on pheasant without the necessity of going far afield to get such delicate fare.

Mrs. Jack McIntosh was motoring to Toronto on Monday morning. Near Cobourg she was startled by a loud crash against the windshield and the sudden vision of brightly colored feathers flying through the air. After the car had been brought to a quick stop, Mrs. McIntosh found that a large ring-necked cock pheasant was lying on the roadside and which was later found to weigh nearly five pounds. Fortunately the glass in the windshield escaped damage.

SHOTGUN EXPLODES IN CAR, DRIVER IS WOUNDED

Hugh Gebbie of Ottawa, may lose the sight of one eye as the result of a bullet wound in the head. Gebbie was driving to Kingston on Tuesday of last week in his automobile when a shotgun, which he had placed in the back seat, exploded.

It was thought Gebbie accidentally moved the gun with his arm. The shot went into the side of his head and through his eye. At the Hotel Dieu Hospital in Kingston, his condition was described as serious. Gebbie's wife is visiting in Winnipeg.

ROMANTIC STORY IS TOLD OF ORIGIN OF FIRST CHEESE

If tradition may be credited, it was an Arab herdsman who first made and tasted cheese. According to history, several thousand years before Christ, an Arab herdsman set out one day with a bag of dates and a skin bottle, made from the stomach of a calf, filled with milk, as his lunch. Picture him at lunch time, surveying his flock to see that everything was in order—perhaps casting a predatory eye upon a small caravan passing by—and then sitting down beneath the shade of a tree to partake of his mid-day meal.

As he unties the mouth of the skin "bottle" containing the milk he perhaps emits a preliminary sigh of content. A startled expression shifts across his face as he peers into the "bottle" after his first draught reveals something wrong. He pours out a sample and finds that, instead of milk, the bottle contains a thin, watery liquid, he had never seen before.

However, he is hungry, and the liquid is not disagreeable in taste, so he drinks it. Curiosity impels him to cut open the bottle and find out what is inside. At once he observes what has happened to the "white" part of the milk. It appears to have gathered into lumpy yellowish white masses of moist, but solid material. It tastes good, too—so he eats it.

That change in the milk, he thinks has decided potentialities. It's good food, and a little squeezing would make it quite solid, and more convenient to carry than milk. He tells his experience and proposes to try it again, and his tribe takes up the idea.

The "rennin" and the "pepsin" of the calf's stomach coagulated the milk. And so, if this story is to be believed, the world learned how to make one of the most widely used and popular foodstuffs ever added to the diet of mankind.

WOMAN TO PRISON ON FRAUD COUNTS

Mrs. Florence P. Stocco, Nanawee, appeared in Belleville police court facing two charges of fraud and a charge of bigamy committed 13 years ago. Mrs. Stocco pleaded guilty to all three charges and was given six months definite and an indeterminate sentence of two years less one day in Mercer Women's Reformatory by His Lordship Magistrate E. J. Butler, K. C.

Mrs. Stocco was charged that while falsely pretending to be an official of the Old Age Pension Commission, she did fraudulently obtain the sum of \$190.00 from Samuel Sager, 89 year old Deseronto resident and also through the same channels obtained the sum of \$50. from Mrs. M. McGrath, also of Deseronto. The third charge of bigamy was laid in Toronto but heard in the local court. A sentence of six months definite and the indeterminate sentence was imposed on each charge, but the terms are to run concurrently and date from the time of her arrest on September 23, last.

"This is a very serious offence, that of representing a government official, but your actions of taking an old man's last dollar make matters that much worse for you," stated His Worship prior to the passing of sentence. Mr. Frank Cushing, Belleville barrister, appeared on behalf of the accused and assured the court that every effort towards making restitution was being advanced. B. C. Donnan, K. C., Crown Attorney, conducted the prosecution and asked for the maximum sentence.

DOMINICAN REPUBLIC GETS BULK OF FISH FROM CANADA

Canada is the principal source of supply of salted and dried fish for the Dominican Republic, furnishing approximately 80 per cent of the total imports, according to value. Newfoundland and Labrador come next, followed by the United States. As regards smoked fish, principally bladders, here again Canada maintains the lead, accounting for approximately 79 per cent of the total, with Norway supplying the bulk of the remainder. In imports of pickled fish, Canada supplies 75 per cent. Canned fish, in order of importance, comes from Spain, the United States, Japan and Canada.

Over 17,000 Calgary buildings have been revalued under a city re-assessment survey. It was estimated that reductions from previous assessed values would average eight per cent, with 1,000 properties still to be valued. The task will be completed by the end of October.

ADVERTISING Is Good For Us

The dusty picture of an optimist and a pessimist—the optimist being the doughnut and the pessimist the hole—is just a way of describing most of us: some of us habitually look on the bright side of things; others on the dark side. Always there are those who have a melancholy pleasure in fault-finding. And so there are always those who look upon advertising as an economic waste and a means by which the sale of inferior merchandise can be promoted. It is quite possible to discover wrong things about advertising—just as it is possible to find wrong things about water and air, about books and speeches, about motor cars and aeroplanes, about schools and churches, about Canadians and Scotsmen, about knives and forks.

Advertising is news and information, and who shall say that is wrong to communicate news and information? It would be a pretty dull world, full of dull people, if there ceased to be a dissemination of news and information.

In all ages and in all countries these giving out news and information have attracted to themselves attentive audiences; and this is as true today as it was 1000, 2000, 3000 years ago.

What Stores Are Busiest ?

Is it not those stores which give out most information about what they have to sell? The public is daily spending money—probably \$2 a day for every man, woman and child in the trading area covered by the circulation of our newspaper—or, say, \$2000 for every 1000 persons. So you can calculate for yourself—you, a retailer, what is spent daily in our own community for food, shelter, clothing and for all other things.

IVANHOE

Beulah United Church Anniversary services were held last Sunday and were well attended. Rev. J. E. Beckell of Rawdon Circuit, was in charge of both services. On Monday evening the anniversary dinner was served in the Town Hall to a large crowd, after which a good program was given in the church. Those who assisted in the program were Rev. J. E. Beckell, Rev. H. W. Foley, of Springbrook; Rev. H. Turner of West Huntingdon, who gave brief addresses. Messrs. W. Fletcher, C. Ross, and R. Wellman accompanied by Mrs. L. Ashley of Madoc, delighted the audience with several popular songs. Miss Anna Hodge of Belleville, gave some very interesting readings in fine style. A male quartette from Fuller, Messrs. Frank Palmer, Arthur Broug, Lloyd McCauley and G. Brough, gave several numbers which were well rendered. The proceeds of the Sunday offering and dinner amounted to \$198.00.

Mr. and Mrs. George Graham of Loderoom, and Mr. and Mrs. A. McCrory of Eldorado, visited Mr. and Mrs. A. Jones on Sunday.

Mr. and Mrs. E. Ketcheson and Ross, also Rev. J. E. Beckell and Boyd of Stirling, spent Sunday with Mr. and Mrs. C. A. Mills.

Mr. and Mrs. Albert Twiddy and Keith spent Sunday with Mr. and Mrs. S. Reid.

Mr. and Mrs. A. Campton of Mar-mora, visited Mr. and Mrs. S. J. Kilpatrick on Sunday.

We are sorry to report Mr. S. D. Prest on the sick list.

Mr. and Mrs. George Hollinger of Moira, were visitors at the home of Mr. and Mrs. A. Wood on Sunday.

Mr. and Mrs. Fred Campbell and Ralph of Foxboro, Mr. and Mrs. T. Reynolds of Frankford, Miss Dorothy Joblin and Mr. Ray Mallory of Frankford, visited Mr. and Mrs. Clifford Mills on Sunday.

Mr. Kenneth Mumby and Miss Ethel Clement of Minto, spent the tea hour on Sunday with Mr. and Mrs. A. Wood.

The sympathy of the entire community is extended to Mr. and Mrs. William Wickens and family in their recent bereavement.

Mr. and Mrs. W. Shaw spent a few days in Toronto recently.

BANNOCKBURN

Mrs. Elmo Blackman spent a few days at the home of her brother, Mr. Harold Bailey.

Mrs. Gurnsey of Bloomfield, visited Mr. and Mrs. I. Severin last week.

Mr. James Harris, Jr., of Toronto, is holidaying here, while taking advantage of the deer hunting.

Rev. and Mrs. C. Brazill are spending a two weeks' vacation at Montreal.

Mr. Fred Stapley of Peterborough, spent Sunday in town.

Mrs. James Harris spent Friday the guest of Mrs. Ed. Blakely.

Rev. Walker of Bath, made a few calls while enroute to the north.

Mr. and Mrs. L. Judges of Toronto, were in town on Monday.

Miss Jessie McEwen of Toronto, spent the week-end at her home here.

(Intended for last week)

Miss Alice Harris has returned to Belleville, after having spent a holiday at her home here.

Mrs. F. Blondin of Peterborough, is visiting her sister, Mrs. Harris Jr.

Miss Audrey Anderson of Queens-boro, spent the week-end in town.

Mrs. John Simpson is visiting relatives in Actinolite.

Mr. and Mrs. B. Sandford and Miss Elizabeth, spent Saturday in Trenton.

Rev. C. Brazill attended the funeral of the late Rev. Byers at Belleville on Monday.

Mrs. Donly and Miss Bernice Parks entertained the children of the village at a Halloween party on Thursday evening. Four prizes for costumes were given and were won by Audrey Severin, Aileen Bailey, Gwen Lloyd and Reggie Hanna.

Mrs. John Parks and Mrs. Ed. Blakely attended the meeting of the Women's Institute at Cooper on Thursday afternoon, and enjoyed the speaker, Mrs. Mooney, very much.

Miss Molly Hunter spent the tea hour on Sunday, the guest of Miss Rietta Severin.

Mrs. A. Finlayson and Miss Maud were Sunday evening guests at the home of Mr. James Harris.

The residents of this village experienced something very unusual early Friday morning when tremors of a severe earthquake shook the buildings.

Mr. Andrew Wilson, Jr., left last week for Thorold, where he expects to secure work.

Belleville Girls' Basketball Team will play a return game in Madoc on Friday afternoon.

WEST HUNTINGDON

The entertainment which was held in the United Church on Wednesday evening was a decided success. A large crowd was present and a good program given.

Mr. and Mrs. C. Sills and family spent Sunday with Mr. and Mrs. A. Foxsmith.

The monthly meeting of the W. M. S., also a dinner and quilting, was held at the home of Mr. and Mrs. A. Wright on Thursday with a large attendance.

Services were conducted in Saint Andrew's church on four consecutive afternoons last week by Rev. J. Koffend.

Mr. and Mrs. Nelson Series and Jack and baby Ross, spent a couple of days last week with the former's parents.

Mr. G. Cook, Sr., of Belleville, spent the past week with his son here.

The school children enjoyed a holiday on Wednesday as the teacher, Mr. Moran, was indisposed.

Rev. and Mrs. Turner made some pastoral calls at Moira on Thursday afternoon.

The infant son of Mr. and Mrs. York was taken to Belleville General Hospital on Thursday, suffering with an abscess.

IVANHOE

A number from here journeyed to Madoc on Thursday evening to hear the Virginia Jubilee Singers in Madoc United Church.

Miss Muriel Mutton of Eldorado, spent Sunday with her sister, Miss Marion Mutton.

Mr. and Mrs. Goldie McInroy spent Sunday with Mr. and Mrs. S. J. Kilpatrick.

Mr. and Mrs. Charles Mumby, Mr. and Mrs. E. Series and family, of Minto, visited Mr. and Mrs. A. Wood on Sunday.

The Beulah Cheese Company closed the factory on Friday for the season. Mr. H. Henderson has been re-engaged for another year.

Mr. and Mrs. Joseph Rollins and Benter, are visiting relatives in the States.

Miss McCreary of Belleville, is visiting Miss Emma Jones.

Mr. and Mrs. Clarence Rollins of Stirling, visited the latter's mother, Mrs. W. J. Rollins, on Sunday.

On Monday evening a very enjoyable concert was arranged under the auspices of the Young People's Union, when Miss Pearl Newton, noted Toronto elocutionist, gave a very interesting program. Being Remembrance Day the program was opened by Mr. Reg. Haggerty, a war veteran who gave some very touching remarks and also sang a solo. As a tribute to those who died in Flanders the congregation rose and observed a short period of silence. Miss Newton gave some very fine readings and especially worthy of mention being the reading of the Trial Scene from the Merchant of Venice. Interspersed between Miss Newton's readings was a duet by Betty Haggerty and Lottie Radnor; a vocal solo by Mr. A. Duncan of Stirling, accompanied by Miss Dorothy Joblin; some community singing and an instrumental solo by Miss Hilda Kilpatrick.

A vote of thanks tendered by Rev. H. H. Lackey to all those assisting in the program was responded to by a hearty clap of the hands and the singing of the National Anthem brought the meeting to a close.

SCOTCH SETTLEMENT

Mr. and Mrs. Will Rice of Havelock were tea hour guests at the home of Mr. John McGuire on Sunday.

Mr. and Mrs. Sandy Ashe and Alex, spent Saturday in Belleville and Wallbridge.

Mr. Percy Lancaster and children were recent guests of Mr. and Mrs. George Daffoe at West Huntingdon.

Mrs. Ross Holland and children of Stirling, spent the week-end with Mrs. William Ashe.

Mr. and Mrs. John McGuire and family, also Mr. and Mrs. Wellesley Holland and family, spent Sunday with Mr. and Mrs. James McGuire.

KELLAR'S BRIDGE

Mrs. W. Boyle, Betty and Mrs. W. Goodchild, were Friday guests of Mrs. John Post.

Miss Margaret Sandford, R.N., has returned to Toronto after having spent a week at home.

Mr. and Mrs. F. Wright and family were Sunday guests of Mr. and Mrs. A. R. Hollands.

Mr. and Mrs. Moore Sandford of Forest Mills, are spending a couple of weeks visiting the former's parents, Mr. and Mrs. W. Sandford.

Mr. and Mrs. Fred Chambers and Mr. Kenneth Chambers of Toronto, were Sunday guests of Mr. and Mrs. W. Boyle.

Mr. Howard Fox dined with his sister, Mrs. Harold Baker, on Sunday.

INSURANCE MEN

HEAR ADDRESS

Representatives of the Great West Life Assurance Company from throughout the district including Nanpess, Picton, Trenton, Cobourg, and Madoc gathered in the new offices of Mr. George A. Reid in Belleville, district manager, recently and were rewarded by an address delivered by Mr. J. Milton Taylor, manager of the Central Ontario division of the company. Mr. Taylor was accompanied to Belleville by Mr. A. G. Smith, supervisor. Following the meeting in the office of Mr. Reid, a dinner was tendered the representatives in the Quinte Hotel.

Miss Grace Garrett spent the holiday at her home in Eginburg.

Mr. C. Hill of Toronto, visited his father, Mr. Will J. Hill, over the week-end.

J. W. MORLAND NEARS 99 YEARS

Huntingdon Township can boast of having one of the oldest men living in the Province of Ontario in the person of Mr. John Wilson Morland of Fuller.

Mr. Morland was born in Quebec Province on February 20, 1837, of English parents. His father died when he was twelve years old, his mother, two sisters and two half-brothers came to Huntingdon Township with an ox team and settled on the third concession, west of Moira.

Mr. Morland got all the education he had at Montreal. He was married to Miss Gallagher for his first wife. There were three boys and two girls by this marriage. When Mrs. Morland died he married for his second wife Miss Isabel Orr and there were two boys and two girls by this marriage.

Mr. Murney Morland of the second marriage, lives at present on the old farm at Fuller. Mr. Morland although he will be ninety-nine next February 20th, is enjoying good health, his eyesight is slightly impaired, his hearing is very good and his memory is very bright of things which happened years ago. On the 30th of October he walked from his daughter's place to his son Murney, a distance of about three quarters of a mile, and he did it alone. Mr. Morland has used tobacco upwards of 85 years. Mrs. Morland, his second wife, died on March 26, 1933. There are only three children living of both marriages. Mr. Morland spends his time visiting among the three families.

FAULKNER'S NAME

IS MENTIONED IN PREMIERSHIP COMMENT

Possibility that the Hon. Dr. J. A. Faulkner, of Belleville, Ontario Minister of Health, might assume the leadership of Ontario by being named Premier if the proposed resignation of the Hon. Mitchell F. Hepburn goes into effect next year in spite of pressure against the move being exerted by members of the cabinet at the present time, has been the cause of considerable enthusiasm and comment. Dr. Faulkner was named as a possible candidate among others for the Premiership by radio news commentators recently.

Among those who are mentioned as candidates are the Hon. Harry Nixon, Attorney General A. W. Roebuck, the Hon. Arthur Slaght, the Hon. T. B. McQuesten, Minister of Highways, and the Hon. Peter Heenan, Minister of Lands and Forests.

MASQUERADE HELD AT IVANHOE

The annual Institute Halloween masquerade was held in Ivanhoe Town Hall on Thursday evening, October 31st, with a very large crowd in attendance. More than one hundred of those present appeared in various types of fancy dress. Prizes were awarded for the best and most original costumes and were won by the following: a black cat, Miss Marjorie Prest; Mexican cowboy, Miss Dorothy Radnor; Miss Canada, Miss Joyce Wallace; Babe Ruth, Mrs. T. E. Fleming; skeleton, Miss Carrie Gay; Chinaman, Lindsay Sills; twin darkies, George Ashley and Russell Sills.

After the distribution of prizes a very interesting program was presented, the main features being a number of cowboy songs and music by the Halloween Ramblers of White Lake, consisting of Ethel Wickens, Colleen Haggerty, Bert Geary, Glen Haggerty, Tillie Wickens, Dorothy Radnor and Betty Haggerty. At the close of the program the members of the Institute served lunch, which was followed by a social hour.

Single Copy, Five Cents

COUNTY JAIL HOUSED 44 INMATES LAST WEEK

With a total population of 44, Hastings County jail last week experienced its highest registration of inmates on record. Sleeping and cell accommodations were taxed to care for the record total. This week the number of inmates composed of about term offenders and those being held on remand had dropped to 35, two of which are women.

"PATTY MAKES THINGS HUM"

On Friday evening the young people of Madoc and Tweed put on their play, "Patty Makes Things Hum," in the Orange Hall, Queensboro, under the auspices of Saint Peter's Church. They were augmented by the Tweed-Sulphide Band and the combination furnished a fine entertainment and was much appreciated by the large audience.

After the program the Ladies Guild gave the visitors a lunch and a social half hour was spent. The Queensboro people will always welcome the members of the A. Y. P. A. and the band on any future occasion.

MEETING OF C. G. I. T.

The meeting of the C. G. I. T. was held at the home of Marjorie Cuthbertson. The meeting opened with the C. G. I. T. Purpose and the singing of hymn No. 270. The roll call was answered by "My favourite hymn and the first verse of it." The minutes of the previous meeting were read and approved. The next roll call was decided to be "Some funny saying or doing." The next meeting will be held at the church.

Collection was taken. A story was read by Madeline Bailey, after which Eddie Parks led in prayer, and Vera Shaw read the scripture. Marjorie Cuthbertson played a selection on the piano; Margaret White gave the first chapter of a book called "Jungles Preferred." The meeting closed with tips and lunch was served. All spent a very delightful evening.

MEETING OF QUEENSBORO Y. P. S.

The regular meeting of the Queensboro Young People's Society was held in the church on Tuesday evening, November 12th, with Miss Mabel Sager, the Missionary Convenor, in charge.

The meeting was opened by singing hymn No. 358, "Jesus is Tenderly Calling These Home," followed by prayer by Mr. Lowrie. The offering was then taken.

The scripture reading taken from the tenth chapter of Matthew, also a few verses from the tenth chapter of Luke, was read by the convenor. Miss Allen Sager then sang a solo, "Alone." This was followed by a reading, "Which Shall It Be?" given by Miss Laura Sexsmith. The topic on "Home Missions" was given by Miss Meredith. Hymn No. 254 was sung and the meeting closed with the Mission benediction.

PRESIDENT OF REBEKAH ASSEMBLY VISITS MADOC

Sister Mada Lewis, president of the Rebekah Assembly of Ontario, paid her official visit to Oakdale Rebekah Lodge No. 134, Madoc, on Wednesday evening, November 13th. The regular work of the evening was conducted by Sister Eliza Parks, Noble Grand. One new candidate was initiated into the mysteries of the Degree. Members from the Rebekah Lodge, of Thomasburg and Stirling were also present.

Sister Lewis gave an exceptionally inspiring address which was listened to and enjoyed very much.

After the initiation Sister Verna Tanner presented the president with two silver flower vases and Sister Mary Wellman read the following address:

Madoc, Nov. 13, 1935.

Mrs. Mada Lewis, President of Rebekah Assembly of Ontario.

Dear Sister:

It is indeed a banner night for Oakdale Rebekah Lodge, No. 134, when we are privileged to entertain our president. We realize that it is almost impossible for you to visit every lodge in this your jurisdiction, and we therefore consider it an honor that you should have chosen Madoc for one of your visits. We do not wish to let this opportunity pass without showing in some small way our appreciation of your presence. We therefore ask you to accept this gift as a token of our regard for you and hope that as you use it you may recall some pleasant memories of your stay with us.

We also wish that your year's work as president may be one of pleasant association with your District Deputy Presidents and the forming of many new and lasting friendships throughout Ontario.

Signed on behalf of the Lodge: Eliza Parks, N. G.; Mary Wellman, Rec. Sec.; Mary Davies, V. G.

The District Deputy President, Sister Effie Bailey of Stirling, was also presented with a beautiful pair of cups and saucers by Sister Lottie Smith and Sister Gertrude Connor read the following address:

Madoc, Ont., Nov. 13, 1935.

Mrs. Effie Bailey, D. D. P. of District No. 39.

Dear Sister:

On this your first official visit to our Lodge, it gives us great pleasure to welcome you here. After the very capable manner in which you conducted the installation we are quite sure that District No. 39 made no mistake in selecting you as District Deputy President. We know there is a lot of work and a big responsibility attached to your office and we are confident that you are capable of meeting any emergency or situation which may present itself.

We take this opportunity of asking you to accept this gift as a small token of our esteem. May they ever remind you of Oakdale Rebekah Lodge No. 134 and the pleasant memories of your year as District Deputy of District No. 39.

Yours fraternally,

Eliza Parks, N. G.

Mary Wellman, Rec. Sec.

Mary Davies, V. G.

After the close of the Lodge the members and their friends retired to the dining room where a sumptuous banquet had been prepared. Short speeches and readings were given by several of the visitors.

Sister Agnes Webb gave a reading on "Initiating an Odd-fellow," which was very much enjoyed by all.

The evening was brought to a close by singing the National Anthem.

The following were among the visitors: Bro. H. Coulter, Brother S. Webb, Sister A. Webb, Bro. P. F. McTaggart, Sister Irene Coulter, Sister E. McTaggart, of Thomasburg Lodge; Sister E. Bailey, Dist. Deputy Pres., Sister G. Spry, Sister M. Bailey, Sister Hattie Sine, Sister T. Spry, Bro. T. Spry, Sister Marjorie Heath, Sister Mada Bailey, Sister Evelyn Bailey, Sister E. T. Ward, Sister Nora Ward, Sister Agnes Hammond, Sister Jennie Burkitt, Sister Gladys Elliott, Sister Mildred Elliott, Sister Nina Carlisle, Sister Evelyn Drury, of Stirling Lodge; Sister Mary Sandercock, of Leona Lodge, Toronto; Sister Mary Williams of 1900 Islands Lodge.

OBITUARY

NICHOLAS FLEMING

Nicholas Fleming, an old and highly respected resident died at his home at Crookston on Wednesday, November 13th, after an illness of a few days.

The late Mr. Fleming was born in Huntingdon 83 years ago and was the son of John Fleming, Perthshire, Scotland. As a young man he started in a small way in the droving business in Huntingdon Township and by his honesty and integrity, his word being as good as his bond, he built up one of the largest droving businesses in the County. He was a strong, energetic, healthy man, never having spent a day in bed in his life through illness and had an almost superhuman memory, all of which enabled him to engage in his work up to the time of his death. He also owned and operated several farms and wood lots in Hungerford and Huntingdon Townships. He was a typical cattle man of the old school. He fellow well met in any kind of weather or circumstances, always game and a good loser, always a friend to them in less fortunate circumstances besides assisting his large family to start out for themselves.

The funeral took place at White Lake United Church on Friday afternoon at 2 o'clock and was largely attended. The service was conducted by Rev. H. Lackey, B.A. The pallbearers were: Walter Whytock, T. Burnside, Carl McCoy, Robert Downey, William Downey, Harry Mullett.

His wife predeceased him in January 1934. He leaves to mourn his loss six daughters and five sons: Mrs. W. J. Moore, Peterboro; Mrs. K. Wright, Toronto; Mrs. W. Frances, Crookston; Mrs. H. Holden, Moira; Mrs. C. Demille, Crookston; Mrs. W. Love, Madoc, John and Arthur, Madoc; Delbert, Bonarlaw; Richard, Moira; Donald, Ivanhoe.

Interment took place at White Lake cemetery.

MEN'S ASSOCIATION IS ORGANIZED

A well attended and very enthusiastic meeting of men was held in the Sunday School rooms of Trinity United Church on Monday evening. After some discussion it was unanimously decided to organize a Men's Association in connection with the church. The following officers were elected:

President—Alex. Kidd.
Vice-President—Vaughan Jack.
Secretary—Robert Cummings.
Treasurer—Jack Perkins.

Archibald Abbott was appointed to have charge of the musical part of the programmes. The executive was delegated to draw up the constitution and rules, to be submitted to the next meeting of the organization. It was decided to meet again on Wednesday, December 11th. Watch for announcement later.

CANADIAN TREATY REACTION

From coast to coast across Canada on Monday swept the swirling currents of reaction to the Canada-United States Trade Treaty.

Main currents traceable from early reports were jubilation among Western and Ontario cattlemen, a calm optimism among lumber magnates of British Columbia and the Maritimes, general happiness among distilling corporations and also in the fishing industry. A cautious acceptance was accorded the treaty by authoritative voices in the steel industry, while no clearly defined opinion was available from the automobile industry other than the remark of D. Roy Campbell, President of the Ottawa Automotive Trades Association, that tariff reductions on motor vehicles, though not as far reaching as he would like "will certainly work for the better in Canada."

BIRTHS

SLACK—On Wednesday, November 13th, at Madoc, to Rev. and Mrs. M. S. Slack, a son, Duane Philomen.

Mr. and Mrs. F. R. Michael, Harris and Paul, of Oshawa, spent the week-end with relatives in Madoc Township.

Mr. and Mrs. G. H. Fowles, have returned to their home in Niagara Falls, N. Y., after spending several weeks in Madoc.

Mrs. Morrow and daughter, Miss Agnes Morrow, of Toronto, were week-end guests of Mrs. Mary Sandercock and Mr. Tom Morrow.

When you talk your gift problems over with your jeweller you are assured that your Christmas gift has good taste and sure style.

Mr. Allan Ketcheson is judging live stock at the Royal Winter Fair in Toronto. He also won the two cups for judging at Stirling recently.

Last week Trenton conducted a very successful Trenton week. Among the prize winners was Mr. Jack Demarsh of Madoc, who won a gallon of Lowe Bros. Paint.

The choir of St. Peter's Church, Madoc, provided the music for St. Andrew's Church, Tweed, on Sunday evening last, at their anniversary service.

Mr. Donald Whytock and Mrs. (Dr.) Crawford were in Niagara Falls, Ont., yesterday attending the funeral of the latter's father-in-law, the late George Crawford.

VISIT OF DISTRICT DEPUTY GRAND-MATRON

On Wednesday evening, November 13th, the Eastern Star members were visited by the District Deputy Grand Matron, Sister Rose Sexsmith of Peterborough, No. 12 District, when she made her formal inspection. Mrs. J. Rice of Madoc, is the Worthy Matron and she performed her duties in a very efficient manner and was complimented on the work by the D.G.M. During the evening Sister Ida Ashley presented Sister Sexsmith with a beautiful gift.

A number of Marmora members were in attendance, also members from Peterborough Chapter, Havelock Chapter, Belleville Minerva and Belleville Chapter No. 55, also Tweed Chapter. A social evening followed and dancing was enjoyed by the members.

COMING EVENTS

HERE AND THERE

The moon, says a radio expert, throws back the wireless waves from the earth. We don't blame it.

Never do men look quite so helpless and harmless as when they appear in a flashlight of a banquet.

And in the good old days governments never promised the people anything and always kept their promises.

Investigators find that milk can be kept in cold storage indefinitely. That's the way a lot of the milk of human kindness is kept.

A country may have immense and undeveloped resources, but they do not become wealthy until and unless they are related to the demands and uses of the rest of the world.—Lord Dunsuir.

The Government of Ontario has still a lot to learn, observes an exchange. Wait until the Dionne quintuplets are going to school and their governmental guardians have to help them with their homework.

KEEPING MONEY AT HOME

A shoeman owes a baker \$2.00 and gives him \$1.00, discharging fifty per cent of his debt. The baker owes a farmer \$2.00 for potatoes, so he pays the farmer half his debt with the dollar. The farmer purchases a pair of \$2.00 shoes paying \$1.00 down. The shoeman uses the dollar to cancel his debt to the baker, the baker to the farmer, and the farmer pays for his shoes. The shoeman has paid his debt, made a sale and still has the original capital. So have the baker and farmer. That's community business. Three persons have made a profit on \$1.00 and it's still in the community to make more. The dollar that goes the farthest is the one that stays at home.

The president of the Western Newspaper Union, touches on a very vital subject when he says: "The circulation of large city newspapers in rural communities develops among the people of these communities the city buying habit. The effective advertising of the big stores attracts business away from the home town, and in time the home town as a market place has passed out of the picture. When it does the local newspaper is buried in the same grave."

Considered, from this standpoint, the regional or local weekly is even more important to the town in which it is published than it is to the owner or publisher. There is no getting around the fact that the trade of a town follows the circulation of the local newspaper, just as civilization follows the flag.

Your town is not going to advance very far unless your local newspaper blazes the way. And your local newspaper is not going to be the sort of a newspaper necessary to gain and maintain a complete coverage in the logical trade radius of your town unless it has the whole-hearted support of your merchants and business men.

RELAXATION

Mix more relaxation with your business activities and you will wear longer and live more happily in the consciousness that you are enjoying good health. The man who marries his business and does not take a day off to play will soon leave a widow for somebody else to look after. Play-lag pays. And no man should be too old to forget some of the things that life has already taught him in the

school of experience. Keep going and you will play out your legs, but stop for a short rest now and then, or your legs will carry you on. A man is as old as he feels and it is his own fault if he plays himself out.

WHEN THE EARTH TREMBLES

Such earthquakes as Ontario experiences are only reminders of this province's immunity from really serious disturbances of that nature. The recent earthquake was as violent as this area is likely to experience, but in the real earthquake belts, such as that surrounding the Pacific Ocean, it would be considered of significance only in so far as it might be the precursor of worse to come. In this favored province worse does not come.

Ontario is particularly fortunate in its freedom from great disturbances of nature. The tremendous cyclones which visit Florida and the disastrous earthquakes which occur in California are unknown here. When the earth trembles, Ontario people are apt to be somewhat panic stricken because it is so unusual a phenomenon. But when they pause to think, they realize that this province is not in an earthquake belt and that nothing serious is likely to happen.—Toronto Star.

GIRL FARMHANDS NO MODERN IDEA

The Star and Vidette says: "We have been rather amused by some of the stories appearing in the large daily papers regarding the news that women and girls were helping in the harvest fields. We of the rural centres know that this has been going on for years, and will quite likely continue as long as there are farms, and have chuckled to themselves at the stories, as if women working in fields had never occurred before."

"Living in close contact with the farmers, we have come to realize that the women who live on the farms realize and know the value of time, especially during the harvest season. They know what it means when the hay or grain should be in the barn and rain is threatening. They know that in helping their men, they are helping themselves toward an easier life in years to come. That is obvious. We can see nothing unusual in a woman helping in the fields around the barn. It was done in Biblical times, and no doubt will continue until eternity."

SIZING UP THE WINTER

Weather prophets have been in kindly mood the last two or three weeks. Perhaps this has been due to the weather itself. During the somewhat unseasonably chilly spells the pessimists among them were in the ascendant predicting by means of alleged nature signs and by other evidence that we were to have a short, cool fall and an early winter. October has confounded these forecasters with weather giving little excuse for fault-finding and has brought out others of more cheerful views.

There is a tradition that a mild October is usually the forerunner of a mild winter. A New York State observer with records of a weather station covering more than a hundred years has found after careful study of them that this tradition proved right in 62 per cent of those years.

An aged Cayuga Indian chief says that weeks of continued mild weather may be expected but that nature signs indicate heavy snow-falls when winter does come.

The pessimists among the weather prophets will find little to comfort them in the present weather, although there is plenty of time for their worst fears to be realized. Happily, the average man and woman are optimists with respect to weather just ahead and do not worry unduly about what lies in the future. They are usually ready to hope, too, that the sun may be shining tomorrow, even if it is raining today. It is good philosophy to see the bright side of things until the worse side shows itself. And after all, if past records count for anything, there will be nothing dreadful in way of weather during the coming winter.—Kingston Whig-Standard.

REMINISCENCES

The following items have been taken from the file copies of the Review.

FIFTY YEARS AGO

November 19, 1885

Madoc Markets: Flour \$2.55 cwt., fall wheat 80c bus., butter 17c lb., eggs 15c doz., potatoes 50c bag, hay 10c a ton.

Mr. Thomas Cross advertises a farm for sale with good log house. The annual tea meeting at Hazard's will be held on December 14th.

Last week Mr. W. J. Rollins of the Allen Settlement, sold a hog to Mr. James Whytock which weighed 685 pounds.

Mr. William Mullett, having decided to remain in Madoc, offers harness cheap for cash.

The Emma Wells Company will open a three-night's engagement in the Roller Rink. The admission is only 15 cents.

On Thursday a young man named White, son of Mr. Thomas White of the Marmora road, died of fever contracted while in the shanty.

The second appearance of the Jubilee Singers drew a large audience to the Roller Rink.

On the tenth instant an adopted daughter of Mr. James Thompson of Madoc Township, aged four years, fell into a pail of scalding water and died the next day.

A little daughter of Mr. and Mrs. Love, of Madoc Township, aged three years, was alone in the house for a short time. She was playing with the fire and was burned so badly she died.

A letter is printed in this issue from Mr. Francis Nicoll of Millbridge, who a few years ago was sent out by the British Government to teach the people of India the process of making petroleum.

England has declared war against Burma and a British force is now on the way from India to subjugate King Theebaw.

TWENTY-FIVE YEARS AGO

November 17, 1910

Queensboro Branch of the Women's Institute was held at the home of Mrs. John Wiggins on October 27th.

The annual meeting of L'Amable Farmers' Club was held on November 4th in the Orange Hall. An address was given by A. D. McIntosh, District Representative.

Mr. John Alexander threshed 1007 bushels of oats in five hours and ten minutes on the farm of Mr. Samuel Rollins, of Cooper, on November 4th.

Mr. Fred Howard, a C. P. R. brakeman, whose home is in Madoc, met with a severe accident on Monday. He fell between two cars, almost stunned he managed to crawl off the track.

In Toronto on Sunday Ted Mullett, a former resident of Madoc, died suddenly.

Mrs. Joseph Caverly has been visiting her son, Mr. John Caverly, at Foxboro, during the past week.

At the I. O. O. F. lodge rooms on November 21st, the presentation of jewels will be made.

Dr. W. S. Harper left yesterday for the Old Country where he intends taking a post graduate course in London and Edinburgh hospitals. Mr. Beverly Sargent will have charge of the drug store in his absence.

A layman's missionary meeting was held in St. John's Church on Friday. The speakers were: Rev. Blagrove of Belleville, and Mr. H. K. Caskey, General Secretary of the movement. Mr. J. C. Dale was chairman.

Died—In Sault Ste. Marie on November 10th, John C. Mackintosh, aged 30 years, son of Mr. and Mrs. William Mackintosh of Madoc.

FIFTEEN YEARS AGO

November 18, 1920

On Thursday, November 9th, about sixty friends of Mr. and Mrs. Robert McCoy gathered at their home to spend a farewell evening with them before they leave for their new home.

The members of the Presbyterian W. M. S. met at the home of Mrs. J. McCoy on Friday at a farewell tea in honour of Mrs. Hungerford who leaves soon to spend the winter in Toronto.

A Farmers' Club was organized at Cooper on November 4th, with Mr. John Caniff as president.

On November 4th the Auxiliary of the W. M. S. of St. Peter's Church, Eldorado, met at the home of Mrs. Lester O'Hara, who was presented with a beautiful copy of the Holy Scriptures. She has been a member of the Society for 26 years.

Last week a Rebekah Lodge was organized in Stirling.

Mr. Kinnear Cross has been moved to Niagara-on-the-Lake.

Mr. and Mrs. A. L. Connor are moving into the Caverly Dougan block for the winter.

A number from here who have been helping with the harvest in the West, returned home last week.

WEDDINGS

MORGAN-McCAUGHAN

St. John's Anglican Church, Stirling, was the scene of a very pretty autumn wedding on Tuesday, November 12th, at eleven a.m., when Miss Jean Audrey, daughter of Mr. and Mrs. Thomas E. McCaughan, of Stirling, became the bride of Mr. Harold Morgan, son of Mr. and Mrs. C. Morgan of Minto. The ceremony was performed by Rev. Canon W. G. Swayne of Bonarlaw assisted by Rev. A. S. McConnell of Stirling. Mrs. H. Alger, organist of the church, played the wedding march.

The bride, given in marriage by her father, looked charming in a gown of pearly blue transparent velvet with matching accessories, carrying a bouquet of pink chrysanthemums. She was attended by Miss Edna Reid of Ivanhoe, who wore a lovely gown of ruby transparent velvet with hat and shoes to match and carried a bouquet of pink carnations. The groom was supported by Mr. T. Sarges of West Huntingdon, and the ushers were Mr. Carleton Wright and Mr. Lindsay Tanner.

After the ceremony a wedding breakfast was served at the home of the bride's parents, "The Paisley Hotel," where the rooms were beautifully decorated in pink and white colours and table bouquets of chrysanthemums and carnations. The bride's mother received in a gown of black crepe with a corsage of gardenias, assisted by the groom's mother, who was gowned in black crepe with accessories to match. The guests included Rev. and Mrs. W. G. Swayne of Bonarlaw, Rev. and Mrs. A. S. McConnell of Stirling, and thirty friends and relatives.

The happy couple left later for a trip in Western Ontario cities and Detroit, Mich., and upon their return will reside on the groom's farm, at Minto, where a reception will be given in their honor by the groom's parents. The bride travelled in brown pebble crepe ensemble, with hat, coat and other accessories to match.

REID-PRICE

A pretty wedding ceremony took place on Saturday, November 9th, at the home of the groom's friend, Rev. Merritt Price, Actinolite, when Miss Isobel, second daughter of Mr. Claude Sharpe, and the late Mrs. Sharpe, of Mount Pleasant, became the bride of John A. Reid, son of Mr. and Mrs. Peter Reid, Madoc Junction, with Rev. Price officiating.

The bride looked charming in a gown of deep blue crepe fashioned on long lines with high collar, blue velvet hat and black satin shoes. After the ceremony a dainty buffet lunch was served and the happy couple are enjoying their honeymoon visiting relatives at Tweed and point north. On their return they will reside at Madoc Junction.

Among those who attended the ceremony were: Mr. Claude Sharp, Gladys and Malcolm, of Mount Pleasant; Mr. and Mrs. Harry Brown and daughter, Mrs. Henry Ferrell and Bobby, of Carmel.

FIFTY TURKEYS

STOLEN IN SWOOP

Provincial Police are investigating the wholesale theft of fowl reported in Hastings County recently. Fifty turkeys were stolen from the farm of Robert Matthews, seventh concession of Rawlin township, recently, while the night before a Thurlow farmer reported the theft of a large number of chickens. Inspector F. Gardiner of the O. P. P., Constables McGibren and Kelly are making a thorough search of the surrounding district in hopes of apprehending the culprits. Other minor cases of a similar nature have also been brought to the attention of the authorities. The fowl thefts are believed to be the work of an organized gang, who are stealing the birds and selling them to a metropolitan market in either Toronto or Montreal.

O'DONNELL REMANDED

FOR A WEEK

Harry O'Donnell, charged with the murder of 26-year-old Ruth Taylor, on November 4th, was remanded to November 22nd for preliminary hearing, when he appeared in Magistrate's Court at Toronto on Friday. Frank Regan, defence counsel, protested the remand, stating O'Donnell had the right to hear the charge against him aired in open court.

O'Donnell was pale and appeared nervous as he stood up in the prisoners' dock and heard Magistrate Robert Browne grant the remand at the Crown's request to give scientists an opportunity to complete their researches, expected to form the main evidence at the hearing.

BRIGHT PROSPECTS FOR CANADIAN TOBACCO CROP

Prospects for the sale of the Canadian tobacco crop of 1935 in Britain are more favourable than last season, particularly in view of the relatively good quality of the flue-cured crop and bright color. Withdrawals in Britain from bond for home consumption for the period January to July, this year, totalled 94,897,919 pounds a slight increase over the same period last year. The United States is the greatest source of supply. Among Empire sources of supply, Nyasaland heads the list, closely followed by Southern Rhodesia, British India, Canada; next in order is Northern Rhodesia and South Africa. While the United States crop for 1935 would appear to be greater than 1934, there is a higher proportion of common grades. The flue-cured crop of Southern Rhodesia this year is considerably less than 1934 and due to drought there is, apparently, a higher percentage than usual of common grades which will not be readily saleable in the United Kingdom.

WANDERING MOOSE COW VISITS MARITIME CITY

A variation of the nursery rhyme about the cow jumping over the moon was staged in Saint John, N. B., recently when a bewildered cow moose, which somehow or other managed to wander into the outskirts of the city, jumped over a youngsters' play-in on the street. For two days the animal tramped over lawns and gardens and bumped into fences in her frantic search to find her way back to her native haunts in the forest. As it was the big game hunting season, Nimrods on the city police force took time off to do some hunting on the side but they were unsuccessful in finding their quarry from which it was presumed mama moose had reached the shelter of the tall timbers. And so victims of a meal of moose steak were reluctantly forgotten on the part of the force of the law. From reports to hand it would appear more deer and bear were taken in New Brunswick this season than last, while the number of moose was about normal.

SALT MUCH USED IN INDUSTRIAL WORLD

Salt is a very valuable commodity and, in addition to its use for seasoning and preserving foods, enters into a number of industrial processes. It is used in the textile industry, in the manufacture of kraft paper and sheet glass in the form of salt cake. There is large consumption of salt cake in the United States which is supplied from three sources, from the brine deposits in California and Texas, chemical manufacturers who use the sulphuric acid method in manufacturing hydrochloric acid and imports from foreign countries, chiefly Germany and Belgium. Canada supplies about 12 per cent of the total imports, and stands third as a source of supply.

NOVA SCOTIA LEADS IN SPRUCE EXPORTS

Nova Scotia leads all the provinces of Canada in the export of spruce lumber to Great Britain this year, with an all-time high of 115 million feet. Figures for New Brunswick were 105 million feet and for Quebec 85 million feet. With the increasing value of Canada's forest areas, particularly from the standpoint of by-products such as rayon, fibre-board, etc., forest conservation is coming in for greater attention on the part of the various governments, as well as the paper and lumber industries.

LOBSTER CATCH SOLD ALIVE TO UNITED STATES

Practically all of the lobsters caught in the United States are sold alive as they fetch higher prices than the canned variety. It is estimated the annual catch is in excess of 11,000,000 pounds. About an equal quantity is imported from Canada, which accounts for 98 per cent of the total imports, while Canada also supplies about 98 per cent of the total of the canned lobster imports. The greater part of these live and canned lobsters come from Nova Scotia, New Brunswick and Prince Edward Island.

CANADA INCREASES HER APPLE EXPORTS, SWEDEN

Canada doubled her exports of fresh apples to Sweden last year as compared with the year previous, while in the case of dried apples exports rose from 45,000 pounds to 148,825 pounds.

THOU SHALT NOT KILL

NEWS AND INFORMATION FOR THE BUSY FARMER

(Furnished by the Ontario Department of Agriculture)

Important Dates

November 20-28—Royal Agricultural Winter Fair, Toronto.
December 3-5—Ontario Provincial Winter Fair, Guelph, Ont.
November 30-December 7—International Live Stock Exposition and Hay and Grain Show, Chicago, Ill.

One large duck farm in Eastern Canada is planning to ship 2,000 boxes of ducks to England before the close of navigation at Montreal and to hold them in storage for subsequent sale.

Shipments of feeder cattle brought from Western to Eastern Canada to be fattened under the Dominion Feeder policy totalled over 2,000 head for the month of September.

To drive home to farmers in general the important place of good seed in an agricultural programme requires that a continuous, persistent, sound, educational programme be carried on over a period of years, said Professor Robert Summerby of MacDonald College in his presidential address to the Canadian Seed Growers' Association.

Many of the farmers of Eastern Canada who fed Western lambs during the 1934-35 winter under the Dominion Lamb Feeding Project are placing increased repeat orders, in many cases asking for double the number of lambs they fed a year ago. The applications, particularly from Quebec and Ontario, reflect the abundance of supplies of hay, grain, silage, and other crops in Eastern Canada.

The Canadian Egg Laying Contest
The sixteenth Canadian Egg Laying Contest, held at the Central Experimental Farm, ended on October 23rd, having completed its 51 week course. The complete results of the year show many excellent performances by both the heavy and light breeds.

A feature of the contest was the good health of the birds and the absence of infectious and contagious diseases.

A total of 107 birds qualified for registration, which corresponds closely with the total for last year. Egg weights were excellent throughout the contest, there being only 12 pens which failed to average 24 ounces to the dozen. The average egg yield per bird was the highest ever recorded in contests at Ottawa.

Manure for Hay Crop

In order to determine accurately the influence of manure on the yield of hay, part of a field of new seeding on a farm in Oxford was manured at the rate of 10 tons per acre in the fall of 1934.

A marked difference in the vigor and density of growth was noticed all season on the manured side as compared with the lower, thinner strand and smaller percentage of legumes in the unmanured hay.

Careful yield tests were taken in 1935, which show that the manured land yielded 27 per cent more hay than the unmanured. The manured hay also surpassed the unmanured in protein and mineral content.

The aftermath of the topdressed land came back faster and there were fewer weeds in this hay.

The proprietor stated, "I am sold to the idea. We cannot get along without putting some of our manure on the hay land."

It is a sound practice, especially in mineral deficient areas, to reinforce barnyard manure with phosphate, by spreading granulated phosphate on the manure in the stable at the rate of 1 or 2 lbs. per cow per day. The phosphate retains much of the nitrogen, which is otherwise lost by evaporation.

Electric Soil Heating

Electric soil heating for the propagation of seeds and promoting plant growth is making headway in Canada. Nearly 200 installations are now being used in the province of Ontario, in greenhouses, and in hotbeds and cold frames, for propagating the seeds of tomatoes, cabbage, cauliflower, egg plant, peppers, cucumbers, melons, certain flowers, rooting cuttings of flowers, evergreens and sprouting sweet potatoes. The results of electric soil heating are stated to be very satisfactory. In the Burlington district the use of under-soil electric heating hastens the development of plants to set out in the field by about three weeks, and the growers report that freedom from worry when the weather changes is one of the distinct advantages of the system. Plants have much greater root

development, shorter and thicker stems, and are generally more rugged. During the past season, plants when set out in the field had less wilt and made quick recovery from it.

Lamb Campaign

An appreciable benefit to the Canadian farmer-sheepbreeder is anticipated from the work being carried on by the recently-organized Canadian Lamb Committee, which has undertaken to conduct a campaign to encourage the consumption of fresh Canadian lamb and to inform Canadian housewives of the economical and nutritive advantages (and the year-round availability) of this type of meat, according to a statement just issued by the committee.

The committee consists of W. H. J. Tisdale, Canadian Co-operative Wool Growers, chairman; R. W. Wade, Canadian Sheepbreeders' Association, secretary-treasurer; S. E. Todd, Industrial and Development Council of Canadian Meat Packers; L. E. O'Neill, Livestock Commissioner, Ontario Department of Agriculture, and A. A. MacMillan, Associate Chief, Live Stock Branch, Dominion Department of Agriculture, directors.

The object of the campaign, the statement continues, is to effect a more even balance between the production and the consumption of fresh lamb in Canada. Its work has been necessitated because within recent years the finishing and marketing methods of fresh Canadian lamb have been improved to such an extent that this meat may now be obtained at moderate prices during any month in the year.

The majority of housewives, however, are still apt to regard fresh lamb as somewhat of a seasonal luxury and are not fully aware of the continuous monthly movement of the farmer's product to the retail market. It is claimed in the statement. Many housewives also do not appreciate the tremendous nutritive value of lamb and its suitability as a staple meat in the family diet, and the committee is confident that its efforts will be of substantial benefit to thousands of Canadian housewives as well as to thousands of Canadian farmers and sheepbreeders.

QUINTS TO STAR

IN FEATURE FILM WITH DR. DAFOE

The Dionne quintuplets were slated on Monday to become featured movie stars in a full-length film at the tender age of 17 months.

Hon. David A. Croll, Ontario Minister of Labor-Welfare, and special guardian to the five sisters, announced on Sunday night that he had approved a contract between Twentieth Century-Fox and the guardians of the quintuplets for their participation in a photoplay to be titled, "The Country Doctor."

The film, it was announced, will be based to some extent on the life of Dr. A. R. Dafoe, the little grey-haired doctor who attended the quintuplets and saw them safely through their most critical months. But whether Dr. Dafoe would act in the picture was not known, although unofficial information was that his association with the production would be confined to supervision of any scenes in which the little sisters appeared.

Mr. Croll did not disclose the terms of the contract, nor would he indicate the salaries the quintuplets would receive in their first full-length picture. They already have appeared in two "short subjects."

He said, however, that the terms of the contract were "so attractive that, in the interests of the children, the guardians felt they could not pass up the very substantial addition to the quintuplets' fund."

BELGIAN HOUSEWIFE BUYS CAKES, PASTRIES

In Belgium, the housewife relies on the confectioners' shops to supply cakes and other pastries which are not made in the home to the same extent as in Canada. In every city and town in Belgium there are a large number of confectioners' shops which, generally, use yeast instead of baking powder in making cakes and pastries.

The gross revenues of the all-inclusive Canadian National Railway System for the 10-day period ending October 31, 1935, were \$5,804,439.00, as compared with \$5,626,916.00 for the corresponding period of 1934, an increase of \$177,523.00.

DELORO SAFETY MEETING

The monthly meeting of the Deloro Safety Committee was held in the Deloro hall on Thursday evening, with R. A. Elliott presiding over a good attendance of members.

Eight suggestions were reported as being received in October, and two of these were given an award. The Star was presented to the oxide plant.

C. H. Buskard brought in the report of the inspection committee. J. Judge was appointed floating member for December. Messrs. J. A. Rice, W. Regan and W. Simmons were appointed as a committee to carry out prone method practices during the current month.

C. H. Buskard presented the monthly statement of the benevolent relief funds. W. R. Reynolds reported for the publicity committee. Three interesting talks were given at the close of the evenings' business.

S. B. Wright spoke in interesting style on his visit to England and the continent this year, and his attendance at King George's jubilee celebrations in London.

F. A. Barty followed with some of his impressions of Russia and other European countries, also gained in a trip taken this year.

Dr. S. F. Kirkpatrick of Ottawa spoke briefly on a round the world trip which he had taken, featuring chiefly, the south sea islands.

CANADIAN APPLES AS

CHRISTMAS GIFTS

A traveller entering a Canadian National Railway dining or sleeping car, or hotel, these days will find a neat little pamphlet drawing attention to Canadian apples as Christmas gifts to relatives and friends overseas. Rates are given from Montreal, Quebec, St. John, Halifax, to Great Britain, Ireland, and the Channel Islands, also to Belgium, Denmark, Germany, Holland, Italy, Norway, Sweden, Switzerland, together with sailing dates from Montreal, Quebec and Halifax which will insure the arrival of the gift in time for Christmas. Included also among the destinations are Bermuda, British West Indies, British Honduras, British Guiana, the Bahama Islands and Jamaica. Many Canadians who have found these Empire colonies of southern waters such an enjoyable vacation trip both during the summer and winter seasons have formed friendships there and the suggestion is made that a box of Canadian apples would make a very nice Christmas remembrance and at the same time it would assist the Canadian apple industry.

Choice Canadian apples for gift purposes are packed in standard boxes and barrels, full or half size, and the Canadian National Express announce that they will be pleased to assist in selecting a suitable gift along this line and make all arrangements for forwarding to continental ports or the British West Indies and mainland resorts.

CANADA'S POULTRY

EXPORTS TO BRITAIN

SHOW INCREASE

Britain gets about 35 per cent of her poultry imports from Empire countries, the Irish Free State holding first place followed by Canada. As regards foreign sources of supply, in the case of chickens, Hungary occupies the premier position followed by Poland, Holland, Russia; turkeys come from Hungary, Yugoslavia, Argentina, Uruguay. For the period January to May, 1935, the volume of imports of frozen chickens from Canada increased over three times that for the same period of last year. There has been a considerable increase also in the volume of Canadian turkeys imported into Britain.

CANADIAN FLOUR

FIRST IN BRITAIN

Canada leads in the supply of wheat flour to the United Kingdom, according to import figures for the first six months of this year as compared with the same period of 1934. Total imports, however, decreased approximately 30 per cent. A five-year campaign is about to be undertaken in Britain having for its slogan "Eat More Bread."

JAPAN'S RICE CROP

BIGGER THAN 1934

Japan's rice crop for 1935 is estimated at 300,400,565 bushels, an increase of 16.9 per cent as compared with 1934; although as compared with the average crop for the past five years, this year's crop shows a decline of 0.7 per cent. The total area under rice this year is estimated at 7,352,564 acres.

SAVE TO BUY AND BUY TO SAVE

SOUND ADVICE !

You have certain living expenses—rent, food, clothing, light, and other necessities. You save money every week so that these bills can be paid at the first of every month. Whatever else you buy must come from surplus savings, over and above those set apart to cover living costs. To make those savings buy the utmost value for the money is the essence of true economy.

Save to buy — then buy to save. Know what you need to buy before going to the store. Know what you can afford to pay before you start out to make a purchase. This is the one sure way to get the most for your money.

Make it a habit to

Read the Advertisements

in The Review every week. By doing so you will learn where to buy the things you need and where your dollar will buy the greatest value. The advertisements will show you where to purchase better food, better clothes, and yet save you money. They will help you live better and enjoy the good things of life.

They Help You To Buy In Order To Save

WINNERS OF WARDEN JAMES BRONSON'S MEDALS

Crowned champion orators of all schools in the north, centre and south Hastings Inspectorate, Arthur Long, Tyendinaga, junior pupil of School Section No. 14, was named winner of the annual Championship Public School Speaking Contest held at Shire Hall, Belleville, on November 14th. The diminutive winner triumphed over nine other champion orators from throughout the county.

Miss Fieda Mullett of Huntingdon, junior pupil of School Section No. 2 and 5 was named winner of the girls' class.

As winner of the Warden's gold medal, Arthur Long was also presented with the Championship Shield awarded either boy or girl in the annual contest by Col. Roscoe Vanderwater for highest marks. The win now permits him to enter the District Championship Speaking Contest at Brighton on Friday, November 22nd. Until then his subject will be withheld.

In opening the afternoon's proceedings, Warden James J. Bronson who presided as chairman, called attention to the efforts of the Agricultural Committee of Hastings County Council through whose efforts the contest had been originally fostered and annually maintained.

Declaring himself highly pleased with the number of entrants, Warden Bronson asked those present to consider the historical lore with which Hastings County is so rich. Previous generations had contributed to this history that has always been a part of Hastings County was first formed. Many of those pioneers, who had helped build Hastings and who had carried her triumphantly forward to its present high position among other municipalities of the country were pointed to in the pictures on the wall of historical Shire Hall building in which the contest was being held.

"You of the younger generation remain to take their places, to carry on this work they have started, but have not completed. Always the question will now remain, which one of your pictures will adorn these walls in years to come? The boys and girls of today are the men and women of tomorrow."

Warden Bronson called attention to the high standard this county had set for others to follow. "At the present time Hastings County stands fourth among all counties of the province financially and other wise and in richness of its possessions."

Although brief, the juvenile orators excelled themselves in the splendid addresses offered. Hastings County, its treasures, the opportunities which it offered to all classes of residents, and ease of living within its boundaries were stressed by some of the competitors in their remarks. Others chose the physical and man-made characteristics of Canada and Ontario the developments within the country and the varied industries that had helped her maintain that envied stability when other nations were in chaos. Nor was the historical highlights, the early settling, and the pioneering of the country neglected.

As winner of the girls' class, Miss Fieda Mullett chose as her topic, "The Pulp and Paper Industry." With a clarity and ease of expression she took her listeners through the varied and intricate development of that industry from its early invention by the Chinese to its present highly developed state, now definitely linked as the chief component necessary to business of the world.

From the rock and stone tablets of the neolithic age to the glossy paper of present day use what had at first been a useful invention had now become one of the accepted necessities of life. Paper had kept in advance of civilization and without that material such would not have been possible. Humorously she commented upon the fact that without the every day scribbler and note book "We would probably be carrying our home work in wheelbarrows."

As the judges withdrew to decide the winner, presentation of prizes to other winners was carried out as follows:

Presentation by Mr. C. M. Wallbridge, Reeve of Madoc Village.

Championship Live Stock Judging Trophy, donated by the Warden for annual competition and presented to the high contestant in live stock judging at the County Judging Competition held in Stirling, won by Allen Ketcheson, Madoc.

Championship Dairy Cattle Judging Trophy, donated by Mr. F. C. McGuire, Belleville, and presented to the high man in the judging of dairy cattle at the County Judging Competition held in Stirling. Trophy to be won three times before becoming the permanent property of an individual, won by Allen Ketcheson, Madoc.

Presentation by Mr. Phillip Carr, Reeve of Rawdon Township.

Championship Shield, won by Arthur McDonnell, Stirling.

Presentation by D. R. Ketcheson, Reeve of Frankford Village.

Championship Seed Judging Trophy

—Won by Everett Geen, Thomasburg.

1935 Winners of Entrance Examination Medals, donated by the County of Hastings—North Hastings Inspectorate, presented by Inspector C. F. Cannon.

Centre Hastings Inspectorate, presented by Inspector A. A. Martin.

to Gladys Aylsworth, Madoc; South Hastings Inspectorate, presented by Inspector H. J. Clarke, to Morley Clark, Frankford.

Presentation by Mr. J. H. Sprackett, Reeve of Tudor and Cassel Townships.

Championship School Fair Shield, donated by Mr. B. C. Donnan, Belleville, to the school winning the highest number of points at the Championship School Fair held at Stirling, won by S. S. No. 14, Tyendinaga Township, Miss Audra Aylwa, teacher.

Presentation by Mr. J. L. Churcher, Reeve of Duncannon Township.

School Fair trophies, donated by the T. Eaton Company, Limited, Toronto, to the pupils winning the highest number of points at the rural school fairs, won by Harry Hearnes, S. S. No. 17, Sidney; Phyllis Beatty, S. S. No. 15, Thurlow; Hilda Treverton, S. S. No. 22, Tyendinaga; Dorothy Hinds, S. S. No. 8, Rawdon; Clare Mullett, S. S. No. 2 and 5, Huntingdon; Dorothy Porter, S. S. No. 1, Hungerford; Lorna Keene, S. S. No. 9, Madoc; Alfred Blair, S. S. No. 2, McClure.

Presentation by Mr. L. E. Neal, Reeve of Marmora Township.

School Fair Books—"The Modern Encyclopedia," edited by A. M. McDonald and published by Musson Book Company.

Books donated by the T. Eaton Company, Limited, Toronto, to the pupils winning the second highest number of points at the rural school fairs. Won by:

Marjorie Bush, S. S. No. 19, Sidney; Reta Christie, S. S. No. 12 and 14, Thurlow.

Jean McLaren, S. S. No. 11, Tyendinaga.

Donald Johnson, S. S. No. 4, Rawdon.

Fieda Mullett, S. S. No. 2 and 5, Huntingdon.

Douglas Connor, T. C. S., Hungerford.

George Love, S. S. No. 4, Madoc.

Eunice Davis, S. S. No. 3, Wicklow.

"Unwritten History," edited by Henry Rushton Hall, and published by Nelson Books, donated by The T. Eaton Company, Limited, Toronto, to the pupils winning the third highest number of points at the rural school fairs. Won by: Keitha Bush, S. S. No. 19, Sidney; Hazel Hicks, S. S. No. 9, Thurlow; Jack McLaren, S. S. No. 11, Tyendinaga; Alma Johnston, S. S. No. 8, Rawdon; Doris Mullett, S. S. No. 2, and 5, Huntingdon; Stanley Geen, S. S. No. 1, Hungerford; Hubert Harris, S. S. No. 4, Madoc; Francis McAlpine, S. S. No. 3, Montegle and Herschel.

Presentation by the Warden, Jas. J. Bronson.

Public speaking contest medals and championship trophy to Arthur Long and Fieda Mullett.

In making his presentation of the school fair trophies, Reeve J. L. Churcher paid tribute to the efforts of Mr. Joseph Wilson, Stirling, agricultural representative of this district.

"But for his untiring effort and interest and keen assistance given the County Council would be unable to keep this annual event up. It is one of the best things that could be maintained and of lasting benefit not only to the pupils, but to the teachers also," declared Reeve Churcher. One of the students who had received his trophy, Albert Blair of his own township, was forced to walk five miles to school but even that did not daunt his interest in school work, pointed out the Reeve.

A vote of thanks, moved by Reeve L. E. Neal of Marmora and Lake, and seconded by Reeve James Sprackett for the efforts and assistance of the judges, was unanimously carried. The singing of the National Anthem concluded the afternoon.

TWO SKATE INTO WATER IN MOONLIGHT, SAVED

Walter Godda and Alfred Graham residents of Swastika, had a close call from drowning on Wednesday night while skating on the waters of Otto Lake. They were rescued by Aurele Boivin, Harold Paquette, Donald McIntosh and Billie Wallace who went out in a boat. The skaters apparently failed to distinguish between water and ice in the moonlight and skated right into the water. The rescuers first threw them a log, then picked them up in a boat.

HYMN OF PEACE

Written by George Allen Kingston, of Toronto, formerly of Belleville, "Hymn of Peace" was sung in many Toronto churches on Sunday. His Grace Archbishop Owen of the Church of England, commenting on the hymn, says: "I have read your 'Hymn of Peace,' and I write to tell you that I am very pleased with the sentiments expressed therein. It embodies a prayer in which we should all join at this time. I hope it may be widely used and I commend it to the consideration of our people."

HYMN OF PEACE

(Tunes: Stella, Melita, or St. Crysostom)

Creation's Lord who from the heights,
Doth move the planets in their turn,
Who stilled the waves and staved the storm,

And e'en made fire refuse to burn,
Give ear, O Lord, to this our plea,
And spare the world war's dread decree.

Lord of the nations who dost know
The world's High Rulers' inmost thought,
Teach them to learn in Thy great wroth,

Create in them the will for peace
That war throughout the world may cease.

Forbid, O Lord, that hymns of hate
Should o'er the lands again be sung;
Let songs of love and brotherhood

Swell high the note on every tongue—
May man enthroned Thee, Prince of Peace,
That war in all the earth may cease.

Hasten the day when men shall come
O'er all the world to brothers be,
When swords to plowshares shall be turned,

And spears to pruning hooks, that we
May soon forget the arts of war,
And "Peace" be man's sole guiding star.

—George Allen Kingston.

AUTO STRIKES WAGON

A car owned by Mr. Hiram Rodgers and driven by Mr. Grant Potter, local barber, crashed into the rear end of a light wagon in which Mr. and Mrs. P. Waller of Crookston, were seated, shortly after six o'clock on Monday night, and almost demolished it. Mr. Potter was accompanied by Mr. Aubrey Rodgers, and the accident occurred on Mill Street.

Mr. and Mrs. Waller were both thrown to the pavement and while at first it was thought that neither of them were hurt beyond a few bruises, Mrs. Waller has since been confined to her bed under medical care.

Potter was arrested by Constable Eggleton and taken to Belleville where he was lodged in the county gaol. On Tuesday morning he appeared before Magistrate Butler. The conventional sentence was imposed, also payment of the costs and restitution in the matter of damages.—Stirling News-Argus.

ANOTHER WOMAN

SLUGGED ON HEAD

On Saturday Toronto police were investigating a mysterious attack against a young woman, Miss Sadie Adams, who was slugged on the head on Tyndall Avenue when she was on her way to her Thorborn Avenue home shortly before 6 o'clock on Friday night.

Miss Adams could give police only a meagre description of her assailants, a man and a woman, whom she had never seen before. The victim said she knew of none who would have cause to attack her, and believes that the incident was a case of mistaken identity.

Walking home from the Edison Lamp Company on Dufferin street, where she is employed, Miss Adams reached Tyndall. She heard a step behind her and turned to see a woman walking behind her. She paid only casual attention to her follower. The attack was launched as she stepped into a field of bright light shining from an apartment house.

EELS POPULAR DISH IN

U. S. A. AT CHRISTMAS

Eels are a popular dish among Italians in the United States during the Christmas season. An average of 2,750,000 pounds of eels are caught in the United States each year and the remainder of the demand is supplied almost entirely by imports from Canada. They are imported alive in specially equipped barges containing water tanks. In addition, live eels are imported in cases, each case containing a core of ice around which the eels are packed.

VIOLENT DEATHS DURING WEEK-END NUMBER TWELVE

A dozen violent deaths marked a chill, autumn week-end in Ontario. Six of them were from automobile accidents and except for one fatality in Ottawa, the rest were confined to the western section of the province.

Miss Carolyn Wilson, 72, died in hospital in Ottawa from injuries received when she walked into the side of a street car, which she apparently failed to see.

Seven-year-old Henry Ford was electrocuted in Toronto, while playing in a Toronto Transportation Commission sub-station. At Cochrane Peter Panagopolis of Kapuskasing, and Chas. Lantins, believed to have relatives at Sturgeon Falls, were asphyxiated while trying to seek warmth in the heating compartment of a box car.

Charles Mills, 54, a baker at Fergus died from burns received when his clothing became ignited by a blazing pot of grease.

James Thompson, 45, was instantly killed at St. Thomas when his automobile crashed into the side of a freight train. Mrs. Elizabeth Mulloy, died in hospital in Kitchener from injuries received in a car crash.

An alleged hit-and-run driver brought instant death to Hezekiah Seth, Six Nations Indian, near Simcoe.

Soon after she was struck by an automobile in downtown Hamilton, Mrs. James Bertram died in hospital from injuries.

Frank Kavanagh, 32, died in hospital in Windsor from injuries received when knocked down by an automobile.

At Stratford, 14-year-old Gilbert White died in hospital from injuries received when an automobile struck his delivery wagon nearby St. Mary's.

Veima Wright, seven, was killed when a large hay rack in her father's barn near Sarnia fell on her.

MARSHAL SUN, FOE OF NANKING, SLAIN IN TIENTSIN

On Wednesday last a woman assassin killed Marshal Sun Chuan-Fan, bitter opponent of the Nanking government, and often mentioned as the possible choice of Japan to lead an Independence Movement of North China.

Sun, formerly one of China's most powerful war lords, was shot while attending a Buddhist meeting in the Chinese section of the city, by a well-dressed Chinese woman.

She emptied her revolver into Sun's body, then calmly surrendered to the police.

The assassin was reported to be the daughter of the late General See Chung-Pin for whose execution she was asserted to have held Sun responsible.

TRAIN PLOWS INTO CAR, ONE KILLED

One woman was killed on Monday and five other persons injured, one critically, when a Brockville-Ottawa Canadian Pacific Railway train plowed into an automobile on a grade crossing near Carleton Place.

The accident occurred when the train plowed into an automobile driven by Rev. J. W. Edwards of Carleton Place, Baptist minister, demolishing the car and threw the six occupants onto the right of way.

Mrs. Edwards was killed. Her 11 year old son, Donald, was critically injured and her two daughters, Dorcas and Emily suffered serious injuries. Mr. Edwards and Mrs. W. A. Sherry of Carleton Place, received less serious injuries.

The advertisements bring you news of better things to have and easier ways to live.

NOMINATIONS AT TWEED NEW PRINCE IS GIVEN NAME

Nominations for the various municipal offices of Tweed Village will be held in the Township Hall on Friday, November 22nd. On Reeve four Councillors and one member for the Hydro Commission will be asked for. The office of Reeve held by Reeve Sayers is expected to be contested.

WELLINGTON BOY SEVERELY SCALDED

Struck by boiling water when a member of the family attempted to lift a kettle from the kitchen stove, Sammy Way, six-year-old son of Mrs. Mildred Way, Wellington, suffered severe scalds about the head and arms. Medical aid was summoned and the scalds treated. The little chap is recovering nicely at the time of writing.

BELLEVILLE MARKET
SATURDAY

considerable surplus of produce and root houses and barns throughout the rural sections and a surplus on the part of residents. The advantage of the steady price present combined to make Saturday's market at Belleville a largely successful one.

Prices were firm and little increase over those asked the previous week were noted. Butter, ever, showed an inclination to advance a few cents per pound in price, the majority of vendors quoting food at 55 cents for a two pound or 30 cents per pound. Indicating a point to a rise in price in this community owing to the increasing city of butter fat.

pre-Christmas air was given the effect by the appearance of turkeys in some quantity. Prices for this fowl were variable, ranging from \$1.25 to each. One large bird was being sold at \$2.15, a more humble chicken sold at 60 to 80 cents, ducks found a buyers at from \$1.00 upward. No eggs showed little change in price from 38 to 40 cents, while pullets were retelling at 33 cents.

The vegetable section nearly all the previous week's prices. Onions, cabbages, carrots, turnips, beets, and asparagus to keep vegetables retelling the basket or by the peck at an average of 30 cents per peck. Potatoes ranged from \$1.00 to \$1.10 per bushel.

Prices are due to rise owing to the influence of outside markets, vendors offering white fish 15 cents per pound, herring at 25 cents, suckers at 4 for 25c, mud cats at two pounds for 25c. In the live stock section prices were firm and in the case of cattle beef are due to increase in price live weight. This is declared due to the influence of the reciprocal pact; it was stated. Beef last week had increased 50 cents per cwt., and pork 35 cents, lvs. Little found trade desultory at a price from \$9.00 to \$10.00 per pair.

Apples, one of the most plentiful fruits on the market, remained constant at from 35 to 40 cents per bushel, according to variety.

The platinum blonde craze has led to the squirrels. George Pew Black Hildreth were hunting near Grey Creek and reported seeing a white squirrel with a bushy, silvery tail.

OBITUARY

MRS. D. W. RUTLEDGE

Following a prolonged illness against which she had been struggling since last May, Mrs. Donald W. Rutledge, Oshawa, passed away in the Private Patients' Pavilion of the Toronto General Hospital on Sunday morning, November 10th. While Mrs. Rutledge had been ill for some time, she was confined to the hospital for the past six weeks.

The late Mrs. Rutledge, whose maiden name was Alma Price Lees, was the youngest daughter of Mr. William Lees of Marmora, having been born there about forty years ago. Following her marriage, Mr. and Mrs. Rutledge resided in Toronto, Madoc and Trenton, going to Oshawa where they have resided for the past seventeen years.

Up to the time of her serious illness she was very active in church work. As a member of St. Andrew's United Church, she took a prominent part in the work of the Jessie Pantan Auxiliary, holding almost every office with the exception of president. The Auxiliary honored her with a life membership in the W. M. S. Her connection with the Auxiliary dated from the time of her arrival in Oshawa, and her contribution to the success of the group was considerable.

Left to mourn the companionship of a kind wife and mother, are her husband, and two daughters, Vera and Emma; her aged father, William Lees of Marmora, and one sister, Mrs. John Redburn, of Toronto.

The funeral service, which was held at her late home on Tuesday afternoon, was largely attended by relatives, neighbours and sympathizing friends. Rev. Mr. Maxwell of Toronto, a former pastor of St. Andrew's Church, Oshawa, was in charge of the service. Interment was made in Mount Lawn Cemetery.

The many floral tributes from relatives and friends bore mute testimony of the high esteem in which the deceased was held.

A legion of relatives and friends in North Hastings extend deepest sympathy to the bereaved family.

RECEPTION HELD

An interesting event of Saturday afternoon was the reception held in Tweed, when Mrs. G. D. Morton, (nee Miss Mary Melkjohn), received for the first time since her marriage. Many guests were present during the afternoon, a large number coming from Belleville, and Madoc. Mrs. Morton received in a lovely gown of black crepe and net with shoulder bouquet of baby mums and violets. She was assisted by her sister, Miss Casey Melkjohn, who wore black crepe with touches of silver.

The guests were invited to the tea room by Miss Grace Tucker of Belleville. The tea table was handsomely arranged with a lace cloth, silver basket of bronze and yellow chrysanthemums and yellow tapers in silver holders. During the earlier part of the afternoon tea and coffee were poured by Mrs. (Dr.) Farrell, Belleville, and Mrs. C. H. Kerr of Tweed, and during the latter part by Mrs. J. W. Barlow, Belleville and Mrs. H. Crobbie, Tweed.

Those who assisted in the tea room were Misses Isobel Campbell, Lois Richardson, Florence Blancy, Marion Newton, Grace Houston, Mrs. Chas. Porritt and Mrs. (Dr.) Locke, all of Tweed, and Miss Irene Harris and Mrs. Evan Barlow of Belleville.

BOUNTY PAID ON
THREE WOLF PELTS

Pelts of three Hastings County wolves, the first received at the office of the County Treasurer, Jas. Haggerty, Belleville, were turned in to the office last week. The animals, which were declared to be small ones, according to the size of their pelts, were shot in the northern part of the county, two by John O'Brien of Coe Hill, and one by Charles Gifford, Turf. The customary bounty of \$15.00 each will be paid. No statement regarding the proposed increase of \$5 per bounty has been received from the office of the Department of Game and Fisheries yet.

LOCAL AND PERSONAL

Mrs. Charles Reid is visiting her daughter, Mrs. Varty, in Toronto.

Mrs. Jesse Reid is visiting her mother, Mrs. McNeill, in Lansdowne.

Miss Phyllis Reid has returned to her home in Millbrook, after spending several weeks with her grandmother in town.

Two pupils of Madoc Public School, Gerald Keller and Evelyn Smith, won prizes in the Provincial Competition of the W. C. T. U.

There were 8,344,800 pounds of pickled taken in Manitoba in 1934, an increase of 1,447,400 pounds.

PRESENTATION
AND ADDRESS

Friends and neighbours of Mr. and Mrs. Wesley Prindle (nee Miss Mary Hicks of Carmel) numbering over one hundred gathered at the I. O. O. F. hall, Thomasburg, on Wednesday evening to present them with a divanette and rocking chair and to wish them bon voyage on the sea of matrimony.

Rev. F. C. Beazer, rector of the Anglican Church there, acted as chairman, and called the gathering to order. After a brief address, welcoming Mrs. Prindle to the community, and giving some timely advice to the young women and men as well as to the newlyweds, Rev. Mr. Beazer called on Mr. Harry Carleton to read the address. Mr. and Mrs. Prindle were then invited to the platform and both made suitable replies, thanking one and all for the beautiful gifts and extended an invitation to everyone to visit them in their new home. Mrs. Nell Steven and Mrs. Ray Diamond then favoured with humorous songs. Several local men spoke briefly expressing good wishes to the happy young couple. Mrs. Nell Steven gave an appropriate reading. All joined in singing "For They Are Jolly Good Fellows," followed by three cheers to the bride and groom.

The program was brought to a close by singing the National Anthem. Lunch was then served and the remainder of the evening was spent in progressive euchre and social intercourse. The prize winners for euchre were Miss Evelyn Reid and Mr. Joseph Chappelle.

Thomasburg, Ont., Nov. 6, 1935. To Mr. and Mrs. Wesley Prindle.

Dear Wesley and Mary:
It is with great pleasure that we have gathered here tonight to welcome another bride to our community, and to wish you both a happy and prosperous life among us, and to congratulate you on this the beginning of your united voyage on the sea of married life. We put forward the hope it will be a long, happy and glorious one, packed with those things which make for a fullness of life.

To Mary we extend the glad hand of welcome, and hope that you may spend many happy years together. While a number of us are not personally acquainted with you as yet, we trust that as time marches on we will be better acquainted and that our friendship will increase.

Wesley, you are well known to all of us as a good fellow, willing to help wherever needed. We are glad you are making your home among us. As you start on another phase of life with its opportunities for doing good, it is well to recall that:

"Life is a mirror for king or slave,
'Tis just what you do or say;
Give to the world the best you have,
And the best will come back to you."

As a slight token of our esteem and good wishes, we ask you to accept this gift and hope it may serve to remind you of your friends.

Signed on behalf of Thomasburg and Bethel friends: Melburne Adams, Morton English, Harry Carleton, Kenneth Jeffrey.

BOY'S HEAD PIERCED BY
HANDLE ON CAR DOOR

Murray Davis, eight year old son of John Davis, a resident of Northumberland County near the Murray Canal, was struck by a car driven by Earl Snyder of Carrying Place, and almost instantly killed recently. The boy was proceeding to the Carrying Place school with his two brothers. When near the Fitzgerald farm, about half way to the school the lad darted across the road and struck the side of the car, which was proceeding toward Trenton. The boy's head struck the streamlined door handle piercing his head that caused his death soon after his arrival at the office of Dr. Johnston in Trenton. The driver stopped the car in less than eight feet, according to witnesses that were nearby, and which included Freeman French and Bentley. Weeds of Counsel. It is alleged that the boy was frightened by a dog and caused him to start across the highway.

Provincial Constable Carr of Belleville and Chief William Egan of Trenton investigated. Snyder was not held after the questioning.

An attractive young student nurse of Spokane, Wash., robbed of speech two years ago by removal of a section of her skull in a tumor operation, has learned, like a child, to talk again. Miss Augusta Stanek, 22, of Spokane, told exuberantly recently how she mastered speech again. She "could say only 'yes' and 'no' for a long time and then only with hesitation."

MEETING OF
TRINITY W. M. S.

The November meeting of the W. M. S. of Trinity United Church was held on Thursday last in the church with Mrs. Bailey as president and Mrs. C. B. Hamm as leader. The program was opened by repeating in unison hymn 162 and followed by singing hymn 158. The scripture lesson was read by Mrs. Hamm from the third and fourth chapters of St. Luke. The reading from the Devotional Leaflet was entitled "The Spirit of Jesus at Work" was made by Mrs. M. Wellman and contained many fine thoughts. Prayer and a hymn brought to a conclusion the opening exercises.

In the ensuing business period reports were received from the Treasurer, Mrs. S. S. Ashley, the Peace Secretary, Mrs. McMechan and the Missionary Monthly Secretary, Mrs. G. Huffman. The following officers were elected for the coming year:

President—Mrs. C. B. Hamm.
First Vice-President—Mrs. Adam Corrigal.

Second Vice-President—Mrs. H. McMechan.
Recording Secretary—Mrs. W. Broad.

Corresponding Secretary—Mrs. H. Bailey.
Pianist—Mrs. L. Ashley.

Assistant Pianist—Miss A. Wood.
Treasurer—Mrs. S. S. Ashley.

Assistant Treasurer—Mrs. A. Corrigal.
Strangers' Secretary—Mrs. G. Huffman.

Associate Helper—Mrs. Herne.
Temperance Superintendent—Mrs. M. Bristol.

Assistant Temperance—Mrs. J. Henderson.
Peace Superintendent—Mrs. R. C. Fair.

Christian Stewardship and Finance—Mrs. M. Fox.
Missionary Monthly Secretary—Mrs. Fred Fleming.

Mission Band Leaders—Mrs. T. E. Burnside and Mrs. E. Howell.
Press Reporter—Mrs. Jack.

Mrs. H. Bailey introduced the Study Book, "The New Africa," by Donald Fraser, to the members and gave a very interesting synopsis of the first chapter. The meeting was closed with a prayer by Mrs. Bailey.

ST. OLA RESIDENT
IN CAR ACCIDENT

Narrow escape from serious injury or death was experienced by Mr. Demos King, 70-year-old resident of St. Ola, and Earl Reid, two well known North Hastings residents when their car with which they had been travelling to Campbellford on Monday afternoon turned over on the Trent Road near Havelock. Both occupants were pinned beneath the car.

Reid, the younger occupant, managed to release himself and summon aid to free his older companion who was in danger of bleeding to death. Samuel Buchanan, Dummer Township farmer, who was one of the first on the scene, assisted in righting the car and releasing the badly injured driver. Deep lacerations required several stitches after first aid had been given by Dr. Holdcroft, of Havelock.

MEDAL PRESENTED TO
OLD LODGE MEMBER

A cherished memento, a gold and red enamel medal, beautifully inscribed in recognition of fifty years' continuous service in Madoc Lodge No. 179 has been received by Mr. Alexander Morrice, Belleville.

Mr. Morrice is one of the oldest living members of Madoc Lodge.

The medal which bears the number "50" strikingly imposed in white enamel on a gold and red background on its face, has the following delicate engraving on the golden reverse side: "To Brother Alexander Morrice, Past Grand, by Madoc Lodge No. 179, October 5th, 1910, Ontario, MMCCX-LII."

CLOTHING BURNED OFF
WOMAN SUCCUMBS

Burned Sunday night while lighting a fire in the stove in her home west of Norwich, Ont., Mrs. Enoch Pick, 74, died on Monday.

Mrs. Pick built a wood fire in a small stove in her sitting room. She is believed to have attempted to lift the lid off the stove by wrapping her apron around her hand. The flames ignited the apron and she attempted to trample out the flames. Her clothing quickly ignited and was almost burned from her body.

On Wednesday authorities were investigating the cause of fire, which on the previous night destroyed five airplanes and a large frame hangar at Barker Field, a few miles north of Toronto. Loss was approximately \$50,000.

FARMERS WILL GAIN
SAYS SIDNEY MAN

"Best thing that ever happened this district," succinctly commented Col. Roscoe Vanderwater, Sidney, on Tuesday in reference to the new trade pact between Canada and the United States.

"It will mean a lot to the farmers around here who have been just pinching along to get through the past several years."

11 a.m.—Morning Prayer and Sermon.
St. Peter's, Queensboro

2 p.m.—Sunday School.
2.30 p.m.—Evening prayer and sermon.

MEETING OF
S. ANDREW'S W.M.S.

The W. M. S. of St. Andrew's Church of West Huntingdon held an interesting meeting in the auditorium of the church on North Front street, on Thursday, November 14th, when they invited the local branches from Stirling, Madoc, White Lake, Brant, Fuller, West Huntingdon United, Holloway, Zions, Marsh Hill and Morris at 2.30.

The president, Mrs. William Shaw, called the meeting to order and requested the West Huntingdon Unit of W. M. S. to take charge of the worship period. This was ably done by Mrs. George Cooke, Mrs. Sam Farney and Mrs. George R. Post.

Mrs. John Wallace gave the address of welcome and on behalf of the visitors, Mrs. George West of Madoc, responded.

The roll call was answered by a representative from each branch giving a verse of scripture.

The main feature of the program was an address by Rev. J. A. Koffend, on China, as he and Mrs. Koffend saw it. This address was one of the most inspiring in some time and no doubt will stimulate much more interest in missionary work. A vote of appreciation was extended to Mr. Koffend by Mrs. McLeod and Mrs. Andrew McNoy. At this time Mr. Koffend contributed a solo, "Jesus Is All the World to Me."

The meeting was closed with prayer and the ladies of St. Andrew's served an excellent lunch in the basement of the church to the delegates present.

MOULDERS ON STRIKE

Some 80 moulders and other workers employed at the Eureka Planter Company at Woodstock, are on strike. The men voted late Saturday to walk out. The wage scale is the bone of contention, the men asking 25 per cent per hour increase and rejecting compromise offer of the management of a ten cent increase.

QUALITY
IN YOUR WINTER
DRY CLEANING

That WINTER COAT needing cleaning, you want it to have the best, don't you? And the best at MODERN means finest workmanship, the latest equipment, care and skill in handling your garments. It is the combination of all these factors that gives our work quality above the average and distinctly MODERN.

WEEKLY NEWS LETTER FOR THE FARMER

Issued by the Central Experimental Farms, Ottawa, Ont.

Lilies at the Central Farm

The collection of lilies at the Central Experimental Farm is being increased as rapidly as possible and it is hoped that in time all species that will grow in this district will be found there. Nearly eighty species have been tried with varying success. A large number of lily crosses and seedlings of crosses have been grown and some new forms have been suggested and are being grown for further test.

Preparing the Rose Garden for Winter

At this time the rose garden at the Central Experimental Farm is receiving a great deal of attention. All dead and diseased leaves have been removed, raked up and burned, in order to prevent germs from attacking the new growth in the spring. The stems of hybrid perpetual and hybrid tea roses have been tied together, bent over and fastened to stakes. Soil is mounded around the stems to about twelve inches from the ground and if the whole plant is covered with earth so much the better. After the earth is frozen, leaves, straw, and brush are laid over the plants.

Climbing roses are taken off their supports and the stems tied together. Any very long branches are shortened if necessary. The plants are laid on the ground and covered with earth, then boards are put over them in such a position that water will drain off. Since mice are sometimes very destructive, it is advisable to put a handful of poisoned grain beside each

CROCODILES AND PYTHONS MASQUERADE AS SHOES

If milady were to suddenly happen upon the creature out of which her shoes were made, in life, the chances are, in some cases, she would immediately let out a shriek and beat a hasty retreat. Here's just a sample—crocodile, Java lizard and python. Then there's the chameleon, teju and ka-ruing. The economic expansion in So. Africa has brought about a demand for ladies evening shoes made of these reptile skins. Great Britain is the main source of supply for women's and men's footwear; also for children. Czechoslovakia, the United States, Belgium, Australia, Japan, Italy and Russia share in the trade. South African boot and shoe manufacturers have increased their output 25 per cent and are developing a distinctly South African style which is creating a strong competition against foreign footwear. There is an important demand in South Africa for patent and enamelled leathers, the United States being the main source of supply, followed by Great Britain and Germany. Canada shares in this market in which there would seem to be an opportunity for Canada to increase her sales of fine-quality leather.

NEW LOW LEVEL FOR CANADA'S MEANEST MAN

A new low level for Canada's meanest man has been set. A traffic solicitor for the Canadian National Railway, reports that he was crossing the intersection of Yonge and St. Clair, Toronto, when he saw a wallet lying on the street car tracks. He picked it up and found negotiable bonds amounting to several hundreds of dollars and currency to more than a hundred. He had just crossed to the sidewalk when a man came dashing over and asked if that was his wallet. He accurately described the contents and the telegraph man handed it over to him. The man hesitated a second, then said, "Come into the drug store and we'll talk it over." They did so the man ordering two five-cent drinks. When they were placed on the soda counter he jumped to his feet saying, "I must move my car. Back in a second." He never returned. The telegraph solicitor paid for the two drinks.

plant.

Standard or tree roses are laid down and covered. To do this the roots are loosened on one side, or the plant is taken up and buried completely in a trench. The rose is budded at the top of the main stem therefore that part must be carefully protected.

QUAKE UPSETS SAND FLATS HENS

Earthquake stories are still filtering in from the northern parts of the county.

"One of the best stories I heard was about a chap I know who lives back on the Sand Flats in Mayo Township," declared Warden of Hastings County, James Bronson, a visitor to Belleville recently.

"He is one of the older residents of the Flats and when the quake came that morning he awakened and heard a commotion in the hen house out at the back. He thought it was some of the Hallowe'en kids having some fun. He grabbed the double-barreled shot gun and rushed out. When he failed to get a response from the direction of the coop he let both barrels fly into the air. Then he went back to bed. It wasn't until some time later that he knew what it was all about."

Mr. R. C. Brett, Reeve of Limerick Township, declared he was almost thrown out of bed by the shock in that district. Dishes were dislodged from the shelves and even the furniture was shifted, it was stated.

TRANSVAAL MINES YIELD 10,486,393 OZS. GOLD

The great gold-mining industry of the Transvaal employs a whole army of help. During the past year there were 29,321 whites whose salaries and wages amounted to roughly \$56,119,870., and 262,081 colored employees, who received a total of approximately \$42,963,105. in wages, or a total salary and wages bill of \$99,082,975. On top of this, value of materials consumed in operations amounted to approximately \$108,096,395. More than 10,486,388 fine ounces of gold were produced from 40,055,750 tons of ore, yielding in value \$353,254,635.. Operating costs were \$194,924,625., making the net earning \$158,330,370. It is felt that Canada with her great mining industry should be able to acquire a considerable share of the market for supplies and machinery of which fairly large quantities are imported.

BRAZIL IS BUYING MORE FROM CANADA

The more important articles imported into Brazil from Canada are newsprint, wheat, sewing machines and pig-lead. Next come malt, codfish, raw aluminum and zinc. A great proportion of Canada's exports to Brazil reach that country through the United States and, consequently, are credited the latter, and the same applies with regard to Canada's imports from Brazil. Practically all of Brazil's exports to Canada is made up of coffee, others are cocoa butter and Brazil nuts, waxes, oils and other tropical products. Brazil took over double the quantity of Canadian products last year, as compared with the year previous. The United States occupies first place in Brazilian trade, followed by Argentina, Germany, Great Britain, Belgium, Holland, France and Italy.

TOO CLOSE

An editor has to be mighty careful about the order in which he arranges the news in his paper. Two items which follow had absolutely no connection with each other when they appeared one right after the other in the Boulder, Colorado, News-Herald, but we imagine the editor had to do some tall explaining before he pacified the Baptists of his community. "Thirty grown chickens were stolen from the ranch of Emil Anderson, six miles south of Longmont, according to the report received at the Sheriff's office."

The congregation of the Second Baptist Church will give another chicken dinner tomorrow at the I.O. O.F. hall."

STILL CONCEALED IN DUGOUT FOUND

A concealed still in a dugout was found on the property of William Stevenson at Havelock on Friday night, and a warrant was issued for his arrest on Saturday.

The still was located by Royal Canadian Mounted Police who said it was entirely underground and was connected with the cellar of the house by a very small tunnel through which the officers had to crawl. About 60 gallons of mash were seized.

Fire of undetermined origin totally destroyed a large barn together with the season's hay crop on the Jerry O'Connor farm, Seymour township, early last Wednesday. The flames which later lighted up the country for miles around, were noticed by a passing motorist who gave the alarm. No livestock was lost. The farm was tenanted by Edward Gorman, absent from home at the time of the outbreak.

Taking your Dollar to Market

EVERY year your family, and every family of your acquaintance, spends about 70 per cent. of its income just for living, exclusive of rent—so economic experts tell us. Think what this means—seven dollars out of every ten invested in food, clothing, household utilities and all the multitude of things that keep a family comfortable and happy.

That part of spending is readily understood. But do you realize that every manufacturer and retailer of these necessities is planning how he can get your dollar?

It's a big job to spend so much money wisely and well. It requires careful business methods to get the best possible returns from each dollar that leaves the family purse.

The clever woman goes for help to the advertisements in her local paper. There she finds a directory of buying and selling. She learns about the offerings of merchants and business people. She compares values. She weighs quality and price. She takes this opportunity of judging and selecting almost everything she needs to feed, clothe, amuse, instruct and generally bring up her family.

Do you read the advertisements? You will find them willing and able to serve you in the business of purchase.

ADVERTISEMENTS ARE GUARDIANS OF YOUR

POCKETBOOK—READ THEM CAREFULLY

Satisfactory Service

Frequently users of the Condensed Advertisements in The Review marvel at the results achieved.

The cost is small. These small advertisements are universally read and often accomplish results in value far beyond the cost of insertion.

THE NORTH HASTINGS REVIEW, MADOC, ONTARIO

DO YOU EVER STOP
TO THINK?

(By Edson R. Waite)

Ed Ratliff, Editor of the Cle-
Texas, Times-Review, says:

You ever stop to think that
newspaper is valuable to you
only because of the news it con-
tains? But because of the advertise-
ment it brings to you? In fact, the
news you will find in your paper
is ads because they affect you
in your pocketbook more than any-
else you will read there.

Gripping murder or kidnapping
will interest you, but what does
it do for you from the monetary
point of view?

The most intelligent buyers
are those who read the adver-
tise-ments. They know beforehand
they want and know where they
can get it to the best advantage.
It is the advertiser who fails to realize
that his ad is on their shelves
in a deserted atmosphere about
counters.

Naturally the writer believes that
advertising is the best method
because it reaches more people in
shortest form, but any kind of ad-
vertising is better than sitting behind
a desk waiting for the customer
to come to try your store.

And the ads as you read the news
you get a combination of enter-
tainment, information and economi-
cation."

WANT THEE, LORD

Thy guiding hand today,
Thy moment, all the way;
To feel that Thou art near,
Of danger I'll not fear,
I know Thou art my friend,
Thy love will guide me to the end.

Thy Holy Spirit, Lord,
Bring unto me Thy Word;
Thy love my heart to fill,
Thy grace, Lord, to know Thy will.
Thy love, Lord, some other soul,
Help reach the Heavenly goal.

To help some Cross to bear,
Thy work to have a share;
To some erring one to bring,
O Thee, my Saviour, King;
Discouraged soul to cheer,
I away some mourner's tear.

To be of use to Thee,
Where Thou needest me;
Who died to save my soul,
To cleanse and make me whole;
Use me, use me, anyway,
Thou wilt, from day to day.

—Maude Fox.

BOUNTY ON WOLVES
APPEALS TO HUNTERS

Hastings County hunters and trap-
pers of the back townships will con-
centrate more on wolf hunting fol-
lowing the announcement by the Hon.
Harry Nixon, Minister of Game and
Fisheries, of an increase of \$5 in the
present wolf bounty, county officials
believe. The step is taken as a neces-
sary curb against wolves which are
declared to be particularly destruc-
tive among deer this year.

Fewer wolves, however, are being
captured in Hastings County, it was
stated by Mr. Jas. Haggerty, County
Treasurer. Up to the present fewer
pelts have been received this year
than for years past.

PYROMANIAC INMATE
BELIEVED TO HAVE
CAUSED FIRE

Faced with the almost hopeless
task of discovering the cause of the
fire, which raged through a wing of
the St. Jean de Dieu Mental Hospital
just east of Montreal, on Saturday
night, causing death of five inmates
and property damage estimated at
\$100,000, firemen poked through the
smouldering ruins of the building on
Monday.

Cause of the conflagration proba-
bly will never be determined, officials
of the hospital, which houses nearly
6,000 patients, doctors, nurses, and
guards and was the largest of its
kind in Canada, stated. It was be-
lieved by firemen, however, a pyro-
maniac inmate had started the fire.

CANADIAN FLOUR TO
IRISH FREE STATE

Canada supplies over half of the
wheat flour imported into the Irish
Free State. These imports, however,
have suffered a drastic decline with
the efforts being made by the Irish
Free State to increase the use of
Irish-grown wheat, which, however,
should bring about a proportional in-
crease in the use of Canadian or other
hard wheat for blending purposes.

Industries at Haliburton are find-
ing business brisk. Logs are being
brought into the village on trucks,
running day and night, and many are
being shipped to the Oakville Basket
Company. Several men are working
loading cars and the C. N. R. are run-
ning extra trips each week. Bolander
Bros. at the stone quarry have the
contract for the crushed stone for the
Loon Lake dam. Bailey and Wayne of
Eagle Lake have a contract for some
300 carloads of ties.

COACH EXCURSIONS
CARRIED 300,000 PEOPLE

A train of coaches almost 30 miles
in length would be required to ac-
commodate the throng of passengers
carried by the Canadian National
Railways on their low-fare week-end
excursions during the first eight
months of this year, according to A.
A. Gardiner, assistant general pas-
senger traffic manager of the com-
pany. The numerous economy excur-
sions operated by the Canadian Na-
tional Railways have provided oppor-
tunities of visiting numerous points
across Canada, including attractive
places, in the west as far as the Pa-
cific Coast, and in the east such cen-
tres as Montreal, Ottawa, Toronto,
Niagara Falls, Quebec City, Lower
St. Lawrence areas and the Mari-
times, not to mention the many in-
viting places and beautiful territory
comparatively near at hand.

Hundreds of excursions between
points in Canada have been operated
so far this year by the Canadian
National Railways, conveying, during
the first eight months, a total of 301-
266 passengers from station to station
throughout various parts of the Do-
minion. Of these, 234,746 were carried
in the Central Region, 41,843 in the
Western Region, 17,287 in the At-
lantic Region, and 654 on the Grand
Trunk Western Lines of the company,
extending from the Ontario border to
Chicago.

Included in this total were 3,482
passengers carried between Montreal
and Toronto, some of these contin-
uing westward as far as Detroit and
Chicago, while in the opposite direc-
tion were 4,543 conveyed eastward
from Detroit and Western Ontario
points to Montreal, some of whom
went on to Ottawa, Quebec City and
the Maritime Provinces. Figures show
that people in the Maritimes travel
considerably, for excursions operated
from those points to Montreal, Otta-
wa, and Toronto conveyed 4,812 pas-
sengers, most of whom choose the Me-
tropolis as their centre of attraction.
Coach excursions from Montreal to
the Gaspé Peninsula and the Mari-
times, in addition to other tourist ex-
cursions, carried a total of 2,155 pas-
sengers.

Travel between Eastern and West-
ern Canada also has a considerable
appeal, for on two occasions 1,885
passengers were carried on these
bargain excursions from east to west,
while two similar excursions from
west to east conveyed 2,755. Cana-
da's evergreen playground on the Pa-
cific coast also had its appeal for
people of the prairie provinces, there
being 1,587 passengers who took ad-
vantage of one excursion to visit the
Pacific Coast, while 489 excursionists
travelled in the opposite direction to
various points on the prairies, these
being additional to 41,843 passengers
carried from point to point in the
West on low-fare coach excursions.

Providing a very low fare and a
generous return limit, the coach ex-
cursions have been the means of en-
couraging interchange of visits be-
tween relatives and friends, a recent
survey showing that 85 per cent of
this travel being made for that pur-
pose, rather than strangers going to
another city to stay at hotels. An-
other feature which has developed in
connection with these excursions is
the interchange of visits between ser-
vice clubs and fraternal societies,
members finding that the low fares
provide an excellent opportunity to
visit members of the same club or
society in other cities at economy
railway fares. The coach excursion
has also been used during the past
season by honeymooners, a consid-
erable number of newlyweds having
been carried to various cities and
summer resorts for their nuptial ce-
lebration.

"The policy of the railways in con-
ducting these low fare excursions of
approximately one cent a mile, or ev-
en less, for both short and long dis-
tances, has demonstrated that the
public will travel by train under fa-
vorable conditions and this traffic has
brought the railways many thousands
of passengers who were not likely to
have travelled otherwise, the inten-
tion being to create the urge to great-
er travel on the part of the general
public rather than at the expense of
regular passenger traffic," stated Mr.
Gardiner.

ABCD QUADRUPLETS
CELEBRATE BIRTHDAY

Four quadruplet brothers, A. B.
C. and D. Ferricone, swelled their
respective barrel-like chests Thursday
—they were six years old. They were
much more interested in four three-
layer cakes their mother had baked
for their birthday party than in Hall-
oween pranks or pranks, ghosts and
goblins. The quads, Anthony, Bern-
ard, Carl and Donald, better known
by their initials, were determined to
behave themselves. They live in Tex-
as.

ADVERTISING
Is Good For Us

The dusty picture of an optimist and a pessimist—the
optimist being the doughnut and the pessimist the hole—
is just a way of describing most of us: some of us habit-
ually look on the bright side of things; others on the
dark side. Always there are those who have a melan-
choly pleasure in fault-finding. And so there are always
those who look upon advertising as an economic waste
and a means by which the sale of inferior merchandise
can be promoted. It is quite possible to discover wrong
things about advertising—just as it is possible to find
wrong things about water and air, about books and
speeches, about motor cars and aeroplanes, about schools
and churches, about Canadians and Scotsmen, about
knives and forks.

Advertising is news and information, and who shall say
that is is wrong to communicate news and information?
It would be a pretty dull world, full of dull people, if
there ceased to be a dissemination of news and informa-
tion

In all ages and in all countries these giving out news and
information have attracted to themselves attentive aud-
iences; and this is as true today as it was 1000, 2000, 3000
years ago.

What
Stores Are Busiest ?

Is it not those stores which give out most information
about what they have to sell? The public is daily spend-
ing money—probably \$2 a day for every man, woman
and child in the trading area covered by the circulation
of our newspaper—or, say, \$2000 for every 10000 per-
sons. So you can calculate for yourself—you, a retailer,
what is spent daily in our own community for food,
shelter, clothing and for all other things.

Mr. Herb Loney of Little Ireland, spent the week-end with Mr. Norman Fox.

Mr. Donald Parks spent a couple of days at Ottawa this week.

Mr. Wren Parks visited his brother Mr. E. M. Parks, on Thursday.

MANY PROBLEMS INVOLVED IN CARRYING ON WORLD TRADE

In the great business world trade there are many problems for the exporter. Local conditions, trade laws, exchange and a hundred and one factors enter into the transactions and last but not least climate. Take the simple matter of biscuits. Here climate plays a large part. For instance, biscuits going to India must be packed in hermetically sealed tin cases, otherwise they will not stand up under the humidity. Apart from the humidity there is the matter of ants and other insects, which just seem to lay in wait for articles of this kind not properly protected. India has been making inquiry as to the possibilities of obtaining biscuits, particularly cream crackers, from Canada. Great Britain supplies the bulk of the trade.

FOXBERRIES IN DEMAND IN UNITED STATES

Foxberries, or as they are also called, lingonberries, are very popular with Scandinavians in the United States who preserve them for winter use. They are slightly smaller than cranberries which they resemble in appearance but are slightly less suited to the taste. At one time Sweden supplied this market but subsequently Newfoundland became the principal source of supply. The annual consumption is estimated at between 5,000 and 8,000 barrels, with New York and Chicago the main trading centres. Foxberries are native also to the Maritime Provinces and here would seem to be an opportunity to get a share of this market.

INCREASED USE OF CANADIAN BIRCH IN FURNITURE MAKING

Sales of Canadian hardwood are making headway in Britain, particularly Canadian birch. Furniture making is absorbing increased quantities and there is a good outlook in that line.

BANNOCKBURN AND ELDORADO W. I.

The November meeting was held at the home of Mrs. Albert Empey with an attendance of 41 including visitors. Two new members were added to the list, Mrs. Delbert Sager and Mrs. McCrery. The roll call was "Who's Who in Ontario and Why?" The minutes of the October meeting were read and adopted. The correspondence was read. On motion of Mrs. Donley, seconded by Miss Stuart, it was decided that the Society sponsor the Toxoid treatment for diphtheria for all children in the community, treatment to be given at Rupert's school by Dr. Nickle, assisted by Nurse Johnston, commencing Saturday, November 16th, at one o'clock p.m. The parents' consent was necessary.

A discussion followed regarding the annual banquet for the members and families to be held at the home of Mrs. Hugh Empey. A committee was appointed to meet at the home of Mrs. Figen to plan the menu. The collection was \$2.61.

Mrs. McCrery was chairman for the interesting program. Vernon Strebe played a beautiful piano solo, followed by the report of the Area Convention at Belleville by Mrs. Strebe. Songs 51 and 34 from the song sheets were sung. Mr. Fletcher gave an interesting address on the topic, "The Stranger in Canada," followed by another instrumental by Vernon Strebe. Mr. Brasill addressed the gathering on "Legislation," making plain to us the feeling of fellowship that should exist between us and our foreign brothers. This is a rarely touched on in our institution work and well worth while.

The National Anthem was sung and a dainty lunch served and a social half hour spent.

WEDDINGS

STONE-COOKE

A quiet but pretty wedding was solemnized at 2.30 p.m. on Tuesday, November 12th, at the home of the bride's grandparents, Mr. and Mrs. A. Osbourne at Hogan, Ont., when Alice Jean Cooke, eldest daughter of Mr. and Mrs. Leslie Cooke, was united in marriage to Mr. Charles Stone, of Rawdon, son of the late Daniel and Mrs. Rev. H. Cooke of Twiss, Ont.

The charming bride entered the living room on the arm of her father wearing a picturesque gown of cream lace, fashioned on long lines, with white tulle veil and contrasting accessories.

Miss Mildred Osbourne, gowned in pale green crepe with orange trimming was bridesmaid and Mr. George Cooke, brother of the bride, carried out the duties of groomsman. The bride's mother received in a gown of black checked crepe with plaided taffeta trimming.

After the signing of the register a dainty buffet lunch was served to about thirty guests. The happy couple received many beautiful and costly gifts.

Among the guests were Mr. and Mrs. George Stone, Marguerite and Kenneth of Bethel, the former being a brother of the groom.

CANADIAN SARDINES WELL KNOWN IN INDIA

The use of canned salmon and tinned fish is on the increase in India. Canada's share of this trade comes from the Pacific and Atlantic coasts, that from the Pacific being made up of salmon and from the Atlantic of sardines. Japan is the largest source of supply for canned fish. A few years ago Canadian sardines were little known in India, with the possible exception of Bombay and Calcutta, but today they have spread to other centres.

CANADIAN BACON WELL RECEIVED IN INDIA

The consumption of bacon and ham in India is confined almost entirely to Europeans and anglo-Indians, the native not entering into the picture, principally on account of religious scruples. Trial shipments of Canadian bacon were well received in India but transportation costs and shipping difficulties operate against any extension of the trade being looked for at this time. The great bulk of the supplies come from Great Britain.

LARGE BEAR SHOT BY MARMORA YOUTH

Bear are fairly plentiful in North Hastings this year, it is reported by local hunters who have returned from the annual deer hunt. One of the latest killed was shot by Mr. Joseph Dale, Marmora youth, who came across a large black bear while deer hunting sixteen miles north of the village. Three shots were required to kill the animal.

OLDER BOYS' PARLIAMENT

On December 7th will be held the election of a candidate for the fifteenth Ontario Older Boys' Parliament. Names of candidates nominated will be published as soon as the nominations are closed.

The Older Boys' Parliament is composed of elected representatives, boys between sixteen and twenty-one, who are members of a Christian church or of good Christian character and whose attitude and activities indicate that they are worthy of church membership, who fulfill the necessary standard of personal conduct and living and who are nominated by their constituencies by November 18, 1935. Elections will be by secret ballot.

Any boy who has passed his twelfth but not his twenty-first birthday on December 7th may vote if he has attended at least 25 per cent of the meetings of a Sunday School class, or Trail Ranger of Tuxis Group which is duly registered with the Ontario Boys' Work Board. Names have to be on voters' lists by December 2nd.

The session of the Fifteenth Parliament will be held from December 26th to December 31st.

Candidates for the premiership who will be voted on at the caucus of elected members of the Parliament held on December 26th in Toronto, are Reginald N. Kingston, of Peterborough; Edward B. Moogk, of Edwardburg; and Ward Sargent.

There are 125 electoral districts in Ontario and five in Quebec.

VALUED ASSISTANCE

There is nothing that is more welcome to a newspaper office than the friendly subscriber who sends in a bit of news, either by phoning, by letter, or by dropping in at the office. Dozens of incidents occur in the district that are noteworthy and of general interest, but these may not reach the paper until long after occurrence, or maybe not at all. People come and go throughout the community, bringing a pleasant little ripple in social life, but so often no one troubles to notify the local newspaper. Yet these little items are appreciated by the office, and they are read by everybody.

Car inspectors of the Temiskaming and Northern Ontario Railway recently found in the bunkers of a heated car containing beer the bodies of two young men. They evidently had entered the bunkers to gain warmth. Provincial police identify the men whose bodies were found on the C. N. R. train from the West.

FORMER FISHERIES RESEARCH HEAD DEAD

Dr. A. P. Knight, who for a number of years was chairman of the Biological Board of Canada, the federal reorganization in charge of fisheries research, died recently at Kingston Ontario. At the time of his death Dr. Knight was Professor Emeritus of Biology at Queen's University, having retired from active work some years ago. In his earlier years, when associated with the Biological Board, he conducted numerous studies in the field of fisheries research and was the author of various papers, recording the results of his work. When he retired from the chairmanship of the board he was succeeded by Dr. J. P. McMurrich, who, in turn, was succeeded by the present chairman, Dr. A. T. Cameron of the University of Manitoba, a year or two ago.

JUNK BECOMES DOLLARS WHEN SCRAP IS SOLD

More than \$2,250,000. were realized from the sale of scrap material by the railway last year, and in addition \$800,000. worth of material was made available for further use, according to an article by L. C. Thomson, Manager of Stores, in the November issue of the Canadian National Railways Magazine. An average of 100 obsolete box cars a week were scrapped and thus "junk" becomes dollars for the railway. The classifying, salvaging and sale of scrap has grown to gigantic proportions on railways and in large industries, the article states.

Goideyes, a delicacy sold in all parts of the country in the smoked form are caught chiefly in Manitoba, Lakes Winnipeg and Winnipegosis produce most of the goideyes taken.

NEW FACTORIES OPENED IN GREAT BRITAIN

New factories to the number of 478 were put into operation in Great Britain last year, employing 37,200 workers. In addition 144 existing factories were enlarged. Seventy-eight of the new establishments represented transfers from other areas, 59 of these going to London. Seventy-one of the new 478 new factories were branch establishments, an increase over the year previous of which 69 out of the total of 467 consisted of branches, as against the number of new factories opened last year, 515 were closed.

BUSINESS CONDITIONS IMPROVED IN BRITAIN

Business conditions in Britain show a decided improvement, and with the exception of coal mining all industries are more active than they have been for a considerable time," stated Alistair Fraser, K.C., Traffic Vice-President of the Canadian National Railways, who has returned from a business visit to Europe. A tremendous amount of home building is being carried on throughout Britain and this has helped greatly in stimulating the demand for lumber, hardware and other building materials, as well as labor. Throughout Britain and Europe, Canadian developments are being closely followed and there is today a great interest among all classes in the progress of the Dominion's affairs.

The gross revenues of the all-inclusive Canadian National Railways System for the week ending November 7, 1935, were \$3,649,325.00, as compared with \$3,195,061.00 for the corresponding period of 1934, an increase of \$454,164.00.

Single Copy, Five Cents

ATTEND ROYAL FAIR

Mr. Joseph Wilson, Agricultural Representative of Hastings County, and Messrs. Allan Ketcheson, Madoc; Sam Chisholm, Wellbridge, and Edward Jarrell of Cannifton, attended the Royal Winter Fair at Toronto last week, where Messrs. Ketcheson, Chisholm and Jarrell represented this County in the Judging Competitions.

Prior to entering the competitions at the Royal, the local boys were taken to Guelph for coaching on Saturday and Monday and given instructions on the animals at the Agricultural College. Considering that this was the only coaching the Hastings team had received, the boys did very well and thoroughly enjoyed the trip.

ASSOCIATION MEET

The monthly meeting of the Ministerial Association was held in the Parsonage at Ivanhoe on Monday of last week at 2.30 p.m. The address of the afternoon was given by Rev. F. A. Robinson, of Toronto, who is at present conducting services in St. Andrew's Church, West Huntingdon. Miss C. B. Gruert of Toronto, gave two inspiring piano selections. Rev. H. H. Lackey's mother and sister acted as hostesses and during the afternoon served refreshments.

Among those present were Rev. H. W. and Mrs. Foley, Springbrook; Canon and Mrs. Swayne, Bonarlaw; Rev. H. and Mrs. Herrington, Thomasburg; Rev. H. A. and Mrs. Turner, of West Huntingdon; Rev. J. E. and Mrs. Beckel, Stirling; Rev. E. W. and Mrs. Rowland, Stirling; Rev. and Mrs. F. C. Beaser, Roslin; Rev. W. A. Hunter, Madoc; Rev. J. E. Kennedy, Madoc; Rev. J. A. Koffend, Stirling; Rev. J. Lowrie, Queensboro. Arrangements were made to hold the December meeting at the parsonage at Thomasburg.

NOMINATIONS HELD IN HASTINGS COUNTY

Nomination in Hastings County held on Friday, November 22nd, resulted as follows:

Marmora and Lake
Reeve—L. E. Neal (present Reeve) and Thomas Laycock.

Councillors—John A. Bell, William Long, Edward Tompkins, Karl Jarvis, William Pack, Thomas Bateman, Irwin McCoy, Bert Crawford, W. Nickle.

Marmora Village
Reeve—F. N. Marrett (present Reeve), D. E. Bell.
Councillors—W. R. Linn, T. R. Warren, James Nobes, F. S. Johnson, J. A. Rice.

Tweed
Reeve—W. H. Sayers (present Reeve), S. E. Rollins.
Councillors—R. Quinn, J. W. Kingston, B. R. Curry, J. L. McGowan, C. E. Way, Napoleon King, C. D. Wilson, Duncan Morrison, H. P. Purdy, Ed. Myles, Joseph Rashotte.

Public Utilities Commissioner—F. E. Foster, Joseph Rashotte.
Tutor and Caneel
For Reeve—James H. Sprackett, re-elected by acclamation.

Councillors—Roy Armstrong, Everett N. Cleveland, Clarence F. Deane, Clifford T. Gunter, John R. Wilson.

INTERMEDIATE C. G. I. T.

The opening meeting of the Intermediate C. G. I. T. girls was held in the Ladies' Aid room of the United Church.

The meeting opened with a short sing-song: Just a Song at Twilight, Spanish Guitar, Ink, Pinky, Pito.

The C. G. I. T. Purpose was then repeated in union followed by the election of officers for the coming year:

President—Jean Whytock.
Vice-President—Loreen Bennett.
Secretary—Phyllis Stoklosser.
Treasurer—Francis Cassidy.
Planter—Kathleen Parks.
Press Reporter—Reta Smith.
Amusement Committee—Josephine Belcher, Phyllis Parks, Helen Smith.
Study Committee—Edith Burr, Velma Carswell.

The minutes of the previous meeting were read and adopted. It was decided that the roll call for the next meeting would be answered with a verse from a favourite hymn. Arrangements were made for a tea to be held shortly before Christmas also a Christmas cheer box to be sent north. Collection was then taken amounting to 19 cents.

The meeting closed with the singing of "Taps."

PRESENTATION AND ADDRESS

Tweed Chapter No. 148 of the Order of the Eastern Star met on Thursday evening. A social period followed the transaction of business, during which the presentation of a beautiful wool blanket was made to Mrs. Alex. Nicholson (nee Miss Gertrude Brown). The following address was read:

Dear Gertrude:
You took us all by surprise by your sudden leap into the state of matrimony. However, we offer our sincere congratulations and wish you years of joy and happiness.

On behalf of the members of Tweed Chapter No. 148, O. E. S., we ask you to accept this gift as a token of our esteem. We hope to enjoy more of your company now that you have really settled in Tweed.

Signed on behalf of Tweed Chapter O. E. S.: Marion Newton, W.M.

MEETING OF QUEENSBORO YOUNG PEOPLE'S UNION

The Queensboro Young People's Union held their regular meeting in the church on Tuesday evening, November 19th. The president opened the meeting with a song, "You Can Smile." This was followed by prayer by Mr. Lowrie.

Allan Sager, the Citizenship Convener, then took charge of the program. The scripture reading taken from Matthew 26:47-54 was given by Charlie West. Allan Sager then gave the explanation of the scripture reading. Mrs. R. A. Sager sang a solo entitled "Somebody Cares." The topic on the subject of "War, Its Causes, Consequences and Cures," was made very interesting by Mrs. R. A. Sager. Hymn No. 173, "Ye Hosts of Christians Young and Strong," was sung and the meeting closed with the benediction.

MANY ATTEND TENNIS DANCE

A very enjoyable time was spent by those who attended the dance in the Armories on Monday night held under the auspices of the Madoc Tennis Club. Music was furnished by Denmark's Aces of Belleville, while refreshments were served by members of the Club.

Outside visitors were in attendance from Belleville, Tweed, Arden, Stirling and Marmora.

FIRE IN MADOC TOWNSHIP

On Sunday, November 24th, fire caused by spontaneous combustion, occurred at the farm of Mr. and Mrs. John Laffan, Madoc Township. A large pig pen, drive-shed, harness, machinery and other articles were burned and only for the timely help of the neighbours, who worked so well, the barn would have been burned also.

WON PRIZES

Among the names of prize winners in the Canadian Legion variety show draw at Campbell's we notice the names of Mrs. Verna Tannar, Mr. John Fleming and Mr. C. Bank of Madoc, having won consolation prizes.

EASTERN STAR DANCE AND CARD PARTY

A card party and dance under the auspices of the Eastern Star, was held in the Eastern Star hall last Wednesday evening, November 20th. Music was furnished by Mr. Charles Allen. There was a good attendance. Miss Laura Ross won the ladies' prize for bridge, and Mr. Kenneth Caskey won the gentleman's prize.

"PATTY MAKES THINGS HUM"

On Friday evening, November 22nd, the Young People's Association of the Parish of Tweed and Madoc, put on their play, "Patty Makes Things Hum," in the Masonic Hall with a large number of citizens in attendance. The cast was as follows:

Patty Little, Miss Jean Phillips; Mrs. Greene, Mrs. McCarey; Mr. Greene, Mr. Charles Elliott, Tweed; Mrs. Smith, Mrs. Garrison; Mr. Smith, Mr. Luffman, Tweed; Miss Dunbar, Miss Eleanor Aylesworth; Mr. Bralithwaite, Mr. B. C. Edwards; Mrs. Bralithwaite, Miss Constance Morrison, Tweed; Hyacinthe, Miss Joan Nickle; Capt. Little, Mr. Bert Huyck, Tweed.

The play was well put on and was much enjoyed by everyone. It was augmented by the Tweed-Sulphide Band and the combination furnished a fine entertainment.

After the fine programme the Ladies' Guild gave the visitors a lunch and a social hour and dancing was indulged in.

MIDNIGHT CRASH CAUSES INJURY

Mrs. William Drew, wife of Mr. William Drew, C. P. R. Agent at Sulphide, was injured in a motor accident which occurred on Saturday about midnight when a car driven by her son, Douglas Drew, collided with one driven by Robert Palmateer, of Tweed, at a point about two and a half miles south of Tweed on No. 37 Highway between J. H. Foster's farmhouse and Bethel Church. The Drew car was badly damaged and turned over in the ditch. The extent of Mrs. Drew's injuries has not yet been determined.

The injured woman was taken to the surgery of Dr. Burroughs and later to her home.

Douglas Drew was not injured, nor was Palmateer, but the latter's car was somewhat damaged.

Constable J. C. Hayes investigated the accident.

FOWL SUPPER HELD AT COOPER

The fowl supper held at Cooper on Thursday last under the auspices of L. O. L. No. 253, and the Women's Institute was a decided success.

The Orange Hall was taxed to its utmost capacity to accommodate the fowls who wended their way upstairs to the supper tables, which fairly groaned under the weight of the good things provided. Old Man Depression was noticeably absent and hasn't been seen in this vicinity since.

The musical part of the entertainment was mainly provided by the Madoc Quartette, composed of Messrs. Hawthorne, Ross, Wellman and Fletcher. Miss Minnie Ferguson was accompanist. Their numbers were received with the warmest applause to which they responded generously with encores.

Rev. Mr. Lowrie of Queensboro, gave an interesting address and Master Stanley Hawthorne delighted the audience with two solo numbers, "Danny Boy" and "Irish Too." Mrs. H. Hase gave a guitar selection. A mirth provoking number was put on by two "colored" ladies, who, discussing the merits of their respective husbands, almost came to blows, but an amicable settlement was finally arranged, to the satisfaction of all concerned.

LOCAL AND PERSONAL

Mr. Jack Henderson, Jr., is spending a week in Toronto.

—Buy your Christmas Gifts and Cards at Johnston the Druggist.

Mr. and Mrs. Walter Whytock are attending the Royal Winter Fair this week.

Mrs. J. E. Morrison and Mrs. Chas. Whytock spent Wednesday in Tweed with friends.

Mr. Lloyd Blue spent a few days recently with Mr. Vernon Reid at Ompah.

Mr. Stanley Walker of Bancroft, was a caller at the Review office on Saturday.

Miss Rachel Christie has returned home after spending two weeks with relatives in Stirling.

Mrs. E. Latimer and family, Miss Helen Miller of Peterborough, spent Sunday with Mrs. E. West.

Mr. and Mrs. Charles Whytock attended the anniversary services of Tweed United Church on Sunday.

—Radios for sale and tubes tested free at Johnston the Druggist.

Mr. John Bristol has been elected Member of the Older Boys' Parliament for East Hastings by acclamation.

—Christmas Cards—English Gardens, Cathedrals Reproductions of Famous Paintings. Seals, Tags, etc. Rupert's Drug Store.

Mr. and Mrs. Jack Bush and Miss Grace Mills of Belleville, were Sunday guests at the home of Mr. and Mrs. Arthur R. Parks.

Mrs. Walter Rogers and Miss Alice have been spending a few days with Mr. and Mrs. Clarence Rogers at Scarborough Junction.

The many friends of Mrs. Frank Daevo will be glad to learn that she has returned home from Kingston Hospital much improved in health.

The A. Y. P. A. of Tweed and Madoc, presented their play, "Patty Makes Things Hum," at Sulphide Recreation Hall on Tuesday evening of last week. Tweed-Sulphide Band played a number of selections and received a big hand from the crowd.

COAL BARGE GROUNDS

The coal barge Cobourg in tow of the tug Johnson of Kingston, captained by H. Orr, of Kingston, ran aground in the Napanee river on Tuesday due to a shifted buoy in the river. The consort was only about one mile from the dock and is carrying a coal cargo for the Strathcona Paper Company. The incoming tide is expected to free the loaded vessel.

MEETING OF BEULAH W. M. S.

The regular monthly meeting of the Beulah W. M. S. was held at the home of Mrs. S. Kilpatrick.

Mrs. Clement opened the meeting with the worship service given in the monthly theme being "The Spirit's Gift of Power." The Bible reading was then given by Mrs. Henderson and Miss Lackey. Miss Lackey played quiet music after which several ladies offered prayer and all repeated the Lord's prayer. The minutes of the previous meeting were read and approved. The business period followed. Mittens were brought to pack for the West. Arrangements were made for the next quilting and dinner to be held at the parsonage.

The hymn, "Blest Be the Tie That Binds," was sung and the election of officers for 1936 followed. The results are as follows:

President—Mrs. J. Clements.
First Vice-President—Miss Lackey.
Second Vice-President—Mrs. S. Kilpatrick.

Recording Secretary—Mrs. C. A. Mitx.
Corresponding Secretary—Mrs. S. Prest.

Press Reporter—Mrs. Clifford Mitx.

Strangers' Secretary—Mrs. G. Reid and Mrs. J. Rollins.

Mite Box—Cora Prest.
Supply Secretary—Mrs. F. Reid.
Mission Band—Mrs. Prest.

Assistant, Mission Band—Mrs. D. Fleming.

Baby Band—Mrs. S. Kilpatrick.
Associate Helpers—Mrs. R. Reid.
Pianist—Mrs. Fleming.
Assistant Pianist—Mrs. Henderson.

LOCAL AND PERSONAL

Mr. and Mrs. Lindsay McCarey spent Sunday with Mr. and Mrs. R. Phillips, Marmora.

Mr. and Mrs. James Fox and Don, and Mrs. A. Abbott of Eldorado, were in Belleville on Saturday.

Mr. Harry Johnson, Misses Helena and Mabel Johnson and Mr. Melvin Johnson of Eldorado, were at Belleville on Saturday.

On Thursday Mr. and Mrs. T. A. Hinchliffe of the third concession of Thurlow, visited Mr. and Mrs. Albert Harvey of Eldorado.

Miss Grace Aylesworth has returned to her home in Niagara Falls, N. Y., having spent the past few days with Mr. and Mrs. Fraser Aylesworth.

Mr. Ralph Black, who has been teller in the Dominion Bank here for the past couple of years, is being transferred to a Montreal office. His place here will be taken by Mr. Leitch of Hespeler. Since coming to Marmora Mr. Black has made a large number of friends who will regret his departure. As an official in the bank he has been friendly and courteous and has won the good will of the public. All will join in wishing him success in his new home.—Marmora Herald.

HERE AND THERE

And the woman who wants to get into the social swim must outstrip her competitors.

Cave men used to knock girls senseless, but that is no longer necessary.

There is an old theory that what goes up must come down. Here's hoping it will run to form in connection with our taxes.

Won't Remain Standing — One trouble is that when a standing army gets big enough, it grows tired of hanging around and wants to get somewhere. — Montreal Star.

Curry and Shine — Times don't change much. We used to spend all Sunday morning currying the horse for the afternoon drive, and now we spend the same amount of time shining the car. — New Westminster British Columbian.

The bulk of the international trade in canned fruits is in the hands of three countries, the United States, British Malaya, and Australia, but increasing quantities are being exported from Canada and South Africa.

University professor declares ears should be used alternately in telephone listening, so as to secure uniform development of both ears. The advice applies particularly to those on party lines, where constant listening-in with one ear is liable to cause a buzzing noise in the head.

Canada, the United Kingdom, France, Germany, and Austria are leading world importers of fruit. Canada does not require to import apples, but the average annual imports of other fruits into Canada from 1928-32 included 74,000 tons of bananas, 73,000 tons of oranges, 20,000 tons of dried grapes, 12,000 tons of lemons, 11,000 tons of grapes and 8,000 tons of pears.

What a gift some people have of finding fault. Praise anything, no matter what, and they will immediately confront you with a "but." It really seems to hurt them when you take pleasure in admiring anything, and so they hasten to take you down a peg. It is a petulant habit arising from envy or jealousy. Let us look well then to ourselves, lest we help to swell the list of these unhappy fault-finders.

It's easier to open a tin can than it used to be; they have new devices which take the top out and leave no jagged edge; the cat can stick her head in the tin now with safety. One has no more to use a fork, a knife and corkscrew to get a bottle of ketchup started and the percolator and the drip make it unnecessary to drop an egg in the coffee pot to hold the grounds at the bottom. But the stove pipes are just as they were. Like the ears of a donkey they have not changed.

Ingersoll town council will be elected in future for a two-year term. Since it is flitting with the idea. The reason would appear to be that most people think an experienced council is necessary for proper administration of municipal business today and the first year a man sits in the council he is of little or no value. At that the plan has its points. It all depends on whether or not the council is a good one. If it is a poor council the two year term is far, far too long.

The Fergus News-Record reports that a lady who was judging "home-made" cakes at a fair in a town north of Fergus found a piece of cellophane sticking to the icing bearing part of the trade mark of a well-known manufacturer, and "at the same show one exhibit of preserved fruit contained some which had been bought in cans and emptied into sealers to be exhibited." Dear me! And here we had an idea that such things would only be done by the "fifty big shot" and other such nasty persons. Incidentally, the item illustrates the advance made in the canning industry. Canned fruit and vegetables now can stand right up to "the kind that mother used to make." — Edmonton Journal.

MOTORCAR PRODUCTION

Motorcar production has jumped greatly and a trend to high price models is now marked. The significance of these two features in the industrial situation is very important.

It is a fact that when business reaches a certain buying point, the more luxurious products are bought.

Both these factors ought to prove the sound basis for the upward climb which has been going on for more than two years.

LIFE LONG GOOD

Athletics do a youth life-long good. However an athletic director of Placer Union High School, California, makes sure that the good he is doing those who come under his direction is life-long. The Colfax Record of November 8th said: "That was a fine compliment which Jim Stewart, the Record's columnist, paid to Earl Crabbe, Placer Union High School's athletic director, in his column last week in telling the story of the mother, who in asking advice said that her boy did not drink and gave credit to the athletic director for pointing out the harmful effects of alcohol on athletes' success."

A HAPPY THOUGHT

The appointment of John Buchanan Lord Tweedsmuir, as Governor General of Canada was a happy thought, and it may be regarded as a compliment to the people of this Dominion. We have had some men of high medical calibre at Rideau Hall, and several of literary ability, but none of such outstanding achievement in literature as John Buchanan.

Canadians—some of them at least believe we have a distinctive literature in this country, and that the Canadian author can hold his own with any beyond our borders. With the addition of Lord Tweedsmuir to the membership of Canadian Authors' Association there should surely be no doubt on that point. — Stratford Beacon-Herald.

SNUGNESS

With the first winds of November it is wise to make the best of winter, and pretend that we like it. There is at any rate, one pleasant attribute to winter, and that is its potentialities for snugness. One cannot be really snug except in winter. The word implies warmth but it must be an indoor warmth. It is impossible to be snug in summer with doors and windows wide open, since it is an obvious implication of the word that we are keeping inclement weather out and one of the great merits of snugness is that it has nothing to do with wealth and luxury. It is within the reach of all. A few sticks of cordwood and a box stove will give it.

MUNICIPAL ELECTIONS COMING

The commencement of the final session of the York County Council recently reminds us that municipal elections will soon be engaging our attention. No branch of government is more important than the municipal council and the selection of those men who are to conduct the business of a municipality is important to every ratepayer. Municipal councils levy the taxes, collect your money and spend it. It is important that municipal business be placed in the most capable hands. Remember when you elect a representative on the municipal council you elect a man to do your business.

REMINISCENCES

The following items have been taken from the file copies of the Review.

FIFTY YEARS AGO

November 26, 1885

Mr. James Latimer has bought Mr. David Bowen's stock and is also fitting up a lunch room.

Campbellford has a cornet player in the Methodist choir.

There is good sleighing on the way to Flinton.

There are three shafts being worked at the Deloro mine and on Friday a piece of gold worth \$2,350 was taken out.

Volunteer scrips sell in London, Ont., for \$55.00.

Tuesday morning a four horse team left this village drawing a boiler and fixtures for the Richardson mine at Eldorado.

The firemen had their engine out with promptness for a fire at W. T. White's in the old block.

Mr. Henry Laundy of Brimleywater, has passed the Bridgewater woolen mill and was pulling and weaving.

A new tunnel is being driven to an extension of the Napawan, Temworth and Quebec railway to that village.

Six persons have died in Coe Hill of diphtheria.

At the Board of Health meeting it was decided that the citizens of Madoc be required to get vaccinated within two weeks after notice in the Review.

Mr. Mackintosh, inspector of North Hastings, is anxious for every school in the riding to be represented at the Colonial Exhibition to be held at London next year.

A soap factory has been started near Roseneath.

A fine bag of ore has been discovered in Belmont near Blairton.

On Tuesday Mr. James Petrie was working at a threshing and had his thumb crushed.

TWENTY-FIVE YEARS AGO

November 24, 1910

On Wednesday Mr. Hungerford secured a valuable tale property one mile north of Eldorado.

The Welsh property, on which He-matite ore was discovered has been sold by Mr. Coe to Pennsylvania capitalists.

Mr. and Mrs. Kells gave an enjoyable evening to fifty young people of Queensboro and vicinity in honor of their daughters, Misses Mamie and Gladys.

On Monday evening Madoc I. O. O. F. Lodge presented 25 year jewels to Messrs. Joseph Chambers, James Latimer, Alex. Morris and Charles Smith. The presentation was made by Past Grand J. C. Dale.

Mrs. Norman Green and family have moved from Madoc to take up residence in Zion City, near Chicago.

Mr. Harvey Stewart returned from the west on Monday.

Mr. Percy Maylor of Belleville, is visiting his parents in town.

Rev. Bamforth will preach to the young men on Sunday evening.

Mr. C. O. Bunnett, employed as bookkeeper with Mr. T. L. Nickle, left on Tuesday for his home in Belleville.

Col. D. Young of Kingston, will inspect the Armoury of D Company, 49th Regiment, on November 29th.

Rev. James Rollins, B.A., of London, a native of Madoc, has been called to St. Andrew's Church, Peterborough.

Miss Lily Eldridge of Madoc, has been elected Second Vice-President of Madoc District Epworth League and Mr. LeRoy Dale is Secretary.

FIFTEEN YEARS AGO

November 25, 1920

Mr. James Trotter died suddenly on Monday morning while carrying milk on a farm in Ameliasburg. He had left Madoc only six months ago.

At Mr. McNamara's sale of stock cows sold for \$115.00.

On November 10th at Sunnyside Farm, Ameliasburg, Emily Mildred Fox was married to Harold J. Baker, of Hillier, by Rev. D. G. Monteir.

Miss Helen Tumulty was taken to Kingston General Hospital on Monday for an operation.

Mr. Charles McDonald of Brockville, was called to town last week owing to the death of his mother.

Mr. and Mrs. Casement are leaving soon for a trip to the Pacific Coast. Mr. Thompson of Nalon & Thompson, will act as returning agent in the absence of Mr. Casement.

Mr. E. Downey has accepted a position on the staff of the Dominion Bank, Madoc.

Mr. A. Wilson of the Dominion Bank staff, has been moved to a branch at Cedar Dale, Ont.

Dr. Will Dafeo and his friend, Dr. Robertson of Toronto General Hospital, stayed over night in Madoc, on their way to Montreal for the Varsity-McGill game.

MINING OPERATIONS IN NORTH COUNTRY ATTRACT INTEREST

Mining activities in the northern part of Lennox and Addington and Frontenac Counties have shown a decided impetus within the past few months and the promoters are looking forward to a genuine boom.

The Star Gold Mine, formerly the Star of the East, has been acquired from the Fletcher Estate by the Toronto interests, headed by Messrs. Wm. Stitz and John Driscoll. The old buildings have all been repaired, new roofs built and the road repaired. De-watering operations will start within a short time. Mr. C. L. Falstrom, an experienced mining man, is in charge of the operations, and he is assisted by Mr. M. L. Nolan, carpenter-foreman. Several men have been employed in trenching operations and offices have been remodelled, and the old stamp mill will be torn down, as it does not fit modern requirements.

The assays recently taken show the tailings averaging \$3.00 to \$15.00 a ton, while some of the ore in the shaft has shown gold content as high as \$42.00. At the present time, the shaft has been sunk to a depth of 235 feet and it will be sunk farther to 500 feet. Mineralogists and geologists have taken samples at the mine and all are enthusiastic for the prospects. Sufficient ore will be taken from the various levels to keep a stamp mill operating for two years when de-watering operations have been concluded. Two more claims have already been added to the property.

At the Golden Fleece, which is being operated by Consolidated Smelters, it is reported that sixty men are employed, working in three shifts, and they expect shortly to reach the 500 foot level.

Attempts are also being made to revive interest in the Bay Mines and capital will be available shortly, it is expected. All in all, it looks as though interest in mining is being directed to that area around Flinton, Northbrook and Cloyne, and a real boom may result. — Tweed News.

PRINCE EDWARD OF KENT IS CHRISTENED

The first-born son of the Duke and Duchess of Kent on Wednesday was christened Prince Edward George Nicholas Paul Patrick in the private chapel of Buckingham Palace in the presence of his grandparents, the King and Queen.

The ceremony was performed by the Archbishop of Canterbury, using River of Jordan water dipped from the same golden font from which the infant's great-grandfather, King Edward VII was christened.

Seven in line of succession to the throne, the King's young grandson will be known generally as Prince Edward of Kent. His godparents were the King and Queen, the Prince of Wales, Prince Nicholas of Greece—his maternal grandfather—and the Duke of Connaught, who was represented at the ceremony by Prince Arthur of Connaught.

The Home Secretary, Sir John Simon, was the only official representative present. It is his duty to protect those in line of succession to the throne.

TIME FOR CHRISTMAS SHOPPING

There is no other season in the whole year that keeps its hold on the public so surely and with increasing strength as the Christmas season. Merchants are aware that it is but so many weeks away. In reality it is but a little time removed. The hint is suggestive and is given in time.

If you have Christmas shopping to do, and who has not?—commence it now in a systematic way. The purse strings will stretch longer. The stocks are new and clean, the clerks have plenty of time, and you yourself have time to plan a remembrance to all you would like to.

Moral: Begin your Christmas shopping now.

AWARDED CONTRACT

Messrs. Springer and Beatty, of Campbellford, have been awarded another contract to supply twenty-five hundred tons of crushed rock for a section of No. 7 Highway. The additional contract will employ a number of men for three or four weeks. They are hoping to secure additional work to keep the crusher operating during the early part of the winter months.

Construction of a \$75,000 assembly plant at Wellington, New Zealand, will be commenced immediately by the Ford Motor Company of Canada. Wallace R. Campbell, president, announced on Thursday. This announcement is the direct result of the new treaty between Canada and the sister dominion. The plant will be ready for operation by July 1, 1936.

OLD METHODIST CHURCH IS REMOVED

One of Queensboro's oldest landmarks disappeared this year when the former Methodist church was taken down and the material removed to Bowmanville for building purposes.

The old church has been a vital factor in the history of the village and in its religious and social life for over sixty years.

Built on a hill that cannot be hidden its tower was the first object to catch the eye when approaching the village from any direction.

Some years ago the church records were destroyed by fire, so former members can trust only to memory but it seems quite certain the church was dedicated to the worship of God in the late sixties or the early seventies.

The guest preacher on that occasion was Rev. Dr. William Briggs of Bridge Street Church, Belleville, and the music was furnished by a choir specially trained by Mr. Benjamin Swales, a singing teacher of note and a former member of the Manchester (England) Handel Choir.

One of the functions of the early church life was the annual tea-meeting. A letter written on January 18th 1878 says: "We had a good tea-meeting last Wednesday and made \$55.30 after all charges were paid." Men prominent in politics and business from Belleville and other places were invited to speak and invariably spoke to a crowded house. Needless to say the food was so bountiful as to make modern caterers open their eyes.

The church housed an active and efficient congregation throughout its existence. A long succession of pastors, teachers and worshippers have come and gone through the years. Many have passed into the Great Beyond but their work lives. They were honoured in their generations and have left a memorial of good works and righteous lives.

Others who remain are scattered throughout the Dominion and other countries who were wont to assemble "when'er the sweet church bell pealed over hill and dell." Mingled with their memories of bygone years these will feel real regret at the passing of the old sanctuary.

MILD WINTER, SAYS BIG CHIEF

Although the Meteorological Bureau at Toronto reports that a cold wave is sweeping eastward from Western Canada there is nothing to worry about. It's going to be a mild winter and there won't be much need for overcoats. Rubbers may come in handy but mufflers will be out. This is the prophecy of Chief Sam Snake, of the Ojibway Indians, on the Rama Reserve, and his words are concurred in by Black Hawk, the tribal prophet who himself has seen 72 winters and been busy forecasting them for at least 50.

Chief Sam Snake bases his weather prophecy upon nature's natural barometer, the fur-bearing animals and birds. Last year he proved to be about 90 per cent correct, but this year he aims at a straight 100. He bases his findings upon a number of nature's signs. In a telegram received by H. C. Bourlier, general passenger agent, Canadian National Railways, the chief stated that the geese on their southward journey flew higher than they have for years, a sure sign of an open winter. The foxes and other fur-bearing animals have not donned a heavy coat this fall and the beaver and muskrat do not think that a winter home will be a necessity. Even the fish have not taken to deep water as they would ordinarily, if heavy frosts were promised.

Prophet Black Hawk goes even further than Chief Sam Snake. He predicts that in the north snow will not fall more than a foot in depth. This fact is indicated by the deer, which are scratching their horns on trees and bushes just 12 inches above the ground. Through some strange intuition, Prophet Black Hawk finds that deer invariably select as their scratching mark the depth that subsequent snow will fall. And to clinch his statements the prophet claims that there will be practically no snow fall in the vicinity of Toronto and along the shores of Lake Ontario.

RECOVERS HER SON AFTER 24 YEARS

A 24-year-old search for a son adopted by strangers when he was only a year old has ended at Buffalo for a woman who formerly lived in Toronto.

The mother, Mrs. James Crawford, MacLellan, found her boy waiting for her in front of his own home, to which his mother-in-law had directed her. He is Normal J. Geddis, and the first thing he did after hugging his mother was to present a daughter-in-law and two grandchildren she did not know existed.

THOU SHALT NOT KILL

NEWS AND INFORMATION FOR THE BUSY FARMER

(Furnished by the Ontario Department of Agriculture)

Winter Fair Dates

November 20 to 28—Royal Winter Fair, Toronto.
November 30 to December 7—International Live Stock Exposition, Chicago.
December 3, 4 and 5—Ontario Provincial Winter Fair, Guelph.

Royal Winter Fair

With a record entry of quality stuff representing all phases of Canadian agricultural products and live stock, the "Royal" is all set for a record attendance. This show is in a class by itself. The showing of dairy cattle ranks with the best dairy shows. Then there are the beef cattle, sheep, swine, poultry, grain, roots, vegetables, butter, cheese, dogs, cats, fruit, flowers, all big shows in themselves. There is keen competition in all these classes. Entries from far and near compete. It is the final round-up to compete for Dominion championships. There is entertainment afternoon and evening in the Coliseum that attracts large crowds. Dairy cattle, swine, market classes of cattle and some horses are judged the first week, and the fore part of the second week finds the beef cattle and the Clydesdales in the arena.

When Potatoes Breathe

In the storage of potatoes it has always to be remembered that the potato is a living organism and that there are two periods when respiration may become of practical importance. One of these is immediately after digging and the other a period of several days following a sudden rise in storage temperature. To prevent sweating, special attention should be given to the ventilation of potatoes handled in bulk immediately after digging, and also after sudden rises in temperature following a period of steady cool storage. The lower the storage temperature, the higher will be the initial rate of respiration. Sudden rises and falls in storage temperatures are to be avoided always. The early fall is the time to provide all possible air circulation by keeping ventilators and doors open until there is danger of freezing. On warm days doors should be closed and opened only at night when the air is cooler. The amount of ventilation required is that which will keep the potatoes dry. From early December onwards all ventilators and doors should be closed and protected to prevent the potatoes from being frozen.

Thirty-two teams, of two members each, representing all the boys' and girls' clubs of the provinces, are expected to participate in the contests at the Royal Winter Fair under six projects—dairy cattle, beef cattle, swine, poultry, seed grain and seed potatoes. Each team will have earned the right to compete by having attained the highest standing in the local club and by winning the provincial elimination contest.

Double Apple Exports

It is expected that the export of apples from Ontario this year will be easily double the small one of last year. Greenings, Snows and McIntosh are the varieties being chiefly exported at present. Spy and other winter varieties are mostly stored for later export.

Great improvements have been made in the export of Ontario apples in the past ten years, largely through the efforts of the Ontario Fruit Growers' Association, directed by Secretary P. W. Hodgetts, and their overseas representative, Andrew Fulton.

Large exports of apples are reported from Nova Scotia. To October 16 overseas shipments through Halifax and Port Williams totalled 403,287 barrels. Last year, as of October 23, shipments totalled 299,743 barrels. Thus shipments this year, on what is said to be a smaller crop, have been very much greater than a year ago.

Winners of Boys' Inter-Club Competitions at O. A. C. Meet

On November 7th, one hundred and sixty-six farm boys, representing 83 Boys' Club Projects, vied for the honour of representing the Province of Ontario in the Inter-Provincial Contests, conducted under the auspices of the Canadian Council on Boys' and Girls' Club work at the Royal Winter Fair.

The competitors were the high boys in their respective clubs and were selected on their ability to judge livestock, grain or potatoes and pass an examination based on practical questions pertaining to their project.

During 1935 there were enrolled in the Province 5,746 boys and girls in

425 clubs.

Club work is definite project work for boys and girls between the ages of 12 and 20, and is under the supervision of the Ontario Department of Agriculture.

The Dairy Calf Inter-Club competition was closely contested by seventeen teams, and the honour of winning first place was captured by Iverson Tamblin, Orono and LeRoy Brown, Orono, members of the Durham County Dairy Calf Club; while Lloyd Earl, Merrickville, of the Grenville Calf Club secured second place.

The Beef Calf Club Competition, with seventeen teams contending, was won by John Rickard, Newcastle and Thomas Baker, Hampton, of the Durham County Beef Calf Club and William Hill, Mitchell and Arnold Robinson, St. Marys, of the Perth County Club, finishing second.

The competition for swine clubs was won by the Peterborough Club represented by Ralph Hanbridge, Omenee and Gordon Stalker, Peterborough, with Stanley Lunney, Zephyr, and Hugh Teffy, Cherrywood, of the Ontario County Swine Club winning the second award.

In the Grain Club Competition Stanford Brown, Millbrook, and Gerald Anderson, South Monaghan, of Durham County annexed top place, and William Scott, Perth, and Geo. White, Perth, of Lanark County, followed closely.

Potato Club honours were secured by the Alliston Potato Club of Simcoe County, represented by Fred Gunning, Alliston, and Douglas McKenzie of Alliston, while Morris Darby and Edward French, both of Waverly, also from Simcoe County, finished in second place.

Following the competitions, the competitors, coaches and officials were guests at a dinner in the O. A. C. Cafeteria, at which time the boys were addressed by the Hon. Dr. Marshall, Minister of Agriculture and Dr. George I. Christie, President of the College.

Trophies donated by the "Farmer" to the winners of the Dairy, Beef and Swine Club Contests were presented by the Editor, Mr. C. H. Hodge while the Ontario Field Crop and Seed Growers' Association trophy was presented by Mr. W. R. Reek, Superintendent of the Ridgeway Experimental Farm, to the winning Grain Club team. Mr. J. T. Cassin presented the Ontario Potato Growers' Trophy to the winners of the Potato Club Competition.

UNDERGROUND RETREAT FOR CZARS BUILT FOUR HUNDRED YEARS AGO

An underground retreat built by Russia's Czars 400 years ago and giving a supply of cannon balls, was revealed recently by workers digging an extension of the Moscow subway. The single chamber, large enough to accommodate 200 persons, was situated 65 feet beneath the site of the old Kitai Wall, razed by the Bolsheviks. The wall surrounded inner Moscow, known as the Kitai Gorod, or Fortified City.

Professor Rtemi Arcechevsky of the Academy of History expressed the belief the room was built in 1535.

The remains of the walls and the outer fortress built in the 16th Century, by Czar Feodor and raided in the 18th Century by the Empress Elizabeth were also discovered.

Several months ago subway diggers announced discovery of a subterranean "Heavenly Court" or chamber, in which Ivan the Terrible was reported to have had his victims torn to pieces by bears.

Tombs of princes and other important persons have been found.

Underneath the present park of culture and rest, Archaeologists came upon a habitation which Prof. Arcechevsky said he thought was built in the first century A.D.

1,000 "BARS" TO SELL

MILK NEXT SUMMER

Plans are afoot for installing over a thousand milk bars in Britain by next summer, in towns and cities and popular seaside resorts.

They will, it is estimated, increase the consumption of liquid milk in England and Wales by 1,500,000 gallons a month.

Rt. Hon. R. B. Bennett arriving at Vancouver on Friday, from Calgary, was enroute to California for a holiday. He does not plan to stop anywhere before reaching California.

SUNDAY SCHOOL

CONVENTION HELD

The annual meeting of the Religious Education Council of Centre Hastings comprising the Townships of Rawdon, Huntingdon, Hungerford, Marmora, Madoc and Elzevir was held in Tweed United Church on Wednesday afternoon and evening, November 13th. Delegates were present from the majority of the thirty eight Sunday Schools of Centre Hastings.

The afternoon session, which was presided over by Mr. George Ketcheson of Madoc, County President, opened with a worship service conducted by Rev. I. E. Kennedy of Madoc. Rev. R. R. Nicholson, pastor of the Tweed United Church, extended to the delegates a welcome on behalf of the officials of the church. The president, in his short address, brought greetings to those in attendance.

The opening session was devoted in part to receiving reports from the various county superintendents as follows:

Children's Work—Miss Ida McCaw.
Girls' Work—Mrs. Albert McTaggart.

Boys' Work—Mr. Arthur Wilson.
Young People's Work—Mr. H. V. Hoover.

Adult Department—Mr. W. S. Gordon.

Home Department—Mr. H. Wood.
Teacher Training—Mr. H. Rollins.
Missionary—Mr. Phillip Carr.

Temperance—Mrs. J. McCaffrey.
The convention was fortunate in securing Rev. Dr. W. P. Fletcher of Odessa, Provincial Representative, of the O. R. E. C. as guest speaker. Dr. Fletcher conducted the round table conference during which he offered a number of valuable suggestions to Sunday School workers.

At the conclusion of this excellent discussion, committees were appointed.

Nominating Committee—The Superintendents of the different Sunday Schools represented, and the minister present, with Rev. Mr. Beckel as chairman.

Resolution Committee—Rev. Lowrie and Mr. H. V. Hoover.
These committees met at the conclusion of the afternoon session.

A splendid supper was served by Group Four of the W. A. with Miss M. Kerr in charge. When the supper was concluded Miss Dorothy Sager and Miss Bessie Gordon, B.A., led in community singing and group games, assisted by Rev. William Fletcher of Eldorado.

The evening session opened with a worship service conducted by Rev. W. C. Hoppe Swayne, Rector of St. James' Anglican Church.

Mr. J. F. Baker, secretary-treasurer, gave his report. During the year total receipts had amounted to \$104.89, with expenditures of \$85.99.

The Nominating Committee brought in its report which was adopted on motion of Rev. H. B. Herrington, and Mr. W. S. Gordon. The officers of the organization for 1936 are as follows:

County President—Mr. George Ketcheson, Madoc.

Vice-President—Mr. Ward Holland, Crookston.

Second Vice-President—Mr. Fred Rollins, Queensboro.

Third Vice-President—Mr. Ervine Batenan, Thomasburg.

Fourth Vice-President—Mr. Wm. Johnston, Harold.

Secretary-Treasurer—Mr. J. F. Baker, Bonarlaw.

Assistant Secretary—Mr. H. V. Hoover, Harold.

County Department Superintendents:

Children's Work—Mrs. F. B. Foster, Tweed.

Girls' Work—Mrs. Harper Rollins, Stirling.

Boys' Work—Mr. Arthur Wilson, West Huntingdon.

Young People's Work—Mr. H. V. Hoover, Harold.

Adult Department—Miss Ida McCaw, Queensboro.

Home Department—Mr. Hector Wood, Crookston.

Teacher Training—Rev. H. W. Foley, Springbrook.

Missionary—Mrs. C. Barnett, Tweed.

Temperance—Mrs. J. McCaffrey, Madoc.

The above office's were installed into their offices by Rev. R. R. Nicholson. An invitation to hold the 1936 annual convention in Trinity United Church, Madoc, was unanimously accepted.

Stubby, half cat and half rabbit, pet who shows as much partiality to a meal of lettuce leaf as she does a dish of freshly ground hamburger steak, and as curious in appearance as any of Alice in Wonderland's strange creatures, now owned by Mrs. J. G. Lamarche, of Tyendinaga township, just north of Melrose, is attracting continental attention.

SAVE TO BUY AND BUY TO SAVE

READ THIS HEADLINE FORWARDS OR READ IT
BACKWARDS—IT GIVES YOU THE SAME,
SOUND ADVICE !

You have certain living expenses—rent, food, clothing, light, and other necessities. You save money every week so that these bills can be paid at the first of every month. Whatever else you buy must come from surplus savings, over and above those set apart to cover living costs. To make those savings buy the utmost value for the money is the essence of true economy.

Save to buy — then buy to save. Know what you need to buy before going to the store. Know what you can afford to pay before you start out to make a purchase. This is the one sure way to get the most for your money.

Make it a habit to

Read the Advertisements

in The Review every week. By doing so you will learn where to buy the things you need and where your dollar will buy the greatest value. The advertisements will show you where to purchase better food, better clothes, and yet save you money. They will help you live better and enjoy the good things of life.

They Help You To Buy In Order To Save

FOWL SUPPER HELD AT ACTINOLITE

The annual fowl supper and concert were held on Wednesday evening, November 26th, at Actinolite United Church. A large number from Actinolite, Sulphide, and the surrounding district partook of the splendid supper served by the ladies of the church. The concert which followed was held in the auditorium of the church. Rev. Theo. Smith, pastor, acted in the capacity of chairman and expressed his pleasure at being given the opportunity to welcome the largest crowd in several years.

Rev. Mr. Lowrie of the United Church, Queensboro, gave a brief and humorous address. Rev. M. O. Price, who also spoke, stated that the purpose of the W. A. in holding the entertainment was to raise funds to clean and decorate the interior of the church. Mr. Price spoke of the old church which had served the spiritual needs of the Actinolite people a great many years ago. At that time the membership of the church was 350. A gallery ran across the rear of the church and each Sunday a choir of sixty voices and a band of forty pieces provided the music for the services. At that time, stated Mr. Price, Actinolite was the largest place north of Belleville and between Perth and Peterborough. Twesd was but a suburb of Actinolite and its few people came to the latter place to shop on Saturday night. The present church replaces the former edifice which was burned many years ago, and is one of the most historic buildings in this part of Ontario.

Another item of the programme was the drawing for a quilt. The lucky ticket was drawn by Mr. Price, and was inscribed with the name of Mr. Frank Reid.

The other items of the program included quartette selections by Dr. and Mrs. M. G. Dales and Mr. and Mrs. S. H. Connor; a reading, "The Log House on the Hill," by Clarence Hale; a reading, "The Mustard Seed," by Mrs. O'Rourke, Queensboro; a guitar solo by Ernie Wallace, of Sulphide; and a reading, "If," by Miss Florence Hale.

BANCROFT ROAD TO BE DISCUSSED

The Belleville Chamber of Commerce will sponsor again this winter a course of lectures which will commence early in January. Some consideration was given the matter at the meeting of the Directors of the Chamber on Thursday.

It was reported by the secretary-treasurer, Mr. J. O. Herity, that plans are completed for the dinner and general meeting of the members of the Chamber which will be held at the Queen's Hotel on the evening of Tuesday, November 26th.

At that meeting the Belleville-Bancroft Highway was a principal topic for discussion. Mr. Peter MacLaren, the superintendent, and Chief Engineer of the work, was present and informed the meeting regarding the progress which is being made with this most important project. The guest speaker of the evening was Mr. H. R. Foussette, Canadian Trade Commissioner to England, and what he told the meeting was of great interest.

THURLOW COUPLE WED SIXTY-ONE YEARS

A few rods from the highway down a side street in the village of Plainfield, in a comfortable little home, reside Mr. and Mrs. James Gilbert Latta, who on Tuesday, November 19th, were recipients of many congratulations from a host of friends and relatives who were reminding them that it was the sixty first anniversary of their wedding which took place quietly at the bride's home in the village of Latta, on November 26th, 1874. The ceremony being performed by Rev. Mr. Brilla, Methodist minister on the Plainfield circuit. Both Mr. and Mrs. Latta have lived all their lifetime in the community but have visited friends at different times in various parts of Canada and the United States, having spent some months in the Florida. Mrs. Latta, whose maiden name was Julia Ann Latta, was born in Latta, on February 20, 1854, being in her eightieth year. She does her own housework and has as her hobby the raising of canary birds, having eight which she is caring for at the present time. She is the youngest and only surviving child of ten children born to the late Samuel Latta and Caroline Stapley.

Mr. Latta is a son of the late Gilbert Latta and Margaret O'Donnell and is in his eighty-fourth year. Two children, a son and a daughter, are living: Norman Latta, Dartford; and Mrs. Alfred Wright, Toronto.

COSTS QUINTS \$1,000.00 A MONTH TO LIVE

It costs the Dionne quintuplets nearly \$1,000 a month to live, but, young as they are, the famous five not only earn that sum but a great deal more. This statement is made by Claire Wallace in an article entitled "What's Ahead for the Quints?" in the November 15th number of MacLean's Magazine, in which she tells not only the present huge earnings of the famous Five but also points out what they are likely to earn in the near future. The article states in part:

"If the famed daughters of Mr. and Mrs. Dionne had been born as two, three or even four, their lives would have gone on very much as other children. Being five, that is impossible. Being five, they are worth a great deal of money, and will be worth more every day they can remain five. As their health is so important to their money-producing possibilities—if one died or was discovered to be not quite normal, their pictures would not be in such demand and their earning power would be cut considerably—they cannot be brought up as other girls, allowed the freedom of mixing with other children and taking chances on getting ordinary colds or childish diseases.

"Money-making and upbringing, are the rocks upon which the relatives and guardians have split. Here they have not yet been able to reach an agreement, and only time will solve the difficulties. Olive Dionne believes he should have control of the babies' accumulated funds. While the first board of guardians was in existence—consisting of Olive, his father Oliver, who has since dropped out of the battle and is living quietly in Callander, W. H. Alderson, G. K. Morrison and Dr. Dafoe—the quintuplets' bank account mounted to \$28,000, which, Olive thinks, was pretty good.

When the government stepped in last spring to take charge and appoint its own board of guardians, the latter accepted contracts for the quintuplets that would bring them \$200,000 in the course of a few months or a year. Thus the government is satisfied with the present situation financially, and looks forward to doubling and trebling the babies' wealth within a short time.

"The present financial position of the 12-month-old babies is that, by the spring of 1936, they will have taken in \$200,000 in cash on contracts signed since the Government made them its legal wards. Most of the money has already been turned in; and within a few months all will be placed to their credit. By that time, it is probable that another \$100,000 will be added to the sum, particularly if the children enter the motion-picture business.

"Their money has been made by endorsing foods they use, and by allowing their names and pictures to be used for advertising purposes. Early in the life of the quintuplets the Newspaper Enterprise Association stepped in to capture all photograph rights. It is said they will pay the quintuplets \$50,000 for this privilege, and a royalty on all photographs published. From the N. E. A. the Toronto Daily Star acquired rights to handle all pictures published in Canada, settling with the N. E. A. but also adding many thousands to the quintuplets' bank roll.

"Syrup, milk and cereal firms add now to the income, and as the needs in food and clothing grow greater, it will be possible for the five to endorse more articles and make more and more money.

"Many offers deemed unfair financially or unwise from a health standpoint, are turned down by the Government and board of guardians. Sometimes several a week are refused, for always the health and safety of the babies are weighed before any contracts are undertaken.

"Early in May of this year, the quintuplets' estate was valued at \$150,000, gathered from such sources as the following:

"Pathe Pictures, for making two two-reel films, \$7,974 paid and a balance of over \$22,000 to come.

"N. E. A. for photographic rights, \$3,856 paid, with more to follow.

"Toronto Daily Star, for Canadian photos, \$1,586, more to follow.

"George S. Dingle, for quintuplet tea service, \$15,000.

"Alexander Doll Company, for quilt dolls, \$2,500.

"G. V. Thompson, music publisher, for quintuplet lullaby, \$500.00.

"Carnation Milk, for testimonial, \$2,000.00.

"Lehn and Fink, for Lysol testimonial, \$1,000.

"Merrill Publishing Company, \$100.

"Since then Pathe have made another film of the very young ladies, adding several thousands more to the swelling fund.

"Until the quintuplets were nearly a year old, their expenses were a small

PRESENTATION AND ADDRESS

The home of Mr. and Mrs. Charles Morgan, Minto, was the scene of a happy gathering when a large number of friends gathered and presented their son and his bride, Mr. and Mrs. Harold Morgan (nee Jean McCaughen) with a miscellaneous shower.

Rev. Canon W. E. Swayze of Bonarlaw, presided over the programme and Miss Edith Tanner read the following address.

Harold, Ont., Nov. 19, 1935.
Dear Harold and Jean:

We, your friends and neighbours of this community, have gathered here tonight that we may celebrate with you the happy occasion of your marriage. You, Harold, have grown up among us; during that time we have learned to appreciate your williness and cheerful manner.

To you, Jean, coming as a bride to our community, we extend a hearty welcome and trust as the years pass, you will find us friends, worthy of the name. To you both we extend our most sincere wishes for a long and happy married life.

As a token of our love and best wishes, we ask you to accept these gifts from your friends and neighbors.

Signed on behalf of the community: Muriel Sine, Mrs. J. Donohue, Lorne Hagerman, Ivan Sarles, John Courtney, Clare Tanner, Kenneth Cooke.

The happy couple both suitably replied and thanked their friends for the lovely gifts and invited one and all to pay them a visit.

Among the gifts were a china cabinet, wicker chair, silver, linen, china, and kitchen accessories.

After a delicious lunch all enjoyed a social time tripping the light fantastic to music supplied by Miss Edna Reid, Messrs. Lorne Hagerman, and Thomas Sarles, and others enjoyed a delightful game of cards.

MOLTEN ROCK SPEWS 400 FEET INTO AIR

A scarlet river of lava rolled towards Hilo, Hawaii on Monday, the boiling mass fed by great fountains spouting from a new rift in Mauna Loa Mountain.

The molten rock, spewed 400 feet into the river by the pressure of subterranean gases, followed a bed left by an eruption in 1855 when lava flowed to within five miles of the city.

In places the speed of the flow was estimated by Hawaii National Park staff men at 25 miles an hour. Its pace diminished as it cooled, however, and little fear is felt for the city, separated from Mauna Loa by some forty miles of comparatively flat, rough table lands.

THAT EXPLAINS IT

A Chinese soldier in the course of conversation with a British soldier at Shanghai asked why the British almost always win their battles. "Before going into action," explained the "Tommy," "we always pray." To which the other retorted that the Chinese always pray before a battle. "Yes, but the point is, wot language do yer pray in?" "In Chinese of course." "Well, that explains why yer don't win yer battles, don't it?" "Oo understands Chinese?"—Canadian National Railways Magazine.

Up to the end of October two thousand, three hundred and thirty applications, with first payment for the trip have been made to the Canadian Legion pilgrimage headquarters, Toronto, local officials of the Legion have been advised.

Nurses were furnished free of charge by the Red Cross; doctors all over the world offered to assist Dr. Dafoe without fee; clothes and jewellery poured in from sympathetic and interested members of the public. (There are several hundred dollars worth of gold and silver bracelets, rings and necklaces in the guardian's safekeeping, all donated by the generous public.)

"Now, as they grow older, expenses are increasing. The children pay for nurses, housekeeper and maid, two policemen, all food and clothes, as well as supporting their parents, to the extent of \$100 a month. The itemized account of these expenses has never been made public, and Dr. Dafoe, who has charge of it with Judge Valin, intends that it shall not be given out. Asked if it were true that the nurses are paid nearly \$100 a month each, the doctor said he did not think it fair to divulge the amount of their earnings.

"They receive good money," he said "but they have very responsible positions which keep them busy all day and a good many nights." The nearest I can say is that in wages to the staff and upkeep of their home, it costs the quintuplets nearly \$1,000 a month to live. Sometimes it is a little less than that, but not often."

FRANK A. WHITTALL PRESENTS HOCKEY TIME CLOCK TO WELLINGTON

Frank A. Whittall has discovered a remedy for the petty arguments which occurred during the hockey season last year, centred around lost time and penalties. He has presented the directors of Wellington Arena with a time clock. In a recent talk with Mr. Thomas Cain it was learned that Trenton Arena could also have one of these clocks if the matter were looked into. A time clock would certainly be appreciated.

SERVICE IN MEMORY OF REV. B. F. BYERS, M.A.

The memorial service in honour and memory of the late Rev. B. F. Byers, M.A., which was conducted on Sunday evening, November 17th, in Trinity Church, Frankford, was largely attended by parishioners and other friends of the deceased. The entire service was in keeping with the occasion and Rev. A. S. McConnell, L. Th., in his address, paid high tribute to the sterling qualities of character of the late rector of this parish.

Cut flowers on the altar were placed there by the Ladies' Guild of the church in memory of Mr. Byers.

AS PARTY SEARCHES PROSPECTORS APPEAR

With search parties still combing the woods for them, two elderly prospectors walked into Sudbury on Saturday and denied they had been lost.

Philippe Pilon and Paul Matileu, the two veteran prospectors, were reported missing Monday from their camp in the Chief's Lake area. They were believed lost in the deeply wooded hills with only a sandwich each.

Roland Pilon, son of one of the missing men, headed a search party and throughout Friday kept blowing loud blasts on a trumpet in the hope his father would hear. He was still sounding his horn late Friday night. A snowfall hampered the search on Friday.

CHRISTMAS IS ON ITS WAY

Yes, there are only seven weeks left to plan for your Christmas shopping. Time does slip by quickly. Hours run into weeks so rapidly when everyone is active. It does not seem possible that the time is at hand for people to look about for the annual shopping event. Yet it is a fact. People are now planning their Christmas presents. This means that the merchant who is wide awake is presenting the pleasing merchandise to the customers. It means that the people are expecting to hear from the merchants. What are the local merchants doing to present their claims to the public to buy locally? This is one of the most important questions of the day. It is necessary that every local merchant makes plans to secure a bigger proportion of business this year than he did last year. The big chain stores and departmental stores are working on the plan. Surely the local merchant can find new methods and mediums by which business can be increased. If he is to make a start in building greater business, now is the time to begin. Every local merchant should be alive to the opportunity.

GREAT RUBBER NATION IMPORTS RUBBER PRODUCTS

Brazil, in South America, presents a kind of paradox as regards her rubber industry. One of the world's greatest producers of raw rubber, yet she has to depend for the greater portion of her manufactured rubber requirements from other countries. The United States is the principal source of supply for motor tires and tubes, which make up the larger part of the rubber imports, followed by Canada, Great Britain, Italy, France, Germany, and Japan. Other rubber products come from Germany, the United States, Great Britain, Italy, France, and Canada.

CARD OF THANKS

Mr. and Mrs. John Laffan wish to thank the friends and neighbours who helped them so much in saving their barn at the fire on Sunday last.

MARRIAGES

BENSON-HINES—On Tuesday evening, November 19, 1935, Aletia Irene Hines, youngest daughter of Mrs. M. Hines of Frankford, and Edward Earl Benson, son of Mr. Edward Benson of Ivanhoe, were united in marriage by Rev. John Church at the parsonage, stone church.

MR. AND MRS. TRIPP AND SAMUEL SMILLIE HURT AT TRENTON

An accident which might have been more serious and could have resulted in loss of life, occurred at the C. N. R. crossing on Front street in Trenton, shortly before six o'clock Friday evening when a car driven by Mark Tripp, prominent citizen and merchant of that town, having as passengers Mrs. Mark Tripp, her uncle, Mr. Paul Tripp, five-year-old son of Mr. and Mrs. Tripp, collided with a yard engine proceeding southerly from the north to the downtown station of the C. N. R.

The car was struck with considerable force and thrown to the side of

the tracks. A crowd soon gathered and the unfortunate occupants of the car were quickly removed from the automobile but their injuries were so serious it was necessary to take them to the Belleville General Hospital for treatment after Dr. W. J. Johnston and Jack Farley had rendered first aid at the scene.

Persons from outlying districts came into Callander, the Dionne quintuplets' "home town," reporting they had felt four earth tremors about 6.30 a.m. last Wednesday. The tremors were believed minor after-shocks of the quake that was felt throughout a great part of Eastern North America on November 2nd.

WEDDINGS

WILLIS-CASSAN

marriage of Miss Vera Isa-
Cassan, youngest daughter of
Burke Stephen, and the late
Cassan, to Mr. Edward Willis,
son of Mr. and Mrs. J. J. Willis,
was solemnized on Tues-
day, November 12th, at St. An-
drew's Presbyterian Manse, Bowman-
ville, by the Rev. J. F. Blake of-
ficer.

The bride looked charming in a
of blue chiffon velvet and wore
slippers. Mrs. Iona Dummitt
her sister's maid of honor, and
attired in green chiffon velvet
matching accessories. Mr. La-
sauch, friend of the groom,
as best man.

After the ceremony the young
left amid showers of confetti
and wishes for Oshawa.
The community joins in wishing
the very best of luck and suc-

ALLAIR-CASSIDY

Gregory's Church, Picton, was
scene of a pretty wedding on
Monday morning, November 12th.
Marguerite, youngest daughter
of Mr. and Mrs. William Cassidy,
of Picton, became the bride of Michael
Allair, eldest son of Mr. and Mrs.
Allair of Actinolite. Rev.
Mr. Macdonald officiated.

The bride looked charming in a
of blue and white with a collar of
beaver, and a veil. Her
of brown triple sheer crepe was
length with trimmings of pink
and brilliant buttons. She wore
a suede shoe with stockings and
to match and carried a bou-
of yellow baby mums. She wore
groom's gift, a silver and brilliant
lace. Mrs. Fred Brushey, sister of
the bride, was matron of honor and
a hand, green tulle with collar of
fur, a tulle turban with veil,
black crepe dress with white trim-
ings, shoes and gloves to match.
carried a bouquet of pink and
mums. Mr. Fred Brushey,
of the groom, was groomsmen.
A musical mass followed the cere-
mony, after which the happy couple
traded with relatives and friends.
The bride's home where a dainty
breakfast was served. The table was
actively decorated with red roses,
yellow and white mums, tall
candles and favors. The bride's mo-
re a brown crepe dress with
collar and brown shoes. Miss
Allair, sister of the groom,
attended with serving and was wear-
ing a blue silk dress and accessories.
After the wedding breakfast the
happy couple left on a short honey-
moon to visit the parents and rela-
tives of the groom. They will reside
in Picton.

SARGENT-WHITE

A quiet wedding was solemnized at
United Church Parsonage, Madoc,
Saturday, November 9th, when
Miss Isabel, second daughter of Mr.
Mrs. C. J. White of Bancroft,
became the bride of Thomas Bruce
Sargent of Stenbury, Ont. The bride
was becomingly attired in a gown of
twinkle blue crepe, with hat to
match. The couple were attended by
and Mrs. Fletcher Sargent. They
reside in Stenbury, Ont.

When a box upon which he was
standing, suddenly gave way, Mr. W.
Jackson of Wellington, crashed to the
ground and suffered a fracture of one
of the bones in his leg. Mr. Jackson,
who had recently returned from a
hunting trip to the north woods, was
chasing the trophy of the chase, a
stag, on a hill when the box
suddenly gave way.

Open Thursday Evenings

DOCTORS, NURSES,
DENTISTS FETED
AT BELLEVILLE

On Tuesday, November 19th, medi-
cine, nursing, and dentistry were
feted at the Masonic Temple, Belle-
ville, by Moira Chapter, Royal Arch
Masons, who put on a "Doctors'
Night." Deputy Minister of Health
B. T. McGhie, acted in the absence
of Hon. Dr. Faulkner.

How vitally connected with the
progress of preventive medicine Has-
tings County has been was told by
the Deputy Minister who pointed out
that the first organized effort to
stamp out epidemic in Ontario was
in 1884 during an outbreak of small-
pox in Hungerford in which 204
deaths occurred, thirty per cent of
those who were affected. "This epi-
demic was stamped out by vaccina-
tion of 4,000 persons," said Dr. Mc-
Ghie. His address concerned the
progress of the health preservation of
the Province of Ontario.

The Masonic Temple was a scene of
bustle early as the medical men ar-
rived to assume the mantles of the
officers. After the opening of the
chapter in the chapter room, Dr. F.
M. Dure of Brighton assumed the
office of Master; Dr. Carleton of
Stirling that of Senior Warden; Dr.
Kinnear of Belleville, Junior Warden;
Dr. Stobie, Senior Deacon; Dr. Mc-
Quade of Trenton, Junior Deacon, and
Dr. Walt, of Stirling, Inside Guard.
Dr. G. S. Cronk, who is a companion
of the chapter order, submitted to be
candidate and was given the chapter
initiation at the hands of his doctor
friends as doctors can initiate.

The scenes in the chapter hall
were full of interest but brief as the
banquet gathering was of paramount
interest. In the dining hall a num-
ber of graduate nurses in their uni-
forms were waiting to serve the
tables. The guest of the chapter,
doctors and dentists, and representa-
tives of the nurses filled the main
table and Dr. Dure assumed the
chair. During the banquet the Chap-
ter orchestra under Ex. Comp. H.
McElraith played.

Bro. Bruce Sills brought a musical
saw and an accordion with which
he played several numbers.

Dr. S. Eagleson of Madoc, was
given a poetical introduction by the
chairman, Dr. Dure, who started in
with this verse, "High, Deep and
Heavy Lies the Snow . . ." to in-
troduce the "country doctor."

"I have debated since I have been
here whether this is a medical so-
ciety meeting or a Masonic meeting
but I incline to the belief that it is
a medical society gathering," remarked
Dr. Eagleson. He expressed thanks
for the invitation and welcome given
the Madoc Masons and Companions
who were present and stated that
such gatherings were much to be en-
joyed. He spoke of the country doc-
tor, head of whom he placed Dr.
Allan Dufour, whom he had the honor
of introducing last summer at his
home in Madoc. "The country doctors
never blow their own trumpets, they
are men of quiet disposition," said he.
Cheers were given for the doctors
and nurses, the Masons giving the
Junior Warden's Toast, "Happy to
meet, sorry to part, happy to meet
again," and companions and all join-
ed hands to sing "Auld Lang Syne."

BRIGHT PROSPECTS
FOR THE MARKET

Fox pelts should find a good mar-
ket in England this year, according
to J. P. Forbes, managing director of
the English Brokerage Company,
London Fur Sales, who is on a visit
to the Maritime Provinces looking
over fox ranches. Furs this year
seem to be of better quality than for-
mer seasons.

C. N. R. EARNINGS
CONTINUE UPWARD TREND

The gross revenues of the all-in-
clusive Canadian National Railways
for the week ending November 15th,
1935, were \$3,541,243.00, as compar-
ed with \$3,102,804.00 for the corre-
sponding period of 1934, an increase
of \$438,439.00.

NEW BELGIUM STAMP

The Belgian postal authorities have
announced that they intend to issue
a special stamp in memory of Queen
Astrid who was killed in a motor ac-
cident at Kruessnacht, near Lucerne,
Switzerland, under most tragic cir-
cumstances.

It is announced that it will bear
the portrait of the dead Queen and
will be sold at a slightly higher price
than the ordinary postage stamps in
Belgium. This is only natural but the
human interest in the announcement
lies in the statement that the money
raised by the extra cost of the new
stamp will be devoted to a national
fund for the country's battle against
tuberculosis.

BELLEVILLE MARKET
SATURDAY

What price the Christmas turkey
this year?

Frankly, butchers of Belleville or
farmers who displayed splendid of-
ferings of produce on a largely at-
tended market on Saturday morning
at Belleville do not know. One thing
however, is certain, it was stated by
the majority—turkey this year will
be higher in price than they have
been for years past. On Saturday's
market only an odd bird was offered
for sale. Buying however, was not
brisk at the prices asked, from \$2.50
for a smaller turkey to \$3.00 and
\$3.50 per bird. Other fowl will be
proportionately higher. Butchers of
the city who are being approached by
owners of turkeys express their will-
ingness to buy odd lots but as yet
have not set a price on the birds.
Keen and brisk Christmas trade is
expected.

Butter at 38 cents per pound, or
a two pound roll for 55 cents; eggs
at 40 cents for No. 1 grade, and 30
cents for No. 2's showed little in-
crease in prices asked the previous
week. Butter, however, it was indi-
cated by several, will be selling from 40
to 45 cents per pound before Christ-
mas. Eggs are also expected to be
dearer.

Due to an expected rise in prices
later potatoes were also being
quantities on Saturday by
household. From \$1.00 to \$1.25 per
bag, or 25¢ to 30¢ per peck. Staple ve-
getables sold at 40 cents per peck;
carrots, beets and the rest were re-
tailing at 30 cents per peck.

Chickens, fairly plentiful on the
inside market, were enjoying a fairly
brisk sale, being quoted at from 75
cents to \$1.00 and \$1.25 each, accord-
ing to size. Ducks were a little dear-
er with a few selling at from \$1.00 to
\$1.50.

Unsettled markets due to the re-
cent trade pact between this country
and the United States led this week
to considerable fluctuations in price
of live stock. Saturday beef (cows)
were being quoted at 8 cents on the
hoof and 10 cents dressed by the
butchers. Veal remained about the
same price, while hogs, live, were be-
ing quoted at 7 1/4 and 11 cents
dressed. Lamb was being bought at
15 cents, dressed.

Little pigs on the open market
were slightly higher in price, selling
at from \$5.00 and in some cases \$10.
per pair.

Plentiful offerings of fish were al-
so evident with herring being quoted
at six and eight for 25 cents; suck-
ers at four for 25 cents; pike at 10
cents per pound. Due to their scarcity
only a few lake trout were offered at
18 cents per pound.

MAHARAJAH TO BUY
20,000 RADIO SETS

His Exalted Highness the Nizam of
Hyderabad plans to present a radio
set to each of his 20,000 villages in
celebrating the twenty-fifth year of
his reign next February. Syad Mah-
boob Ali, wireless director for the
Hyderabad government, revealed re-
cently in an interview at the Hotel
New Yorker in New York.

In addition the ruler of the Indian
State, reputedly the wealthiest man
in the world, will construct four mo-
dern radio stations, according to his
wireless director. These will be com-
pleted by the time the silver jubilee
takes place, enabling 15,000,000 sub-
jects to listen to broadcasts in Eng-
lish and the Hindustani, Telugu, Ma-
rahti and Canarese native dialects.

Syad Ali arrived in New York a
few days ago to study American
radio methods and equipment. He
has inspected most of the important
stations of Europe. After leaving
America he will investigate broad-
casting procedure in Japan.

SHARE THE HORSE.
SUGGESTS WRITER

It takes Nellie McClung of Toronto
to make a crisp speech and end on
an amusing note. At the Authors As-
sociation dinner in honour of Jubilee-
distinguished members, she spoke of
the sharing of "equipment" by the
senior and junior writers. "And here
is a story I leave with you."

"A tourist in the West saw an In-
dian jogging on his pony, followed by
a very heavily laden squaw. Look at
that poor woman!" cried the tourist.
"Why don't you do something?"

"The Indian turned and regarded
her as if seen for the first time.
"She hasn't a horse," he said, and
ambled on.

When H. H. Broadway went up
north deer hunting a couple of weeks
ago, he never saw a deer. On Wed-
nesday he started off to work and
saw a fine deer standing on the cor-
ner of Kingston road, and Eastern
Avenue, Toronto. The deer gauded
off at a glance.

COOPER AND REMINGTON
WOMEN'S INSTITUTE

The November meeting of Cooper
and Remington Women's Institute
was held at the home of Mrs. Ernie
Moore on Wednesday afternoon, No-
vember 13th, with an attendance of
thirty-three.

The meeting opened with singing
the Institute Ode, followed with the
Lord's prayer in unison. Minutes of
the last meeting were read and ap-
proved. Roll call was answered with
uses of odds and ends of food, cloth
and soap.

A letter of thanks was then read
from Mrs. William Young for dailies
received. Mrs. Charles, Mrs. W.
Phillips, Mrs. C. Hamilton and Mrs.
W. J. Rollins also thanked the ladies
for remembrance, they had received.
It was moved and seconded that
Mrs. L. Phillips and Mrs. C. Hamilton
call on the Coole children to learn
what clothing they require for win-
ter.

It was moved and seconded that
Mrs. J. Woods, Mrs. D. Fox, Mrs. J.
Rollins and Mrs. Frank Parks be the
committee to arrange for the chicken
supper.

It was moved and seconded that
the secretary order six dozen flat-
ware knives and forks from the T.
Eaton Company.

It was moved and seconded that
the dailies, flatware, Remembrance
Day wreaths, two advertisements to
The Review and refills for the medi-
cine chest be paid for.

Mrs. O. Taylor then gave a Re-
membrance Ray reading. Help On
Club was then responded to. Miss V.
Woods gave an instrumental after
which Mrs. George Harris gave a two
minute talk on peace.

A reading entitled "Should you
be a slave to housekeeping?" was given
by Mrs. John Woods.

Mrs. W. Phillips, convener of Home
Economics, gave a paper on "Beauti-
fying the Home, the Home Garden
and Community for Health and Hap-
piness," which was very interesting.
It was moved and seconded that a
picture of the grandmothers taken
at the Grandmothers' Meeting be
presented to each grandmother pre-
sent at that meeting.

A kitchen contest was then put on
by Mrs. George Harris. Collection
was then taken and amounted to
\$1.43.

The National Anthem was then
sung and the meeting closed with
the Mizpah benediction. Lunch was
then served by the hostess and as-
sistants.

BAKER FOR EVERY

567 IN HOLLAND

There is a bakery for every 567
head of the population in Holland,
where about half of the total bread
baked comes from small bakeries.
Sixty per cent of the wheat used
comes from the Argentine, with Can-
ada holding second place, with about
15 per cent of the total, although it
is believed a good part of that from
the United States is of Canadian or-
igin.

MEETING OF BEULAH
MISSION BAND

The November meeting of the Beu-
lah Mission Band was held in the
church during Sunday School hours.
It was opened by the singing of hymn
No. 174, "The Church's One Founda-
tion," followed by prayer. Psalm 100
was read after which followed the
business. The minutes of the previous
meeting were read and approved.
Collection was taken by the treasurer
and amounted to thirty-eight cents.
The roll call showed thirteen members
present. Wesley Henderson read "A
Home in Africa," (description). The
leader, Mrs. Prest, also read a story
about a girl and boy in Africa.

The meeting was closed after the
distribution of "World Friends," by
the singing of Hymn No. 125, "Faith
of Our Fathers," followed by a
prayer.

SHORTAGE OF SKILLED

WORKERS IN BRITAIN

England, the originator of the ma-
chine age, has had such a rapid me-
chanization of her business and in-
dustry that she has had to have re-
course to importing machines. Her
factories have been unable to keep up
with the demand which returning
prosperity has created, due, in a
large measure, to a shortage of skill-
ed labour. This applies not only to
machine-work but to foundries en-
gaged in supplying the metal for the
machines. So critical has the situation
become with regard to foundries that
a British Foundry School has been
opened to supply trained workers in
metalurgy, factory practice and
foundry management.

Margaret Pickering, one of the last
British nurses to see Nurse Edith
Cavell before she was shot by a Ger-
man firing squad in Brussels, died
recently near Dolgelly, Wales. She
was on Nurse Cavell's staff at Brus-
sels and was with her at the time of
her arrest.

WEEKLY NEWS LETTER FOR THE FARMER

Issued by the Central Experimental Farm, Ottawa, Ont.

Manures and Fertilizers for Vegetable Crops

The use of fertilizers, barnyard manure and green manure in the growth of cabbage and tomatoes has been under investigation at the Central Experimental Farm since 1924. A 4-8-5 fertilizer mixture was applied for early cabbage at the rate of 1,000 pounds per acre; first, alone; second, with an application of 10 tons of barnyard manure per acre; third, following the turning under of a green crop of sweet clover, and, fourth, with barnyard and green manure. The crop of tomatoes following the cabbage was not fertilized.

A summary of the results of this experiment shows that the commercial fertilizer increased the total yield of the cabbage by 45 per cent and of the tomatoes by 106 per cent. Used in conjunction with the fertilizer the turning under of a green sweet clover crop proved of slightly greater benefit to the cabbage crop than an application of 10 tons of manure per acre. With the tomato crop, however, the green manure did not materially increase yields, while barnyard manure gave large increases.

Meal Mixtures for Pigs for Winter

For pigs newly weaned and up to four months of age the following meal mixture is recommended by the animal Husbandry Division: Middlings, 3 parts; oats, 2 parts; shorts, 1 part; bran, 1-2 part. Three pounds of skim-milk or buttermilk per pound of meal mixture should be fed at this stage.

\$5,400,000 INVESTED IN FISHERMEN'S NETS

Taken by itself, the ordinary fishing net may not look to represent much money but the nets used by Canada's commercial fishermen last year were worth nearly \$5,400,000. And, after all, that's a lot of money. Sometimes the amount has been larger.

Of course, there were a good many nets in 1934—nearly 103,650 in fact. Their number suggests how great an amount of money is spent among cordage and net makers because the Dominion has a big fishing industry. Add to the nets the other gear and equipment, the plant, and the supplies of many kinds which the fishermen must have and the fishing industry is seen at once to be an indirect source of employment and earnings to large numbers of artisans who perhaps may never see a fishing boat. There are workers all over Canada who feel in their own pay envelopes the ups-and-downs of the fishermen.

There were gill nets in the 1934 total; substantially more than 70,000 of them; salmon drift nets, more than 12,000 of them, as shown by the records of the Dominion Department of Fisheries; over 16,600 smelt nets; trap nets of various uses; purse seines, drag seines, other seines, dip and roll nets, hoop nets, several other kind of nets. Some of them were worth only a comparatively few dollars each, others were worth several hundred dollars each, and out in British Columbia the equipment included five big salmon trap nets—big, stationary devices of piling and net which are permitted in one part of the province only—which had a value of \$15,000 apiece.

In addition, of course, there were other fish catching devices of various kinds, which have not been taken into the reckoning here. For instance, hundreds of thousands of lobster traps on the Atlantic coast with an aggregate value of more than \$2,100,000. There were weirs for taking different kinds of fish, there were eel traps, crab traps, oyster rakes, scallop drags, fish wheels, to say nothing of enough fishing lines to girdle the Dominion.

As a matter of fact, the fish catching apparatus, the fishing vessels and boats, and plants of various kinds

The following meal mixture is recommended when the pigs are between four and five months old: Shorts, 2 parts; oats, 2 parts; barley, 1 1-2 parts; bran, 1-2 part. With one pound of this mixture feed two pounds of skim-milk or buttermilk.

From the time the pigs are five months old and weigh about 150 pounds, up to market weight, they may be fed the following finishing ration: Shorts, 1 part; oats, 2 parts; barley, 2 parts. With one pound of this mixture, feed one and one-half pounds of skim-milk or buttermilk.

OBITUARY

SAMUEL GEORGE COULTER

Samuel George Coulter, life long resident of Hungerford Township and highly respected in his community, died at the Belleville General Hospital after an illness of three weeks. He was operated on for mastoid and despite splendid medical care, he was unable to withstand the shock. The late Mr. Coulter, after being educated in the Township, took up farming as a profession and was successful in that capacity, at the same time building up a number of intimate friends and neighbours who will sincerely regret his passing.

The deceased was born in Hungerford Township 62 years ago, being the son of the late Hugh and Louise Coulter. He was a member of Bethel United Church and leaves to mourn his loss his wife, formerly Bertha Carleton; one son, Burton at home; four daughters, Mrs. Albert Clare, Mtra; Mrs. Milton Read, Stirling; Mrs. Percy Blakely, Chapman's Corners; Miss Doris at home. Also two brothers, William Addison Coulter, of Foxboro, and Harry Merton Coulter, of Chapman's Corners. Two sisters, Mrs. Fred Blakely, Chapman's Corners, and Mrs. Albert Porter, of Thomasburg.

The funeral was held at Bethel Church on Saturday with interment in Thomasburg Cemetery.

INSIDE STORY TREK TO BE TOLD

The "inside story" of the trek of 2,000 relief camp workers to Ottawa broken after a riot in Regina on Dominion Day, is slated to be laid before the Saskatchewan government's three-man commission investigating violence there on July 1st.

Four prominent leaders of the trek will be called to make statements to the commission.

When D. B. Hogarth, K.C., counsel for the Federal Government and the Royal Canadian Mounted Police asked for notice of procedure in calling witnesses, Frank G. Cunningham, the strikers' counsel, said at least four strike leaders would be called.

Mr. Cunningham said they would be Arthur Evans, Jack Hammill, Geo. Black and Matt Shaw; Evans, out on bail along with others on charges of unlawful assembly, was recognized chief leader of the On-to-Ottawa trek. Hammill was advance agent and Black and Shaw were among Evans' chief lieutenants.

GUN DISCHARGES CLARE RIDLEY INJURES HAND

When the shot gun which he was about to pick up discharged, the full force of the shell hitting his right wrist, Clare Ridley, 16 year old son of Ernie Ridley, Belleville grocer, nearly had his right hand blown off while duck hunting off Cedar Island early Thursday. Young Ridley courageously walked a mile to a nearby farm house, where a kindly farmer drove him to Belleville. Upon arrival at Dr. R. S. McCreary's surgery, that physician immediately rushed the young man to the Belleville General Hospital, where an operation was performed in hopes of saving the young man's right hand.

Nine lead shot gun pellets were removed from the sinews of Ridley's wrist, while a second operation was performed at which time final efforts to save the injured member were made. According to the members of the Ridley family they are quite anxious as to the possibility of whether or not Clare will lose his hand.

K. BALLANTYNE DIES IN HOSPITAL, INQUEST IS BEGUN

As the result of a fractured skull, received when he fell from a 20 foot ladder to the floor of Power House No. 2 while engaged in some work in the interior of the building at Trenton on Thursday, Kenneth Ballantyne, 26, Hydro Electric employee and former resident of Smiths Falls, died early Friday morning in the Belleville General Hospital.

An inquest into the death has been called by Coroner Dr. W. B. Crowe of Trenton, who with the jury visited the scene on Friday.

Following his death, the body of the victim was returned to Trenton, where it is at present resting in the undertaking parlors of Cobley and Son.

used by the industry, represented a total investment last year of approximately \$43,400,000. That was bigger by \$2,465,000, in round figures, than the investment in 1933 but quite a bit below the total in some years when world conditions have been less disturbed and industry generally has been brisker.

Taking your Dollar to Market

EVERY year your family, and every family of your acquaintance, spends about 70 per cent. of its income just for living, exclusive of rent—so economic experts tell us. Think what this means—seven dollars out of every ten invested in food, clothing, household utilities and all the multitude of things that keep a family comfortable and happy.

That part of spending is readily understood. But do you realize that every manufacturer and retailer of these necessities is planning how he can get your dollar?

It's a big job to spend so much money wisely and well. It requires careful business methods to get the best possible returns from each dollar that leaves the family purse.

The clever woman goes for help to the advertisements in her local paper. There she finds a directory of buying and selling. She learns about the offerings of merchants and business people. She compares values. She weighs quality and price. She takes this opportunity of judging and selecting almost everything she needs to feed, clothe, amuse, instruct and generally bring up her family.

Do you read the advertisements? You will find them willing and able to serve you in the business of purchase.

RY O'DONNELL AGAIN REMANDED

Donnell was arrested on November 10, the day after the 20-year-old photographer's body was found in the alley off Gerard Street East.

WAY TO BOIL FISH

It requires approximately eighty-four pounds of fresh salmon to produce forty-eight one pound tins of the canned fish.

A rope and a dog saved Harold

BAD TRACTION ON SLIPPERY ROADS CAUSES FIVE DEATHS

Dozens of other less serious accidents were reported throughout the province, mainly due to the treacherous roadways.

Although he was considered to be making satisfactory progress Wednesday morning, he lapsed into a coma and died at 6.30 p.m. He would have been 76 next December 5th.

In all ages and in all countries those giving out news and information have attracted to themselves attentive audiences; and this is as true today as it was 1000, 2000, 3000 years ago.

Is it not those stores which give out most information about what they have to sell? The public is daily spending money—probably \$2 a day for every man, woman and child in the trading area covered by the circulation of our newspaper—or, say, \$2000 for every 10000 persons. So you can calculate for yourself—you, a retailer, what is spent daily in our own community for food, shelter, clothing and for all other things.

IVANHOE

(Intended for last week)

Mr. and Mrs. C. A. Mits and Roy Mr. and Mrs. Clifford Mitz, visited the former's daughter, Mrs. Warren Arbuckle of Roslin on Sunday.

Mrs. F. J. Blackburn of Orillia, is spending a few days with relatives here.

Miss Francis Harris of Hazzard's, is spending a few days with the Misses Annie and Beattie Fleming.

Miss Hilda Kilpatrick spent Sunday with Miss Edna Reid.

Mr. and Mrs. A. Wood, accompanied by Mr. and Mrs. E. S. Searles of Winton, visited Rev. and Mrs. H. A. Mellow at Gore's Landing on Tuesday.

The Ministerial Association held their meeting at the parsonage on Monday.

Mr. and Mrs. A. Ashley and George of West Huntingdon, were Sunday visitors at the home of Mr. and Mrs. A. Wood.

Mr. and Mrs. Colin Bain have moved into the house recently vacated by Mr. and Mrs. Wesley Reid.

Mr. and Mrs. A. Jones spent a few days last week visiting friends in Whitby and other points.

The Young People's Union held their meeting in the church on Monday evening with a fair attendance. Hymn No. 51 was sung followed with the Lord's prayer repeated in unison. Hymn No. 95 was sung and the scripture lesson was read. The topic was given by Mr. A. Wood, after which Rev. H. Lackey gave a talk on missions. A solo was rendered by Miss Hilda Kilpatrick, accompanied by M. Winton. An instrumental by Mary Lackey; a Bible contest was given by Emma Reid and the Misses benediction closed the meeting.

ELDORADO

(Intended for last week)

Mr. and Mrs. George Wiley have moved into Mrs. MacDougall's house in the village.

The little friends of Miss Doris Farrell will be sorry to learn of her illness.

Special services are being conducted in the United Church this week. Rev. Foley of Springbrook took charge on Monday night.

Mr. and Mrs. Albert Harvey entertained Rev. Fletcher, W. J. and Miss A. Holmes at the tea hour on Sunday last.

Mr. and Mrs. Moore Sandford are spending a time at the home of Mr. W. Sandford.

Mrs. Cecil Blackburn is entertaining her sister, Jean, of Bongari's, for a few days.

Messdames T. E. and Robert Burnside of Madoc, attended the pancake supper in the United Church, Eldorado.

Rev. Fletcher, Mr. W. J. Holmes, Miss A. Holmes, and Mrs. F. Wright attended the County S. S. Convention held in Tweed last Thursday.

WEST HUNTINGDON

The regular monthly meeting of the "Endeavourers" Class of the United Church was held at the home of Mrs. E. Fargy on Tuesday evening. Twenty members were present also a number of visitors and a very profitable time was spent.

Mrs. Elmer Post and young sons have returned home after spending a few days in Stirling.

Mrs. C. McGee and baby Dawn spent Monday with the former's parents here.

Evangelistic services were conducted each evening last week in St. Andrew's Presbyterian Church by a former pastor, Rev. Robinson, now living in Toronto.

A meeting of the young people was held at the home of Miss Georgia Pitman on Friday evening.

Mrs. Melville Donnan called on Mrs. M. A. Adams on Monday afternoon.

Mrs. C. Sills entertained Rev. Robinson to tea on Thursday evening.

Mr. T. Searles and two of his sisters, Mrs. H. Burrell and Mrs. C. McGee, spent Wednesday in Madoc township with their brother and family, Mr. and Mrs. Nelson Searles.

BANNOCKBURN

Mr. A. W. Hunter spent the week-end in Toronto.

Mrs. F. Harris spent a few days in Peterborough last week.

Sixty-one children received Toxoid treatment here Saturday forenoon.

Mrs. B. Hyde has returned home after a few months' vacation.

Mrs. Fred Stapley of Peterborough, and Mrs. Dixon of Belleville, have been guests of Mrs. Harris, Jr.

Mrs. James Simpson is on the sick bed. We hope for a speedy recovery.

Miss Jean O'Brien of Kellar's Mill, is spending a few days with her grandparents, Mr. and Mrs. Wm. Wilson.

QUEENSBORO

Misses Annie and Jennie Thompson left on Friday to spend the winter in Ottawa.

Mr. Roy Rollins returned to Picton after spending a couple of weeks at his home.

Mr. A. W. McGuire visited the school here on Monday.

Mrs. James Cassidy spent Friday afternoon in Cooper.

Mr. and Mrs. Bruce Phillips spent Sunday with Mr. and Mrs. James Groves.

Mr. and Mrs. R. A. Sager were Sunday visitors of Mr. and Mrs. Geo. Holmes at Pineview.

Mr. Jos. McCaw, Sr., spent Thursday with his sister, Miss Ida McCaw.

Mr. and Mrs. Bruce Leslie motored to Ottawa on Friday to spend a few days.

Messrs. John Moore, Sr., and Allan Love motored to Toronto on Friday to visit the Winter Fair.

Miss Margaret Kincaid and friend of Belleville, spent Sunday evening with the former's mother, Mrs. A. Kincaid.

Mr. Allan Holmes and Clayton are spending a few days with relatives in Picton.

Mrs. Frank Parks of Cooper, spent Thursday with Mrs. Ella Holmes and Mrs. Mary Burris.

Messrs. Allan Sager and Charles West, spent the week-end in Toronto also attending the Royal Winter Fair.

Mr. and Mrs. Mac Green of Belleville, visited one day this week at the homes of Miss Ruth Wilson and Mr. Sam Palmer.

Mrs. Arthur Parks of Cooper, and Mrs. Allan McCoy of Remington, spent Wednesday with Mrs. John W. Moore.

The Ladies' Aid of the United Church met at the home of Mrs. W. Tokley on Thursday, November 21st.

The English Church Guild met at the home of Mrs. Irvine Delyea on Thursday, November 21st.

Quite a number of people from here attended the fowl supper at Cooper on Friday night.

COOPER

Mr. and Mrs. Henry Shaw of Eldorado, spent a day last week at the home of Mr. Joseph Rollins.

Mrs. and Mrs. Melvin King and Tharda, of Toronto, spent a few days last week with Mrs. Herb. McCoy.

Miss Marguerite Rollins has returned home after spending a week with relatives in Peterborough.

STIRLING TEAM IS FOURTH IN CONTEST

In competition with nine other teams from various counties of the province, Stirling Agricultural Society judging team has been awarded fourth prize and fourth place at the Ottawa Winter Fair, it is announced in the list of prize awards by Mr. J. A. Carroll, superintendent of the Agricultural Societies Branch, Toronto.

The fourth position carries with it a cash award of \$20.00. This competition was confined to seed judging.

The team was composed of R. Vanderwater, Foxboro, 92 points in wheat judging; Clem Ketcheson, Belleville, R. R. No. 2, 90 points for oat judging; T. B. Watt and Son, Foxboro, 91 points for barley judging; Addison Coulter, Foxboro, 80 points for soy beans and J. M. Carl, Stirling, 94 points for buckwheat. A total of 487 points was gained.

First prize went to Eglinton Agricultural Society team which gained a total of 472 points.

CUBA BUYING MORE GOODS FROM CANADA

Potatoes is the main commodity which Canada sells to Cuba, followed by newsprint, dried codfish, wheat flour, calcium carbide, malt, spruce planks and boards, whisky, needles, and pins of all kinds, aluminum articles, dried pollock, hake and cusk, coal and paints. The market is a steady one and with the rise in buying power which has taken place in Cuba the prospects are that imports from Canada will continue to increase. Last year showed an advance of around 25 per cent over the year previous. Canada buys from Cuba sugar, fresh tomatoes, fresh pineapples, tobacco, molasses, fresh grapefruit, rum, sponges, tiles, hardwoods, containers, fresh vegetables, avocados, mangoes, and other tropical fruits, alcohol, coffee, preserved jellies, etc.

A new form of chain letter has invaded Picton. The one receiving the letter sends a piece of new print of a certain stated size to the person whose name heads the letter, and in turn makes four copies of the letter and sends them to friends. If the chain is unbroken, the letter writer receives eventually enough pieces for a quilt. Since money is not being asked for more people are entering the "contest."

PRESENTATION AND ADDRESS

On Friday evening about sixty friends and neighbours gathered at the home of Mr. Ed. Welsh at Moira, in way of a surprise to the bride and groom, Mr. and Mrs. Gardner Welsh.

About nine o'clock Mr. Henry Emerson called the gathering to order and Miss Ruth Emerson read an address.

They were presented with a beautiful china cabinet after which Mr. and Mrs. Welsh thanked the people for this expression of their kindness in presenting them with such a beautiful and useful gift and asked all to come and visit them in their new home.

After a few short speeches were heard the evening was taken up by music by Mrs. Gardner Welsh and Miss Vera Foster, with guitars and Mrs. Arthur Emerson and Miss Myrtle Wannamaker with violins and a solo by Miss Edna Ketcheson, accompanied by Miss Lily Ketcheson; a selection by Mr. Roland Wannamaker with his guitar; also a solo by Master Glen Morton. They all sang "For They Are Jolly Good Fellows."

The address was as follows:

Dear Gardner and Hazel:

We, your friends and neighbours, have gathered here this evening to offer to you Gardner, our congratulations, and to you, Hazel, our best wishes for a bright and happy future.

You have both been a great help to your community in the past. Hazel, you have given of your time and talent in helping the orchestra and we welcome you to Moira. Though many whom you at first meet may be strangers, we trust that you will regard everyone as your friend. During life's trials and hardships do not become down-hearted, but struggle on full well realizing the truth of that time worn proverb, "Every cloud has a silver lining."

When laden clouds are chill and grey When cold drains color from the sky, I face the bitter East and say, Thank God for it! Thank God for things that sting and smart, That whip the languor from the heart, That brace us for the harder part— Thank God for all.

On behalf of the members of this community we ask you to accept this gift as a small token of the esteem in which you are held.

Signed on behalf of your Moira friends: Ambrose Emerson, Bernard Herity, Willie Collins.

CONFERENCE EXECUTIVE MEETS IN BELLEVILLE

The executive of the Bay of Quinte Conference held a meeting in Bridge Street United Church last week, presided over by Rev. Dr. James Semple as president, and Rev. James Beckel, Stirling, as secretary. Plans were made for the conference to be held in St. Andrew's Church, Oshawa, opening on Tuesday, June 2nd at four o'clock. The special speaker for the conference will be one of the following: Dr. Fisher of Detroit, Dr. Hough of Drew Theological Seminary, Madison, N. J.; Dr. George Buterick, of New York, or Charles Endicott of Saskatoon.

The executive consists of representatives of all the Presbyteries in the bounds of the Conference, with an equal number of ministers and laymen. Reports will be heard from various departments prior to the meeting of the General Council which will be held in Chalmers Church, Oshawa.

MRS. HICKERSON, OF MOUNTAIN VIEW, IS FOUND IN WELL

Mrs. W. J. Hickerson, 56, of Mountain View, Prince Edward County, was found dead in a 27 foot well on her farm shortly after six o'clock on Wednesday evening, after she had been missing from her home the greater part of the day. Dr. H. A. Thompson of Conesecon, Coroner for the district, was at the scene and declared an inquest unnecessary, it being the belief of the Coroner and Provincial Police, who investigated, that the woman took her own life. She had been in ill health for some time and in later weeks has suffered from a nervous breakdown.

BIRTHDAY PARTY

On Monday afternoon of last week the ladies of the Stirling Laurel Lodge, No. 711, gathered at the home of Mrs. George Meggison for a quilting and a surprise party given in her honor as she celebrated her birthday. A short and interesting program was arranged, and during the luncheon a lovely three story cake was brought in. The guests of honor, who was taken completely surprised by the happy gathering, was presented with a beautiful table reflector and a short address was given by Sister Effie Bailey. Mrs. Meggison has been a prominent worker in the activities of the lodge for a number of years and received a large number of congratulations on the occasion of her birthday.

MEETING OF

BETHESDA W. A.

The Women's Association held their November meeting at the home of Mrs. Elmer J. Woods with a very good attendance. The president, Mrs. Ward Holland, opened the meeting with hymn No. 4, followed by the Lord's prayer. The scripture lesson was then read, following a reading by Mrs. Wesley Wickens. The minutes of the last meeting were read and approved. Hymn No. 324 was sung.

Mrs. Geary and Mrs. Ward Holland each read poems which were very interesting. The roll call was then taken, the key word being "Rememberance," which was responded to by all. A reading by Mrs. Elmer Wood entitled "The Muster Roll," was given, followed by singing hymn No. 115, which brought the meeting to a close.

Lunch was served by the hostess and a social half hour was spent.
